#### Staff Review

The first order of business is the call to order and roll call.

The second order of business deals with the vacancy left by Ms. Trisha Sing (Seat 2) resignation from the Board, whose term expires November 2026 and Mr. Brian Keller from Seat 5 whose term is set to expire November 2024. The District's Charter under Chapter 190 F.S. provides the mechanism to replace a member or members who have resigned. Essentially, the remaining members, by majority vote of the Board of Supervisors have the sole responsibility for filling the unexpired term of office of the resigning member(s).

Once the Board appoints individuals to fill these seats, I will take the opportunity to swear those individual(s) into office.

The newly appointed Board member must file a Form 1 – Statement of Financial Interests, which must be filed with the Supervisor of Elections in the County in which he/she resides within thirty (30) days of being seated on this Board.

Additionally, if any of the newly appointed Board member currently sits as member of any other Community Development District(s) Board, you must amend your current Form 1 – Statement of Financial Interests to now include the Esplanade Lake Club Community Development District. The amended form must be filed with the Supervisor of Elections in the County in which you reside within thirty (30) days of being seated on this Board of Supervisors.

The third order of business is the consideration of **Resolution 2024-1**, a Resolution of the Board redesignating the Officers of the Esplanade Lake Club Community Development District. Below are the existing officers for the District:

| Office                | Name of Office Holder |
|-----------------------|-----------------------|
| Chairperson           | Charles Cook          |
| Vice-Chairperson      | VACANT                |
| Assistant Secretary   | Rebekah Norton        |
| Assistant Secretary   | Valerie McChesney     |
| Assistant Secretary   | VACANT                |
| Secretary & Treasurer | James P. Ward         |

The fourth order of business is consideration of the Minutes from the Esplanade Lake Club Board of Supervisors Regular Meeting held on July 13, 2023.

The fifth order of business is the acceptance of the Audited Financial Statements for Fiscal Year 2023, covering the period October 1, 2022, through September 30, 2023. A representative of the Audit Firm Grau & Associates will join the meeting to fully review the audit with the Board.

The sixth order of business is the consideration of **Resolution 2024-2**, a Resolution of the Board of Supervisors Reaffirming, Restating and Re-Establishing the District's adoption of an Electronic Records Policy and a policy on the use of Electronic Signatures; addressing severability, conflicts, and an effective date.

The District is required to adopt policies and procedures to ensure compliance with the Records Management laws for governmental agencies, including CDD's, and to designate a Records Management Liaison Officer (RMLO) that is responsible for the records management systems implemented by the District.

Florida's Records Management Program is a cooperative effort between the Division of Library and Information Services/Bureau of Archives and Records Management and State and Local Government Agencies throughout the State of Florida. The goal of Florida's Records Management Program is to provide professional assistance to State and Local Government Agencies in managing the records and information required to conduct the business of government. Our society generates and processes information on an unprecedented scale, intensified by rapidly advancing technology and complicated by quickly evolving principles of law governing the legality and admissibility of records created or maintained by this technology.

Local governmental agencies must adhere to mandatory standards. One such mandatory standard is Rule 1B-26.003, Florida Administrative Code, Electronic Recordkeeping. This Rule provides standards for the creation, utilization, maintenance, retention, preservation, storage, and disposition of electronic records.

According to the Florida Department of State/Division of Library and Information Services, there are no current notices for Rules Changes for Records Management. However, past notices posted have been:

June 28, 2023 - Records Retention Scheduling and Disposition, Rule 1B-24.003: Adopted Rule

April 6, 2023 - Records Retention Scheduling and Disposition, Rule 1B-24.003: Notice of Proposed Rule

December 27, 2022 - Records Retention Scheduling and Disposition: 1B-24.003: Notice of Development of Rulemaking

Additional records information, as well as the above references, can be found at the Florida Department of State/Division of Library and Information Services website using the following link: <a href="https://dos.fl.gov/library-archives/records-management/general-records-schedules/">https://dos.fl.gov/library-archives/records-management/general-records-schedules/</a>

The seventh order of business is consideration of **Resolution 2024-3**, a Resolution of the Board of Supervisors of the Currents Community Development District that approves the Proposed Budget for Fiscal Year 2023 and sets the public hearing date, time, and location.

The District's enabling legislation requires the District Manager to submit a Proposed Budget to the Board by June 15th of each year for your review and approval. The approval of the budget is only intended to permit the District to move through the process towards adopting the budget at a Public Hearing scheduled for Thursday, July 11, 2024, at 11:00 A.M. at the offices of Atwell Engineering, 28100 Bonita Grande Drive, Suite 304, Bonita Springs, Florida 34135.

The approval of the Budget does not bind the Board to any of the costs contained in the budget, any of the programs contained in the Budget and most importantly it does not bind the Board to the Assessment Rates for the general fund contemplated as a result of the preparation of the Budget.

The public hearing is scheduled for Thursday, July 11, 2024, at 11:00 A.M. at the offices of Atwell Engineering, 28100 Bonita Grande Drive, Suite 304, Bonita Springs, Florida 34135.

The eighth order of business is the consideration of **Resolution 2024-4**, a Resolution of the Board of Supervisors designating a date, time, and location for a landowners' meeting and election; providing for publication; and establishing forms for the landowner's election. The date and time for the landowner's election is Thursday, November 14, 2024, at 11:00 am and it will be held at this location.

The ninth order of business is the consideration of **Resolution 2024-5**, a Resolution of the Board of Supervisors a Resolution of the Board of Supervisors of the Esplanade Lake Club Community Development District implementing section 190.006(3), Florida Statutes, and requesting that the Lee County Supervisor of Elections begin conducting the District's General Elections; Providing for compensation; setting forth the terms of office; authorizing Notice of the Qualifying period; and providing for severability and an effective date.

The tenth order of business is the consideration of **Resolution 2024-6**, a Resolution of the Board of Supervisors, Designating the firm of Holland & Knight LLP, as Bond Counsel; Providing for severability and invalid provisions; providing for conflict and providing for an effective date.

The eleventh order of business are staff reports by the District Attorney, District Engineer, and District Asset Manager, including the Operations Report for February 2024, and March 2024. The District Manager will review important meeting dates for the remainder of the Fiscal Year, as well as the Unaudited Financial Statements for the periods ending January 31, 2024, February 29, 2024, and March 31, 2024.

#### I. HISTORY OF FLORIDA'S ETHICS LAWS

Florida has been a leader among the states in establishing ethics standards for public officials and recognizing the right of citizens to protect the public trust against abuse. Our state Constitution was revised in 1968 to require a code of ethics, prescribed by law, for all state employees and non-judicial officers prohibiting conflict between public duty and private interests.

Florida's first successful constitutional initiative resulted in the adoption of the Sunshine Amendment in 1976, providing additional constitutional guarantees concerning ethics in government. In the area of enforcement, the Sunshine Amendment requires that there be an independent commission (the Commission on Ethics) to investigate complaints concerning breaches of public trust by public officers and employees other than judges.

The Code of Ethics for Public Officers and Employees is found in Chapter 112 (Part III) of the Florida Statutes. Foremost among the goals of the Code is to promote the public interest and maintain the respect of the people for their government. The Code is also intended to ensure that public officials conduct themselves independently and impartially, not using their offices for private gain other than compensation provided by law. While seeking to protect the integrity of government, the Code also seeks to avoid the creation of unnecessary barriers to public service.

Criminal penalties, which initially applied to violations of the Code, were eliminated in 1974 in favor of administrative enforcement. The Legislature created the Commission on Ethics that year "to serve as guardian of the standards of conduct" for public officials, state and local. Five of the Commission's nine members are appointed by the Governor, and two each are appointed by the President of the Senate and Speaker of the House of Representatives. No more than five Commission members may be members of the same political party, and none may be lobbyists, or hold any public employment during their two-year terms of office. A chair is selected from among the members to serve a one-year term and may not succeed himself or herself.

#### II. ROLE OF THE COMMISSION ON ETHICS

In addition to its constitutional duties regarding the investigation of complaints, the Commission:

- Renders advisory opinions to public officials;
- Prescribes forms for public disclosure;
- Prepares mailing lists of public officials subject to financial disclosure for use by Supervisors of Elections and the Commission in distributing forms and notifying delinquent filers;
- Makes recommendations to disciplinary officials when appropriate for violations of ethics and disclosure laws, since it does not impose penalties;
- Administers the Executive Branch Lobbyist Registration and Reporting Law;
- Maintains financial disclosure filings of constitutional officers and state officers and employees; and,
- Administers automatic fines for public officers and employees who fail to timely file required annual financial disclosure.

#### III. THE ETHICS LAWS

The ethics laws generally consist of two types of provisions, those prohibiting certain actions or conduct and those requiring that certain disclosures be made to the public. The following descriptions of these laws have been simplified in an effort to provide notice of their requirements. Therefore, we suggest that you also review the wording of the actual law. Citations to the appropriate laws are in brackets.

The laws summarized below apply generally to all public officers and employees, state and local, including members of advisory bodies. The principal exception to this broad coverage is the exclusion of judges, as they fall within the jurisdiction of the Judicial Qualifications Commission.

Public Service Commission (PSC) members and employees, as well as members of the PSC Nominating Council, are subject to additional ethics standards that are enforced by the Commission on Ethics under Chapter 350, Florida Statutes. Further, members of the governing boards of charter schools are subject to some of the provisions of the Code of Ethics [Sec. 1002.33(26), Fla. However, they may accept the payment of expenses related to an honorarium event from such individuals or entities, provided that the expenses are disclosed. See Part III F of this brochure. [Sec. 112.3149, Fla. Stat.]

Lobbyists and their partners, firms, employers, and principals, as well as political committees and vendors, are prohibited from **giving** an honorarium to persons required to file FORM 1 or FORM 6 and to state procurement employees. A state public officer who abstains, or who votes on a measure which the officer knows would inure to the special private gain or loss of any principal by whom he or she is retained, of the parent organization or subsidiary or sibling of a corporate principal by which he or she is retained, of a relative, or of a business associate, must make every reasonable effort to file a memorandum of voting conflict with the recording secretary in advance of the vote. [Sec. 112.3143, Fla. Stat.]

#### F. DISCLOSURES

Conflicts of interest may occur when public officials are in a position to make decisions that affect their personal financial interests. This is why public officers and employees, as well as candidates who run for public office, are required to publicly disclose their financial interests. The disclosure process serves to remind officials of their obligation to put the public interest above personal considerations. It also helps citizens to monitor the considerations of those who spend their tax dollars and participate in public policy decisions or administration.

All public officials and candidates do not file the same degree of disclosure; nor do they all file at the same time or place. Thus, care must be taken to determine which disclosure forms a particular official or candidate is required to file.

Beginning January 1, 2023, all Form 6 disclosures must be filed electronically through the Commission's electronic filing system. These disclosures will be published and searchable by name and organization on the Commission's website.

CANDIDATES who do not currently hold a position requiring the filing of a Form 1 or Form 6 must register and use the electronic filing system to complete the Form 6, then print and file the disclosure with the officer before whom they qualify at the time of qualifying. [Art. II, Sec. 8(a) and (i), Fla. Const., and Sec. 112.3144, Fla. Stat.]

#### 5. FORM 6F - Final Form 6 Full and Public Disclosure

This is the disclosure form required to be filed within 60 days after a public officer or employee required to file FORM 6 leaves his or her public position. The form covers the disclosure period between January 1 and the last day of office or employment within that year.

#### 6. FORM 9 - Quarterly Gift Disclosure

Each person required to file FORM 1 or FORM 6, and each state procurement employee, must file a FORM 9, Quarterly Gift Disclosure, with the Commission on Ethics on the last day of any calendar quarter following the calendar quarter in which he or she received a gift worth more than \$100, other

than gifts from relatives, gifts prohibited from being accepted, gifts primarily associated with his or her business or employment, and gifts otherwise required to be disclosed. FORM 9 NEED NOT BE FILED if no such gift was received during the calendar quarter.

Information to be disclosed includes a description of the gift and its value, the name and address of the donor, the date of the gift, and a copy of any receipt for the gift provided by the donor. [Sec. 112.3148, Fla. Stat.]

7. FORM 10 - Annual Disclosure of Gifts from Government Agencies and Direct-Support Organizations and Honorarium Event Related Expenses

State government entities, airport authorities, counties, municipalities, school boards, water management districts, and the South Florida Regional Transportation Authority, may give a gift worth more than \$100 to a person required to file FORM 1 or FORM 6, and to state procurement employees, if a public purpose can be shown for the gift. Also, a direct-support organization for a governmental entity may give such a gift to a person who is an officer or employee of that entity. These gifts are to be reported on FORM 10, to be filed by July 1.

The governmental entity or direct-support organization giving the gift must provide the officer or employee with a statement about the gift no later than March 1 of the following year. The officer or employee then must disclose this information by filing a statement by July 1 with his or her annual financial disclosure that describes the gift and lists the donor, the date of the gift, and the value of the total gifts provided during the calendar year. State procurement employees file their statements with the Commission on Ethics. [Sec. 112.3148, Fla. Stat.]

In addition, a person required to file FORM 1 or FORM 6, or a state procurement employee, who receives expenses or payment of expenses related to an honorarium event from someone who is prohibited from giving him or her an honorarium, must disclose annually the name, address, and affiliation of the donor, the amount of the expenses, the date of the event, a description of the expenses paid or provided, and the total value of the expenses on FORM 10. The donor paying the expenses must provide the officer or employee with a statement about the expenses within 60 days of the honorarium event.

The disclosure must be filed by July 1, for expenses received during the previous calendar year, with the officer's or employee's FORM 1 or FORM 6. State procurement employees file their statements with the Commission on Ethics. [Sec. 112.3149, Fla. Stat.]

However, notwithstanding Sec. 112.3149, Fla. Stat., no executive branch or legislative lobbyist or principal shall make, directly or indirectly, and no executive branch agency official or employee who files FORM 1 or FORM 6 shall knowingly accept, directly or indirectly, any expenditure made for the purpose of lobbying. This may include gifts or honorarium event related expenses that formerly were permitted under Sections 112.3148 and 112.3149. [Sec. 112.3215, Fla. Stat.] Similar prohibitions apply to legislative officials and employees. However, these laws are not administered by the Commission on Ethics. [Sec. 11.045, Fla. Stat.] In addition, gifts, which include anything not primarily related to political activities authorized under ch. 106, are prohibited from political committees. [Sec. 112.31485 Fla. Stat.]

#### 8. FORM 30 - Donor's Quarterly Gift Disclosure

As mentioned above, the following persons and entities generally are prohibited from giving a gift worth more than \$100 to a reporting individual (a person required to file FORM 1 or FORM 6) or to a state procurement employee: a political committee; a lobbyist who lobbies the reporting individual's or procurement employee's agency, and the partner, firm, employer, or principal of such a lobbyist; and vendors. If such person or entity makes a gift worth between \$25 and \$100 to a reporting individual or state procurement employee (that is not accepted in behalf of a governmental entity or charitable organization), the gift should be reported on FORM 30. The donor also must notify the recipient at the time the gift is made that it will be reported.

The FORM 30 should be filed by the last day of the calendar quarter following the calendar quarter in which the gift was made. If the gift was made to an individual in the legislative branch, FORM 30 should be filed with the Lobbyist Registrar. [See page 35 for address.] If the gift was to any other reporting individual or state procurement employee, FORM 30 should be filed with the Commission on Ethics.

However, notwithstanding Section 112.3148, Fla. Stat., no executive branch lobbyist or principal shall make, directly or indirectly, and no executive branch agency official or employee who files FORM 1 or FORM 6 shall knowingly accept, directly or indirectly, any expenditure made for the purpose of lobbying. This may include gifts that formerly were permitted under Section 112.3148. [Sec. 112.3215, Fla. Stat.] Similar prohibitions apply to legislative officials and employees. However, these laws are not administered by the Commission on Ethics. [Sec. 11.045, Fla. Stat.] In addition, gifts from political committees are prohibited. [Sec. 112.31485, Fla. Stat.]

#### D. Penalties for Lobbyists and Others

An executive branch lobbyist who has failed to comply with the Executive Branch Lobbying Registration law (see Part VIII) may be fined up to \$5,000, reprimanded, censured, or prohibited from lobbying executive branch agencies for up to two years. Lobbyists, their employers, principals, partners, and firms, and political committees and committees of continuous existence who give a prohibited gift or honorarium or fail to comply with the gift reporting requirements for gifts worth between \$25 and \$100, may be penalized by a fine of not more than \$5,000 and a prohibition on lobbying, or employing a lobbyist to lobby, before the agency of the public officer or employee to whom the gift was given for up to two years. Any agent or person acting on behalf of a political committee giving a prohibited gift is personally liable for a civil penalty of up to triple the value of the gift.

#### E. Felony Convictions: Forfeiture of Retirement Benefits

Public officers and employees are subject to forfeiture of all rights and benefits under the retirement system to which they belong if convicted of certain offenses. The offenses include embezzlement or theft of public funds; bribery; felonies specified in Chapter 838, Florida Statutes; impeachable offenses; and felonies committed with intent to defraud the public or their public agency. [Sec. 112.3173, Fla. Stat.]

# F. Automatic Penalties for Failure to File Annual Disclosure

Public officers and employees required to file either Form 1 or Form 6 annual financial disclosure are subject to automatic fines of \$25 for each day late the form is filed after September 1, up to a maximum penalty of \$1,500. [Sec. 112.3144 and 112.3145, Fla. Stat.]

#### **VI. ADVISORY OPINIONS**

Conflicts of interest may be avoided by greater awareness of the ethics laws on the part of public officials and employees through advisory assistance from the Commission on Ethics.

# A. Who Can Request an Opinion

Any public officer, candidate for public office, or public employee in Florida who is in doubt about the applicability of the standards of conduct or disclosure laws to himself or herself, or anyone who has the power to hire or terminate another public employee, may seek an advisory opinion from the Commission about himself or herself or that employee.

# B. How to Request an Opinion

Opinions may be requested by letter presenting a question based on a real situation and including a detailed description of the situation. Opinions are issued by the Commission and are binding on the conduct of the person who is the subject of the opinion, unless material facts were omitted or misstated in the request for the opinion. Published opinions will not bear the name of the persons involved unless they consent to the use of their names; however, the request and all information pertaining to it is a public record, made available to the Commission and to members of the public in advance of the Commission's consideration of the question.

# C. How to Obtain Published Opinions

All of the Commission's opinions are available for viewing or download at its website: www.ethics.state.fl.us.

# VII. COMPLAINTS

#### A. Citizen Involvement

The Commission on Ethics cannot conduct investigations of alleged violations of the Sunshine Amendment or the Code of Ethics unless a person files a sworn complaint with the Commission alleging such violation has occurred, or a referral is received, as discussed below.

If you have knowledge that a person in government has violated the standards of conduct or disclosure laws described above, you may report these violations to the Commission by filing a sworn complaint on the form prescribed by the Commission and available for download at www.ethics.state.fl.us. The Commission is unable to take action based on learning of such misdeeds through newspaper reports, telephone calls, or letters.

You can download a complaint form (FORM 50) from the Commission's website: www.ethics.state.fl.us, or contact the Commission office at the address or phone number shown on the inside front cover of this booklet.

# B. Referrals

The Commission may accept referrals from: the Governor, the Florida Department of Law Enforcement, a State Attorney, or a U.S. Attorney. A vote of six of the Commission's nine members is required to proceed on such a referral.

# C. Confidentiality

The complaint or referral, as well as all proceedings and records relating thereto, is confidential until the accused requests that such records be made public or until the matter reaches a stage in the Commission's proceedings where it becomes public. This means that unless the Commission receives a written waiver of confidentiality from the accused, the Commission is not free to release any documents or to comment on a complaint or referral to members of the public or press, so long as the complaint or referral remains in a confidential stage.

A COMPLAINT OR REFERRAL MAY NOT BE FILED WITH RESPECT TO A CANDIDATE ON THE DAY OF THE ELECTION, OR WITHIN THE 30 CALENDAR DAYS PRECEDING THE ELECTION DATE, UNLESS IT IS BASED ON PERSONAL INFORMATION OR INFORMATION OTHER THAN HEARSAY.

#### D. How the Complaint Process Works

Complaints which allege a matter within the Commission's jurisdiction are assigned a tracking number and Commission staff forwards a copy of the original sworn complaint to the accused within five working days of its receipt. Any subsequent sworn amendments to the complaint also are transmitted within five working days of their receipt.

Once a complaint is filed, it goes through three procedural stages under the Commission's rules. The first stage is a determination of whether the allegations of the complaint are legally sufficient: that is, whether they indicate a possible violation of any law over which the Commission has jurisdiction. If the complaint is found not to be legally sufficient, the Commission will order that the complaint be dismissed without investigation, and all records relating to the complaint will become public at that time.

In cases of very minor financial disclosure violations, the official will be allowed an opportunity to correct or amend his or her disclosure form. Otherwise, if the complaint is found to be legally sufficient, a preliminary investigation will be undertaken by the investigative staff of the Commission. The second stage of the Commission's proceedings involves this preliminary investigation and a decision by the Commission as to whether there is probable cause to believe that there has been a violation of any of the ethics laws. If the Commission finds no probable cause to believe there has been a violation of the ethics laws, the complaint will be dismissed and will become a matter of public record. If the Commission finds probable cause to believe there has been a violation of the ethics laws, the complaint becomes public and usually enters the third stage of proceedings. This stage requires the Commission to decide whether the law was actually violated and, if so, whether a penalty should be recommended. At this stage, the accused has the right to request a public hearing (trial) at which evidence is presented, or the Commission may order that such a hearing be held. Public hearings usually are held in or near the area where the alleged violation occurred.

When the Commission concludes that a violation has been committed, it issues a public report of its findings and may recommend one or more penalties to the appropriate disciplinary body or official.

When the Commission determines that a person has filed a complaint with knowledge that the complaint contains one or more false allegations or with reckless disregard for whether the complaint contains false allegations, the complainant will be liable for costs plus reasonable attorney's fees incurred by the person complained against. The Department of Legal Affairs may bring a civil action to recover such fees and costs, if they are not paid voluntarily within 30 days.

# E. Dismissal of Complaints At Any Stage of Disposition

The Commission may, at its discretion, dismiss any complaint at any stage of disposition should it determine that the public interest would not be served by proceeding further, in which case the Commission will issue a public report stating with particularity its reasons for the dismissal. [Sec. 112.324(12), Fla. Stat.]

# F. Statute of Limitations

All sworn complaints alleging a violation of the Sunshine Amendment or the Code of Ethics must be filed with the Commission within five years of the alleged violation or other breach of the public trust. Time starts to run on the day AFTER the violation or breach of public trust is committed. The statute of limitations is tolled on the day a sworn complaint is filed with the Commission. If a complaint is filed and the statute of limitations has run, the complaint will be dismissed. [Sec. 112.3231, Fla. Stat.]

# VIII. EXECUTIVE BRANCH LOBBYING

Any person who, for compensation and on behalf of another, lobbies an agency of the executive branch of state government with respect to a decision in the area of policy or procurement may be required to register as an executive branch lobbyist. Registration is required before lobbying an agency and is renewable annually. In addition, each lobbying firm must file a compensation report

with the Commission for each calendar quarter during any portion of which one or more of the firm's

lobbyists were registered to represent a principal. As noted above, no executive branch lobbyist or

principal can make, directly or indirectly, and no executive branch agency official or employee who

files FORM 1 or FORM 6 can knowingly accept, directly or indirectly, any expenditure made for the

purpose of lobbying. [Sec. 112.3215, Fla. Stat.]

Paying an executive branch lobbyist a contingency fee based upon the outcome of any specific

executive branch action, and receiving such a fee, is prohibited. A violation of this prohibition is a first

degree misdemeanor, and the amount received is subject to forfeiture. This does not prohibit sales

people from receiving a commission. [Sec. 112.3217, Fla. Stat.]

Executive branch departments, state universities, community colleges, and water

management districts are prohibited from using public funds to retain an executive branch (or

legislative branch) lobbyist, although these agencies may use full-time employees as lobbyists. [Sec.

11.062, Fla. Stat.]

Online registration and filing is available at www.floridalobbyist.gov. Additional information

about the executive branch lobbyist registration system may be obtained by contacting the Lobbyist

Registrar at the following address:

Executive Branch Lobbyist Registration

IX. WHISTLE-BLOWER'S ACT

In 1986, the Legislature enacted a "Whistle-blower's Act" to protect employees of agencies

and government contractors from adverse personnel actions in retaliation for disclosing information

in a sworn complaint alleging certain types of improper activities. Since then, the Legislature has

revised this law to afford greater protection to these employees.

31

While this language is contained within the Code of Ethics, the Commission has no jurisdiction or authority to proceed against persons who violate this Act. Therefore, a person who has disclosed information alleging improper conduct governed by this law and who may suffer adverse consequences as a result should contact one or more of the following: the Office of the Chief Inspector General in the Executive Office of the Governor; the Department of Legal Affairs; the Florida Commission on Human Relations; or a private attorney. [Sec. 112.3187 - 112.31895, Fla. Stat.]

# X. ADDITIONAL INFORMATION

As mentioned above, we suggest that you review the language used in each law for a more detailed understanding of Florida's ethics laws. The "Sunshine Amendment" is Article II, Section 8, of the Florida Constitution. The Code of Ethics for Public Officers and Employees is contained in Part III of Chapter 112, Florida Statutes.

Additional information about the Commission's functions and interpretations of these laws may be found in Chapter 34 of the Florida Administrative Code, where the Commission's rules are published, and in The Florida Administrative Law Reports, which until 2005 published many of the Commission's final orders. The Commission's rules, orders, and opinions also are available at www.ethics.state.fl.us.

If you are a public officer or employee concerned about your obligations under these laws, the staff of the Commission will be happy to respond to oral and written inquiries by providing information about the law, the Commission's interpretations of the law, and the Commission's procedures.

#### XI. TRAINING

Constitutional officers, elected municipal officers, commissioners of community redevelopment agencies (CRAs), and commissioners of community development districts are required to receive a total of four hours training, per calendar year, in the area of ethics, public

records, and open meetings. The Commission on Ethics does not track compliance or certify providers.

Officials indicate their compliance with the training requirement when they file their annual Form 1 or Form 6.

Visit the training page on the Commission's website for up-to-date rules, opinions, audio/video training, and opportunities for live training conducted by Commission staff.

# Instructions for Completing Form 1

#### **Primary Sources of Income**

[Required by s. 112.3145(3)(b)1, F.S.]

This section is intended to require the disclosure of your principal sources of income during the disclosure period. You do not have to disclose any public salary or public position(s). The income of your spouse need not be disclosed; however, if there is joint income to you and your spouse from property you own jointly (such as interest or dividends from a bank account or stocks), you should disclose the source of that income if it exceeded the threshold.

Please list in this part of the form the name, address, and principal business activity of each source of your income which exceeded \$2,500 of gross income received by you in your own name or by any other person for your use or benefit.

"Gross income" means the same as it does for income tax purposes, even if the income is not actually taxable, such as interest on tax-free bonds. Examples include: compensation for services, income from business, gains from property dealings, interest, rents, dividends, pensions, IRA distributions, social security, distributive share of partnership gross income, and alimony if considered gross income under federal law, but not child support.

#### Examples:

• If you were employed by a company that manufactures computers and received more than \$2,500, list the name of the company, its address, and its principal business activity (computer manufacturing).

2 of 4

- If you were a partner in a law firm and your distributive share of partnership gross income exceeded \$2,500, list the name of the firm, its address, and its principal business activity (practice of law).
- If you were the sole proprietor of a retail gift business and your gross income from the business exceeded \$2,500, list the name of the business, its address, and its principal business activity (retail gift sales).
- If you received income from investments in stocks and bonds, list <u>each individual company</u> from which you derived more than \$2,500. Do not aggregate all of your investment income.
- If more than \$2,500 of your gross income was gain from the sale of property (not just the selling price), list as a source of income the purchaser's name, address and principal business activity. If the purchaser's identity is unknown, such as where securities listed on an exchange are sold through a brokerage firm, the source of income should be listed as "sale of (name of company) stock," for example.
- If more than \$2,500 of your gross income was in the form of interest from one particular financial institution (aggregating interest from all CD's, accounts, etc., at that institution), list the name of the institution, its address, and its principal business activity.

# Secondary Sources of Income

[Required by s. 112.3145(3)(b)2, F.S.]

This part is intended to require the disclosure of major customers, clients, and other sources of income to businesses in which you own an interest. It is not for reporting income from second jobs. That kind of income should be reported in "Primary Sources of Income," if it meets the reporting threshold. You will not have anything to report unless, during the disclosure period:

- 1. You owned (either directly or indirectly in the form of an equitable or beneficial interest) more than 5% of the total assets or capital stock of a business entity (a corporation, partnership, LLC, limited partnership, proprietorship, joint venture, trust, firm, etc., doing business in Florida); and,
- 2. You received more than \$5,000 of your gross income during the disclosure period from that business entity.

If your interests and gross income exceeded these thresholds, then for that business entity you must list every source of income to the business entity which exceeded 10% of the business entity's gross income (computed on the basis of the business entity's most recently completed fiscal year), the source's address, and the source's principal business activity.

#### Examples:

- You are the sole proprietor of a dry cleaning business, from which you received more than \$5,000. If only one customer, a uniform rental company, provided more than 10% of your dry cleaning business, you must list the name of the uniform rental company, its address, and its principal business activity (uniform rentals).
- You are a 20% partner in a partnership that owns a shopping mall and your partnership income exceeded the above thresholds. List each tenant of the mall that provided more than 10% of the partnership's gross income and the tenant's address and principal business activity.

#### Real Property

[Required by s. 112.3145(3)(b)3, F.S.]

In this part, list the location or description of all real property in Florida in which you owned directly or indirectly at any time during the disclosure period in excess of 5% of the property's value. <u>You are not required to list your residences.</u> You should list any vacation homes if you derive income from them.

Indirect ownership includes situations where you are a beneficiary of a trust that owns the property, as well as situations where you own more than 5% of a partnership or corporation that owns the property. The value of the property may be determined by the most recently assessed value for tax purposes, in the absence of a more accurate fair market value.

The location or description of the property should be sufficient to enable anyone who looks at the form to identify the property. A street address should be used, if one exists.

# Intangible Personal Property

[Required by s. 112.3145(3)(b)3, F.S.]

Describe any intangible personal property that, at any time during the disclosure period, was worth more than \$10,000 and state the business entity to which the property related. Intangible personal property includes things such as cash on hand, stocks, bonds, certificates of deposit, vehicle leases, interests in businesses, beneficial interests in trusts, money owed you (including, but not limited to, loans made as a candidate to your own campaign), Deferred Retirement Option Program (DROP) accounts, the Florida Prepaid College Plan, and bank accounts in which you have an ownership

3 of 4 1/9/2024, 9:59 AM

interest. Intangible personal property also includes investment products held in IRAs, brokerage accounts, and the Florida College Investment Plan. Note that the product contained in a brokerage account. IRA, or the Florida College Investment Plan is your asset—not the account or plan itself. Things like automobiles and houses you own, jewelry, and paintings are not intangible property. Intangibles relating to the same business entity may be aggregated; for example, CDs and savings accounts with the same bank. Property owned as tenants by the entirety or as joint tenants with right of survivorship, including bank accounts owned in such a manner, should be valued at 100%. The value of a leased vehicle is the vehicle's present value minus the lease residual (a number found on the lease document).

#### Liabilities

[Required by s. 112.3145(3)(b)4, F.S.]

List the name and address of each creditor to whom you owed more than \$10,000 at any time during the disclosure period. The amount of the liability of a vehicle lease is the sum of any past-due payments and all unpaid prospective lease payments. You are not required to list the amount of any debt. You do not have to disclose credit card and retail installment accounts, taxes owed (unless reduced to a judgment), indebtedness on a life insurance policy owed to the company of issuance, or contingent liabilities. A "contingent liability" is one that will become an actual liability only when one or more future events occur or fail to occur, such as where you are liable only as a guarantor, surety, or endorser on a promissory note. If you are a "co-maker" and are jointly liable or jointly and severally liable, then it is not a contingent liability.

# Interests in Specified Businesses

[Required by s. 112.3145(7), F.S.]

The types of businesses covered in this disclosure include: state and federally chartered banks; state and federal savings and loan associations; cemetery companies; insurance companies; mortgage companies; credit unions; small loan companies; alcoholic beverage licensees; pari-mutuel wagering companies, utility companies, entities controlled by the Public Service Commission; and entities granted a franchise to operate by either a city or a county government.

Disclose in this part the fact that you owned during the disclosure period an interest in, or held any of certain positions with the types of businesses listed above. You must make this disclosure if you own or owned (either directly or indirectly in the form of an equitable or beneficial interest) at any time during the disclosure period more than 5% of the total assets or capital stock of one of the types of business entities listed above. You also must complete this part of the form for each of these types of businesses for which you are, or were at any time during the disclosure period, an officer, director, partner, proprietor, or agent (other than a resident agent solely for service of process).

If you have or held such a position or ownership interest in one of these types of businesses, list the name of the business, its address and principal business activity, and the position held with the business (if any). If you own(ed) more than a 5% interest in the business, indicate that fact and describe the nature of your interest.

#### **Training Certification**

[Required by s. 112.3142, F.S.]

If you are a Constitutional or elected municipal officer appointed school superintendent, a commissioner of a community redevelopment agency created under Part III, Chapter 163, or an elected local officers of independent special districts, including any person appointed to fill a vacancy on an elected special district board, whose service began on or before March 31 of the year for which you are filing, you are required to complete four hours of ethics training which addresses Article II, Section 8 of the Florida Constitution, the Code of Ethics for Public Officers and Employees, and the public records and open meetings laws of the state. You are required to certify on this form that you have taken such training.

Re: Commission on Ethics newly established Electronic Financial Disclosure

Management System ("EFDMS") website registration, Financial Disclosure Forms,

and Required Ethics Training

Beginning January 1, 2024, the Florida Commission on Ethics has enacted new procedures for electronic filing of Financial Disclosure forms for Public Officials, as a means of submitting Forms and updating your Filer contact information.

To access the newly established Electronic Financial Disclosure Management System ("EFDMS"), visit the login page (<a href="https://disclosure.floridaethics.gov/Account/Login">https://disclosure.floridaethics.gov/Account/Login</a>) and watch the instructional video for directions on how to register/confirm registration.

If you have filed a Form 1 before, click "I am a Filer" and follow the prompts.

Instructions, FAQs, and tutorials are available from the dashboard within EFDMS. Additional assistance can be obtained Monday-Friday from 8:00 a.m. until 5:00 p.m. by contacting the Commission directly.

Financial disclosure forms are due on or before July 1, 2024 for the preceding calendar year. A grace period is in effect until September 1. If the disclosure is not filed or postmarked by September 1, an automatic fine of \$25 per day will begin to accrue and will continue to build until the disclosure is filed, or the fine reaches \$1,500.

If you have an annual filing requirement AND will be running for office as a qualified elector in November, then you will need to complete your disclosure in EFDMS and submit your filing electronically to the Commission, then print a verification/receipt for e-filing your form or print a copy of your disclosure to file with your Qualifying Officer packet.

It is imperative that each filer take the time to confirm their registration on the EFDMS site, in order to ensure that the Florida Commission on Ethics has updated and correct contact information. All communication about filing requirements and due dates for filers will be provided via email <u>only</u>. Filers MUST maintain a current email address in EFDMS. By law, failure to maintain a current email address will not qualify as an "unusual circumstance" during an appeal of an automatic fine for failure to timely file a Form.

If the annual form is not submitted via the electronic filing system created and maintained by the Florida Commission on Ethics by September 3, 2024, an automatic fine of \$25 for each day late will be imposed, up to a maximum penalty of \$1,500. Failure to file also can result in removal from public office [s. 112.3145, F.S.].

In addition, failure to make any required disclosure constitutes grounds for and may be punished by one or more of the following: disqualification from being on the ballot, impeachment, removal or suspension from office, or a civil penalty not exceeding \$10,000. [s. 112.317, F.S.].

Also beginning January 1, 2024, all elected local officers of independent special districts, including any person appointed to fill a vacancy on an elected special district board, whose service began on or before March 31st of the year for which you are filing, are now required to complete <u>four (4) hours of Ethics Training each calendar year</u>. The four (4) hours of Ethics Training shall be allocated amongst the following categories:

- two (2) hours of ethics law,
- one (1) hour of Sunshine Law; and
- one (1) hour of Public Records law.

Please note that the four (4) hours of the Ethics Training do not have to be completed all at once. Supervisors will report their 2024 training when they fill out their Form 1 (Statement of Financial Interests) for the 2025 year by checking a box confirming that they have completed the annual Ethics Training.

It is highly recommended that you keep a record of all ethics training used to satisfy the Ethics Training requirements. At present, there is no need to submit a certificate or letter of completion of the Ethics Training. However, the Florida Commission on Ethics ("COE") advises that Supervisors maintain a record in the event they are asked to provide proof of completion of all Ethics Training.

Additionally, you may be solicited by a private organization (Florida Association of Special Districts) – to take their Ethics Training Course on their platform for which there is a fee. You are NOT required to use their services nor pay the fees they charge. There are several free online resources and links to resources that Supervisors might find helpful, including free training for the two (2) hour ethics portion and links to outside trainings which can be used to satisfy the other categories of the Ethics Training. You may take training from any source you choose.

#### **FISCAL YEAR 2024 BUDGET**

Mr. Ward explained the Public Hearing process noting there were two public hearings, the first related to the Budget itself. He explained the Budget was comprised of two parts, the first was the General Fund which covered operations and maintenance activities. He explained the General Fund portion of the budget covered administrative operations, stormwater management (lakes, drainage pipes, etc.), and landscaping. He indicated the overall general fund budget was roughly \$750,000 dollars, up from \$570,000 dollars. He explained the increase was largely due to beginning a reserve fund for capital improvements, hurricane damage, etc. He stated the other big change was in how the assessments were calculated; previously the assessments were calculated by lot size (the smaller the lot size the smaller the assessment), but now the assessments were divided equally between all residents. He explained as the community grew and took on more operations, there was no real nexus to having an assessment tiered to product size as the stormwater management system, outside landscaping, etc., benefited all residents equally. He noted most Districts in the State of Florida used a one rate system for purposes of operations. He reported the other part of the Budget was the Debt Service Fund (or Capital Assessment) which remained the same every year and would remain the same until the bonds were paid in full unless a homeowner chose to pay off the assessment early. He explained homeowners could visit www.EsplanadeLakeClubCDD.org to find the annual assessments, budget, contact information, etc. He welcomed residents to contact himself with questions.

#### I. Public Comment and Testimony

94 95

Mr. Ward called for a motion to open the Public Hearing.

On MOTION made by Brian Keller, seconded by Charles Cook, and with all in favor, the Public Hearing was opened.

Mr. Ward asked if there were any members of the audience present via audio or video with questions regarding the fiscal year 2024 budget.

Mr. Patrick Martone noted the increase in the budget was \$179,000 dollars. He asked who would bear this cost.

Mr. Ward: All units within Esplanade pay their proportion of shares, whether it is a developed lot with a home on it, an undeveloped lot with no home on it, or a vacant piece of property Taylor Morrison may still own. Taylor Morrison still gets assigned the number of units that they own. Everybody pays in Esplanade for your operations and maintenance assessment. At the end of the day, this community at the moment has 653 planned units that will be constructed. I don't know how many are in the ground built or unbuilt at the moment, but whether you live here, or Taylor Morrison owns the vacant lot, everybody still pays the same amount of money.

An unidentified male member of the audience asked about the condos.

Mr. Ward: The condos are at the moment Twin Villa lots. They will be converted to condos or vice versa, and then they will have a rate similar to the Twin Villa lots.

An unidentified male member of the audience: 10:00 (indecipherable).

Mr. Ward: They are going to pay the same rate you pay.

Ms. Shannon Pierce: When I bought in here, I was never told I would be paying the same taxes as someone who lives in a million-dollar home. And that's not fair at all.

Mr. Ward: CDDs generally don't levy ad valorem taxes (taxes based on property values), so whether you live in a million-dollar home or a half a million-dollar home or a \$20 million dollar home, there is no CDD in the state that levies assessments based on property values. Ours is an assessment based upon the services that you provide, not based on property values. So, whether you live in a million-dollar home or a half a million-dollar home, the landscaping is the landscaping, the drainage system is the drainage system. That is the theory behind it. That is different when you live in a city or county. Most of the money they raise is from ad valorem taxes which are based on your property values.

Ms. Pierce: (Indecipherable).

Mr. Ward: The landscaping as I mentioned to you, the internal landscaping is not done by the CDD. That is handled by your homeowner's association whether it's the master or other. We don't do any of that. We only do the landscaping outside of your gated areas that everybody sees.

Esplanade Lake Club Community Development District July 13, 2023 141 An unidentified male member of the audience 12:13: (Indecipherable) look at it, it's two parts, one 142 would be capital assessment, what the builder incurred bringing this together, and we pay that in 143 taxes? 144 Mr. Ward: Yes. 145 146 An unidentified male member of the audience: And then another part to maintain the property? 147 To maintain the islands and drainage system? 148 149 150 Mr. Ward: Yes. 151 An unidentified male member of the audience: This charge goes on our taxes? 152 153 154 Mr. Ward: This goes on the November 2023 tax bills that you all receive from Lee County. 155 156 An unidentified male member of the audience: Doesn't Lee County give us anything for the taxes 157 we pay? In other words, if we didn't have a CDD would Lee County then be responsible for --? 158 159 Mr. Ward: From my experience, I've done Districts for 40 years, hundreds of them across the State 160 of Florida, and I can be a little mean when it comes to cities and counties. So, they do not give you 161 anything when it comes to these kinds of communities, these master plan communities. You can 162

tear it all up and leave it as grass or dirt, and they will maintain that for you, but if you want these kinds of assets, there is no city or county in the state that will do that for you.

Discussion ensued regarding what was maintained by the CDD in the community.

An unidentified male member of the audience 14:28: (Indecipherable).

Mr. Ward: Yes.

An unidentified male member of the audience 14:41: (Indecipherable).

Mr. Ward: That is true. We have an engineer for this District who has not prepared that particular document yet. I simply think because we are still in a construction phase, we can probably get them to prepare something of what we have now, but it changes a lot on a frequent basis, so what you see today will change next year or 3 months or 6 months from now.

An unidentified male member of the audience: (Indecipherable).

Mr. Cook: You can go to the Lee County Property Appraiser website at any point in time. You can actually zoom in on Esplanade Lake Club, click on the various parcels, and they will tell you if the ownership has been conveyed from Taylor Morrison either to the HOA or to the CDD.

An unidentified male member of the audience 16:05: I have submitted questions through contact us and I never get a response. When I email you directly, I get a response right away. But don't we pay someone to monitor the website?

183 184 188 Mr. Ward: I put that up there, but I get more spam from that thing than I get emails from 189 residents, so if I missed it, I do apologize to you for that. It does come to me, but I will tell you the 190 stuff I get through the website – That's why my personal email address and phone number, on that 191 page, is the best way to get me. 192 193 Mr. Ralph 17:06: Mr. Ward, you were nominated or elected? 194 Mr. Ward: Appointed. I am not a part of Taylor Morrison. I have a firm that represents CDDs 195 196 across the State. 197 198 Mr. Ralph \_\_\_\_\_: Mr. Keller, are you a part of Taylor Morrison? Mr. Cook? 199 200 Mr. Keller: Yes. 201 202 Mr. Cook: I am a consultant for them, not an employee. 203 Mr. Ralph : At what point do we take over the CDD? 204 205 206 Mr. Ward: Great question. So, I'll answer the question, but it's not a part of the budget process. The Board Members are elected every two years. So, in November of 2024 will be the next 207 208 election. We have a five member Board, two are not here today and two seats will be up for 209 election in November 2024 that will go to residents; one seat will stay a landowner's election, and 210 then in 2026 we transition two more Board Members to residents, and then in 2028 the last seat 211 will transition to the residents. 212 An unidentified male member of the audience 18:54: According to my calculations, this increase 213 in budget is going to cost each household \$455 dollars a year. Is that true? Is that borne by us? 214 215 216 Mr. Ward: It's borne by everybody who lives in Esplanade Lake Club, whether it's you or Taylor 217 Morrison. 218 219 An unidentified male member of the audience: So, is there a way we could get a summary of why 220 our yearly payment has gone up by \$455 dollars? I realize cost of living and labor, and so forth, 221 but without having to read through the itemized budget, is there a way at a later date you could 222 summarize the reason behind this significant increase. 223 224 Mr. Ward: Sure, I would be glad to do that for you. 225 226 An unidentified male member of the audience: I see the proposed rate here for fiscal year 2024 at 227 \$1,141.78. What is the cap rate of \$1,300? 228 229 Mr. Ward: What the cap rate does is – we gave a mailed notice to you all this year, which means 230 we went over our cap rate. We have to do a public hearing and public notice, but we just don't have to do a mailed letter to everybody if we are under the cap rate. If we hit the cap rate or go 231 232 over it, then we do a mailed notice letter to everyone. We sent a letter this time because we went 233 over the existing cap rate; the \$1,300 dollars is a new cap rate. 234 235 An unidentified male member of the audience: (Indecipherable).

Mr. Ward: It looks like 15% over the actual rate. The Board sets the cap rate. One of the resolutions today will be to adopt that cap rate.

An unidentified male member of the audience: You proposed the \$1,141.78. They established the cap rate which will be 15% or 10% more and the cap rate is set for why?

Mr. Ward: The only thing the cap rate does is make it so we don't have to send out mailed notices every year. We do everything else, just not the mailed notice.

An unidentified male member of the audience: (Indecipherable).

Mr. Ward: The amount for the November 2023 tax bill is \$1,141.78 per year, plus the capital assessment. That's what's on your tax bill. Last year your rates were anywhere from \$860 to \$1,500 dollars based on what size lot you lived in. This year, it's \$1,141.78 for everybody. The total budget went up from \$570,000 dollars to \$750,000 dollars basically. I will tell you that generally in these new communities, you are going to see that increase until all the infrastructure for all the units is constructed, and then you will start to see the assessment rate level off. So, I can't tell you how much it is going to go up by, but I can tell you if we hit the cap rate again, we are going to do the mailed notice again to you all, but you will see changes going up on a year to year basis. It is impossible for me to say by how much. This year, in some of my districts I've seen them go up 40% or 50% just because of Hurricane Ian that blew through last year. You guys got lucky, not in terms of cost, Taylor Morrison paid a significant portion of the hurricane costs for this community, but if you get hit with a hurricane, we don't have any money to fix that kind of stuff, so you are going to see this continue to go up. I just can't tell you whether it's 5% or 10% or 20% or whatever.

An unidentified male member of the audience: Wouldn't the yearly increases be tempered by the continued growth of our community? In other words, next year 100 more homes are going to sell, and 100 more homes are going to be paying into the CDD.

Mr. Keller: We are paying that already.

Mr. Ward: If you remember what I said earlier, Taylor Morrison is paying for those assessments.

An unidentified male member of the audience: This change from lot size to (indecipherable). Does this benefit the builder?

Mr. Ward: No. I can't say it would benefit the builder. I don't know the mix of units that they own versus what you own. It was my recommendation to do this.

Discussion ensued regarding the division of assessments and the number of lots within Esplanade Lake Club.

An unidentified male member of the audience: If we have an issue with the drainage in the property, we go to you?

| Mr. Ward: Yes. You can go to the website. As I said, my personal email and cell phone number are on there. You are welcome to call me, and I pass those on to Richard, and he will get in touch with you to go over whatever issues you may have.  An unidentified male member of the audience: (Indecipherable).  Mr. Keller: Not from your home. Not the lot drainage. It's only stormwater management, so street into the lakes and ponds.  Discussion ensued regarding what landscaping was maintained by the CDD versus the Country; and the drainage managed by the CDD versus the homeowners.  Mr. Ward: Some of you have gutters on your homes and they drain out onto the land and wash out our lake banks. If that does happen, we will repair the lake banks, but we will take your gutter out or you will need to bury it.  Discussion continued regarding what drainage structures were the responsibility of the CDD.  An unidentified female member of the audience: The lighting out front near the entrance is really dark. Is the CDD responsible for that?  Mr. Ward: No. That's your HOA.  An unidentified female member of the audience: The landscaping up against the structural wall, is that the HOA?  Mr. Ward: Inside the wall is HOA; outside the wall is CDD.  Mr. Ward: Inside the wall is HOA; outside the wall is CDD.  Mr. Ward asked if there were any additional questions; hearing none, he called for a motion.  On MOTION made by Charles Cook, seconded by Brian Keller, and with all in favor, the Public Hearing was closed.  Mr. Ward called for a motion to approve the budget beginning October 1, 2023 and ending on September 30, 2024. # **Consideration of Audited Financial Statements**

Consideration of the acceptance of the Audited Financial Statements for the Fiscal Year ended

Mr. Ward introduced Mr. Tony Grau, with Grau and Associates.

Mr. Tony Grau reviewed the Audited Financial Statements for the Fiscal Year ended September 30, 2022. He stated the audit reflected a clean opinion with respect to the financial statements of the District; Grau believed the financial statements were fairly stated in accordance with generally accepted accounting principles. He stated the next section was the management discussion and analysis which was a recap of the financial activity during the Fiscal Year. He indicated on page 4 was the statement of net position with comparative numbers with the prior year in condensed form on the full accrual basis. He reported next was the condensed income statement which showed revenues, expenses, and the change in net position with comparative numbers to the prior year. He reported after that were the

government wide financial statements; first was the balance sheet which showed assets, liability, and net position; then was the statement of activities which showed expenses, and program revenues. He reported next were the governmental funds with the three major funds: the general fund, debt service fund, and capital project fund. He reported the income statement for the funds was on page 11 and on page 13 were the footnotes to the financial statements which were consistent with the prior year. He indicated on page 19 were the capital assets and on page 20 was the long term debt. He reported budget to actual was on page 22. He stated the remainder of the report contained the information required by the State of Florida and the Auditor General, as well as the various reports required under government auditing standards and by the Auditor General. He reported there were no findings and only clean opinions.

Mr. Ward noted the audit was on the CDD's website for review. He asked if there were any questions; hearing none, he called for a motion.

On MOTION made by Brian Keller, seconded by Charles Cook, and with all in favor, the Audited Financial Statements for the Fiscal Year ended September 30, 2022 were accepted for purposes of inclusion in the record.

#### **EIGHTH ORDER OF BUSINESS**

# **Consideration of Resolution 2023-12**

Consideration of Resolution 2023-12, a resolution of the Board of Supervisors of the Esplanade Lake Club Community Development District amending Resolution 2022-09 directing the Chairman and District Staff to request the passage of an Ordinance by Lee County, Florida, amending the District's boundaries, and authorizing such other actions as are necessary in furtherance of that process; authorizing a Funding Agreement; and providing an effective date

Mr. Ward explained this Resolution amended a prior resolution and added the FGCU property into the CDD. This Resolution, we included both the FGCU property again in this resolution and we added lots 549, 550, 551, 552, 553, and 554, which are also a part of Esplanade, but not within the boundaries of the CDD. They will be added to the processing of the ordinance to amend your boundaries.

Mr. Keller: We did get the property documentation signed for the added lots?

*Mr. Ward: We did.* He asked if there were any questions; hearing none, he called for a motion.

On MOTION made by Charles Cook, seconded by Brian Keller, and with all in favor, Resolution 2023-12 was adopted, and the Chair was authorized to sign.

#### NINTH ORDER OF BUSINESS

#### **Consideration of Resolution 2023-13**

Consideration of Resolution 2023-13, a resolution of the Board of Supervisors of the Esplanade Lake Club Community Development District ratifying, confirming, and approving the Interlocal Agreement

with Lee County for Stormwater Improvement Maintenance; providing authorization; addressing conflicts, severability; and providing an effective date

Mr. Ward indicated Resolution 2023-13 ratified, confirmed, and approved the interlocal agreement with Lee County for certain stormwater management improvements. Essentially, there were certain parts of the water management system that drain Alico Road that the County wanted a wider drainage easement on, and certain annual work to be done by the CDD to maintain that pipework that is draining Alico Road through Esplanade Lake Club and go into your large lake. The interlocal agreement does just that. It provides the locations of the drainage structures that we were maintaining but will now be the subject of a wider easement, and an annual process of actually going through and cleaning those pipes and reporting those directly to the County. He asked if there were any questions; hearing none, he called for a motion.

 On MOTION made by Charles Cook, seconded by Brian Keller, and with all in favor, Resolution 2023-13 was adopted, and the Chair was authorized to sign.

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors Esplanade Lake Club Community Development District Lee County, Florida

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund, of Esplanade Lake Club Community Development District, Lee County, Florida ("District") as of and for the fiscal year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2023, and the respective changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
  raise substantial doubt about the District's ability to continue as a going concern for a reasonable
  period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information Included in the Financial Report

Management is responsible for the other information included in the financial report. The other information comprises the information for compliance with FL Statute 218.39 (3) (c) but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Esplanade Lake Club Community Development District, Lee County, Florida ("District") provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2023. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

#### **FINANCIAL HIGHLIGHTS**

- The liabilities of the District exceeded its assets at the close of the most recent fiscal year resulting in a net position deficit balance of (\$5,985,814).
- The change in the District's total net position in comparison with the prior fiscal year was \$(68,808), a decrease. The District's net position decreased during the most recent fiscal year. The majority of the decrease is attributed to the conveyance of infrastructure improvements to other entities. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.
- At September 30, 2023, the District's governmental funds reported combined ending fund balances of \$5,826,234, a decrease of (\$2,535,772) in comparison with the prior fiscal year. A portion of the fund balance is restricted for debt service and capital projects, assigned for subsequent years expenditures and asset restoration, and the remainder is unassigned fund balance which is available for spending at the District's discretion.

#### **OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as the introduction to the District's financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows and liabilities and deferred inflows with the residual amount being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by assessments. The District does not have any business-type activities. The governmental activities of the District include the general government (management) and maintenance functions.

#### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

#### OVERVIEW OF FINANCIAL STATEMENTS (Continued)

#### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental funds with similar information presented for governmental funds with similar information presented for governmental. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three governmental funds for external reporting. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund and capital projects fund, all of which are considered major funds.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

#### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, liabilities exceeded assets at the close of the most recent fiscal year.

Key components of the District's net position are reflected in the following table:

### NET POSITION SEPTEMBER 30,

The District's net position reflects its investment in capital assets (e.g. land, land improvements, and infrastructure) less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to residents; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The restricted portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the District's other obligations.

The District's net position increased during the most recent fiscal year. The majority of the increase represents the extent to which ongoing program revenues exceeded the cost of operations and depreciation expense.

Key elements of the change in net position are reflected in the following table:

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2023 was \$3,205,339. The costs of the District's activities were primarily funded by program revenues. Program revenues, comprised primarily of assessments, increased during the fiscal year as a result of an increase in assessments revenue. The remainder of the current fiscal year revenue is interest revenue. In total, expenses increased from the fiscal year as a result of the conveyance of infrastructure improvements to other entities for ownership and maintenance responsibilities.

#### **GENERAL BUDGETING HIGHLIGHTS**

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2023.

## ESPLANADE LAKE CLUB COMMUNITY DEVELOPMENT DISTRICT LEE COUNTY, FLORIDA NOTES TO FINANCIAL STATEMENTS

#### NOTE 1 - NATURE OF ORGANIZATION AND REPORTING ENTITY

Esplanade Lake Club Community Development District ("District") was created on September 18, 2018 by Ordinance 18-21 of the Lee County, Florida, pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. The Supervisors are elected by the owners of the property within the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes. At September 30, 2023, all of the board members were affiliated with Taylor Morrison Communities (the "Developer").

The Board has the responsibility for:

- 1. Assessing and levying assessments.
- 2. Approving budgets.
- 3. Approving the hiring and firing of key personnel.
- 4. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District is considered to be financially accountable and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

#### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Government-Wide and Fund Financial Statements**

The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment. Operating-type special assessments for maintenance and debt service are treated as charges for services; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

#### Assessments

The District's Assessments are included on the property tax bill that all landowner's receive. The Florida Statutes provide that special assessments may be collected by using the Uniform Method. Under the Uniform Method, the District's Assessments will be collected together with County and other taxes. These Assessments will appear on a single tax bill issued to each landowner subject to such. The statutes relating to enforcement of County taxes provide that County taxes become due and payable on November 1 of the year when assessed or soon thereafter as the certified tax roll is received by the Tax Collector and constitute a lien upon the land from January 1 of such year until paid or barred by operation of law. Such taxes (together with any assessments, being collected by the Uniform Method) are to be billed, and landowners in the District are required to pay all such taxes and assessments, without preference in payment of any particular increment of the tax bill, such as the increment owing for the District's Assessments. Upon any receipt of moneys by the Tax Collector from the Assessments, such moneys will be delivered to the District.

All city, county, school and special district ad valorem taxes, non-ad valorem special assessments and voter-approved ad valorem taxes levied to pay principal of and interest on bonds, including the District Assessments, that are collected by the Uniform Method are payable at one time. If a taxpayer does not make complete payment of the total amount, he or she cannot designate specific line items on his or her tax bill as deemed paid in full and such partial payment is not to be accepted and is to be returned to the taxpayer, provided, however that a taxpayer may contest a tax assessment pursuant to certain conditions in Florida Statutes and other applicable law.

Under the Uniform Method, if the Assessments are paid during November when due or at any time within thirty (30) days after the mailing of the original tax notice or during the following three months, the taxpayer is granted a variable discount equal to 4% in November and decreasing one percentage point per month to 1% in February. March payments are without discount. Pursuant to Section 197.222, Florida Statutes, taxpayers may elect to pay estimated taxes, which may include non-ad valorem special assessments such as the District's Assessments in quarterly installments with a variable discount equal to 6% on June 30 decreasing to 3% on December 31, with no discount on March 31. All unpaid taxes and assessments become delinquent on April 1 of the year following assessment, and the Tax Collector is required to collect taxes prior to April 1 and after that date to institute statutory procedures upon delinquency to collect assessed taxes. Delay in the mailing of tax notices to taxpayers may result in a delay throughout this process.

Certain taxpayers that are entitled to claim homestead tax exemption under Section 196.031(1), Florida Statutes may defer payment of a portion of the taxes and non-ad valorem assessments and interest accumulated on a tax certificate, which may include non-ad valorem special assessments. Deferred taxes and assessments bear interest at a variable rate not to exceed 7%. The amount that may be deferred varies based on whether the applicant is younger than age 65 or is 65 years old or older; provided that applicants with a household income for the previous calendar year of less than \$10,000 or applicants with less than the designated amount for the additional homestead exemption under Section 196.075, Florida Statutes that are 65 years old or older may defer taxes and assessments in their entirety.

#### Assessments

Collection of Delinquent Assessments under the Uniform Method is, in essence, based upon the sale by the Tax Collector of "tax certificates" and remittance of the proceeds of such sale to the District for payment of the Assessments due.

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The District reports the following major governmental funds:

#### General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

#### **Debt Service Fund**

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

#### Capital Projects Fund

This fund accounts for the financial resources to be used for the acquisition or construction of major infrastructure within the District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

#### Assets, Liabilities and Net Position or Equity

#### Restricted Assets

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

#### **Deposits and Investments**

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due.

The District records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or reported at fair value as required by generally accepted accounting principles.

#### **Inventories and Prepaid Items**

Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### Assets, Liabilities and Net Position or Equity (Continued)

#### Capital Assets

Capital assets which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

| <u>Assets</u>                            | <u>Years</u> |
|--|--------------|
| Stormwater improvements                  | 25           |
| Road and street facilities - paving      | 20           |
| Other physical environment - landscaping | 15           |

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

#### **Unearned Revenue**

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

#### **Long-Term Obligations**

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized ratably over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

#### Fund Equity/Net Position

In the fund financial statements, governmental funds report non spendable and restricted fund balance for In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

#### Assets, Liabilities and Net Position or Equity (Continued)

#### Fund Equity/Net Position (Continued)

The District can establish limitations on the use of fund balance as follows:

<u>Committed fund balance</u> – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

<u>Assigned fund balance</u> – Includes spendable fund balance amounts established by the Board of Supervisors that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board may also assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

#### **Other Disclosures**

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

#### **NOTE 3 - BUDGETARY INFORMATION**

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year-end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- b) A public hearing is conducted to obtain public comments.
- c) Prior to October 1, the budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District Board, and in certain instances the District Manager.
- e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
- f) Unused appropriations for annually budgeted funds lapse at the end of the year.

#### **NOTE 4 - DEPOSITS AND INVESTMENTS**

#### **Deposits**

The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

#### **Investments**

The District's investments were held as follows at September 30, 2023:

|                   | Am           | ortized cost | Credit Risk | Maturities |
|-------------------|--------------|--------------|-------------|------------|
| US Bank Gcts 0490 | \$           | 5,499,365    | N/A         | N/A        |
|                   | \$ 5,499,365 |              |             |            |

Credit risk – For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk – The District places no limit on the amount the District may invest in any one issuer.

*Interest rate risk* – the bond indenture determines the allowable investments and maturities, while any surplus funds are covered by the alternative investment guidelines and are generally of a short duration thus limiting the District's exposure to interest rate risk.

The Bond Indenture limits the type of investments held using unspent proceeds. The District's investments listed above meet these requirements under the indenture.

Fair Value Measurement – When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- Level 1: Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- Level 2: Investments whose inputs other than quoted market prices are observable either directly or indirectly; and,
- Level 3: Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. Accordingly, the District's investments have been reported at amortized cost above.

The infrastructure intended to serve the District has been estimated at a total cost of approximately \$23,228,317. The infrastructure will include roadways and roadway improvements, landscaping, hardscaping, irrigation improvements, stormwater management systems, irrigation improvements, sanitary sewer collections systems, and water distribution systems. In addition, the project will include an amenity center that will be constructed and operated by others. A portion of the project costs was expected to be financed with the proceeds from the issuance of Bonds with the remainder to be funded by the Developer or with additional bond issuances. During the current fiscal year, the District paid the Developer \$2,895,415 for the acquisition of infrastructure improvements. The District conveyed \$1,665,364 to other governmental entities during the current fiscal year and \$7,566,096 over the course of prior fiscal years. All of the current year additions to infrastructure improvements were acquired from the Developer. See Note 12 – Subsequent Events for additional infrastructure improvements acquired from the Developer subsequent to fiscal year end.

Depreciation expense was charged to the maintenance and operations function.

#### **NOTE 6 - LONG TERM LIABILITIES**

On December 20, 2019, the District issued \$22,305,000 of Capital Improvement Revenue Bonds, Series 2019A-1 and Series 2019A-2, consisting of multiple term bonds with due dates ranging from May 1, 2025 to May 1, 2050 and fixed interest rates ranging from 3.250% to 4.125%. The Bonds were issued to finance a portion of the cost of acquiring, constructing and equipping public assessable infrastructure and improvements for the Series 2019 Project. Interest is paid semiannually on each May 1 and November 1, commencing May 1, 2020. Principal on the Series 2019 Bonds is paid serially commencing on November 1, 2021 through November 1, 2050.

The Series 2019 Bonds are subject to redemption at the option of the District prior to their maturity as set forth in the Bond Indenture. The Series 2019 Bonds are also subject to extraordinary mandatory redemption prior to their selected maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture. This occurred during the current fiscal year as the District collected assessments from lot closings and prepaid \$1,315,000 of the Series 2019A-2 Bonds. See Note 12 - Subsequent Events for additional call amounts subsequent to the fiscal year end.

#### **NOTE 6 - LONG TERM LIABILITIES (Continued)**

The Bond Indenture established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District was in compliance with the requirements at September 30, 2023.

Changes in long-term liability activity for the fiscal year ended September 30, 2023 were as follows:

#### **NOTE 7 – DEVELOPER TRANSACTIONS**

The Developer owns a portion of land within the District; therefore, assessment revenues in the general and debt service funds include the assessments levied on those lots owned by the Developer.

#### **NOTE 8 - CONCENTRATION**

The District's activity is dependent upon the continued involvement of the Developer, the loss of which could have a material adverse effect on the District's operations.

#### **NOTE 9 – MANAGEMENT COMPANY**

The District has contracted with a management company to perform management services, which include financial and accounting services. Certain employees of the management company also serve as officers (Board appointed non-voting positions) of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, and other administrative costs.

#### **NOTE 10 - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There were no settled claims during the past three years.

#### NOTE 11 - INTERLOCAL COST-SHARING AGREEMENT

During the current year the District entered into a cost sharing agreement with Miromar Lakes Community Development District ("Miromar Lakes") in order to split costs associated with the maintenance of a certain lake that is shared by the District and Miromar Lakes. The District and Miromar Lakes agree to allocate the proposed cost and expense of any approved project on a proportional basis based upon the units that each Party intends to assess within its boundaries in its upcoming fiscal year for annual operation and maintenance assessments as compared to the total number of units that the Parties intend to collectively assess for annual operation and maintenance assessments in the upcoming fiscal year.

The initial project addressed under this agreement for the fiscal year commencing October 1, 2022, through September 30, 2023, relates to the restoration of the fish ecosystem of the shared lake (the "Fisheries Plan"). The allocation of the cost of the Fisheries Plan will be 28.77% for the District and 71.23% for Miromar Lakes.

#### **NOTE 12 - SUBSEQUENT EVENTS**

#### **Bond Payments**

Subsequent to fiscal year end, the District prepaid a total of \$155,000 of the Series 2019A-2 Bonds. The prepayments were considered extraordinary mandatory redemptions as outlined in the Bond Indenture.

#### **Developer Transactions**

Subsequent to fiscal year end, the District paid the Developer \$4,635,164 for the acquisition of infrastructure improvements.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors Esplanade Lake Club Community Development District Lee County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Esplanade Lake Club Community Development District, Lee County, Florida ("District") as of and for the fiscal year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our opinion thereon dated December 28, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

  - Substantiate that security procedures prevent unauthorized addition, modification, or deletion of a record and ensure systems are protected against such problems as power interruptions.
  - c. Identify the electronic media on which records are stored throughout their life cycle, the maximum time span that records remain on each storage media, and the official retention requirements as approved by the Division of Library and Information Services.
- **8. #### Rule 1B-26.003, Florida Administrative Code

#### 1B-26.003 Electronic Recordkeeping.

- (1) These rules provide standards for record copies of public records which reside in electronic form. These requirements must be incorporated in the system design and implementation of new systems and enhancements to existing systems in which electronic records reside. Public records are those as defined by Section 119.011(12), F.S.
- (2) These rules are applicable to all agencies as defined by Section 119.011(2), F.S., and establish minimum requirements for the creation, utilization, maintenance, retention, preservation, storage and disposition of electronic record copies, regardless of the media.
- (3) Electronic recordkeeping systems and practices in use at the effective date of this rule that are not in compliance with the requirements of this rule may be used until the systems or practices are replaced or upgraded. New and upgraded electronic recordkeeping systems and practices created or implemented after the effective date of this rule shall comply with the requirements contained herein. If an agency cannot practicably achieve compliance with this section in relation to an upgraded system, the agency shall document the reason why it cannot do so.
  - (4) For the purpose of these rules:
- (a) "Checksum" means a hashing algorithm or procedure for checking that electronic records have not been altered by transforming a string of characters into a usually shorter fixed-length "hash value" or key that represents the original string.
  - (b) "Database" means an organized collection of automated information.
- (c) "Database management system" means a set of software programs that controls the organization, storage and retrieval of data (fields, records and files) in a database. It also controls the security and integrity of the database.
- (d) "Digital signature" means a type of electronic signature (any letters, characters, or symbols executed with an intent to authenticate) that can be used to authenticate the identity of the sender of a message or the signer of a document and to ensure that the original content of the message or document that has been sent is unchanged. Digital signatures can be created through checksums.
  - (e) "Electronic record" means any information that is recorded in machine readable form.
- (f) "Electronic recordkeeping system" means an automated information system for the organized collection, processing, transmission and dissemination of information in accordance with defined procedures.
- (g) "Logical access controls" means those administrative controls and permissions allowing or limiting user access to a system's records and resources.
- (h) "Metadata" means structured or semi-structured data about records that enables identification, access, use, understanding and preservation of those records over time.
- (i) "System design" means the design of the nature and content of input, files, procedures and output, and their interrelationships.
- (j) "Permanent or long-term records" means any public records as defined by Section 119.011(12), F.S., which have an established retention period of more than 10 years.
  - (k) "PPI" means pixels per inch and is the measurement of digital pixels on a screen or file.
  - (I) "Record copy" means public records specifically designated by the custodian as the official record.
- (m) "Geographic information system" means a computer system for capturing, storing, checking, integrating, manipulating, analyzing and displaying data related to positions on the Earth's surface.
- (n) "Open format" means a data format that is defined in complete detail, allows transformation of the data to other formats without loss of information, and is open and available to the public free of legal restrictions on use.
- (o) "Unicode" means the universal character encoding standard maintained by the Unicode Consortium, providing the basis for processing, storage, and interchange of text data in any language in all modern software and information technology protocols.
- (5) Agencies shall develop and maintain adequate and up-to-date technical and descriptive documentation for each electronic recordkeeping system to specify characteristics necessary for reading or processing the records. Documentation for electronic records systems shall be maintained in electronic or printed form as necessary to

ensure access to the records. The minimum documentation required is:

- (a) A narrative description of the system, including all inputs and outputs of the system; the organization and contents of the files and records; policies on access and use; security controls; purpose and function of the system; update cycles or conditions and rules for adding information to the system, changing information in it, or deleting information; and the location and media in which electronic records are maintained and their retention requirements to ensure appropriate disposition of records in accordance with Chapter 1B-24, F.A.C.
  - (b) The physical and technical characteristics of the records, including:
- 1. A record layout or markup language that describes each file or field including its name, size, starting or relative position, and description of the form of the data (such as alphabetic, decimal or numeric), or
- 2. A data dictionary or the equivalent information associated with a database management system including a description of the relationship between data elements in databases;
- (c) For information coming from geographic information systems, the physical and technical characteristics of the records must be described including a data dictionary, a quality and accuracy report and a description of the graphic data structure, such as recommended by the federal Spatial Data Transfer Standards; and,
  - (d) Any other technical information needed to read or process the records.
- (6) Electronic recordkeeping systems that maintain record copies of public records on electronic media shall meet the following minimum requirements:
  - (a)1. Provide a method for all authorized users of the system to retrieve desired records;
- 2. Provide an appropriate level of security to ensure the integrity of the records in accordance with the requirements of Chapter 282, F.S. Security controls should include, at a minimum, physical and logical access controls, backup and recovery procedures, and training for custodians and users. Automated methods for integrity checking should be incorporated in all systems that generate and use official file copies of records. Checksums and digital signatures should be considered for all official file copies of electronic records. The use of automated integrity controls, such as checksums and digital signatures, can reduce the need for other security controls. Checksums used to protect the integrity of official file copies of records should meet the requirements of U.S. Federal Information Processing Standards Publication 180-4 (FIPS-PUB 180-4) (August 4, 2015) entitled "Secure Hash Standard (SHS)," <a href="https://www.flrules.org/Gateway/reference.asp?No=Ref-13888">https://www.flrules.org/Gateway/reference.asp?No=Ref-13888</a> which is hereby incorporated by reference, and made a part of this rule. This publication is available from the National Institute of Standards and Technology, U.S. Department of Commerce, 100 Bureau Drive, Gaithersburg, MD 20899, and at the Internet Uniform Resource Locator: https://csrc.nist.gov/publications/detail/fips/180-4/final.
- 3. Identify the open format or standard interchange format when necessary to permit the exchange of records on electronic media between agency electronic recordkeeping systems using different software/operating systems and the conversion or migration of records on electronic media from one system to another.
  - 4. Provide for the disposition of the records including, when appropriate, transfer to the Florida State Archives.
- (b) Before a record copy is created on an electronic recordkeeping system, the record shall be uniquely identified to enable authorized personnel to retrieve, protect, and carry out the disposition of records in the system. Agencies shall ensure that records maintained in such systems can be correlated with any existing related records on paper, microfilm or other media.
- (c) Systems or programs used to create, store or access record copies of electronic records must capture structural, descriptive, administrative and technical metadata standard to the system or program employed and must generate additional metadata whenever a record is moved within the system or migrated to another format or storage medium.
  - (7) Agencies shall implement the following procedures to enhance the legal admissibility of electronic records:
- (a) Document that similar kinds of records generated and stored electronically are created by the same processes each time and have a standardized retrieval approach.
- (b) Substantiate that security procedures prevent unauthorized addition, modification, or deletion of a record and ensure systems are protected against such problems as power interruptions.
- (c) Identify the electronic media on which records are stored throughout their life cycle, the maximum time span that records remain on each storage media, and the official retention requirements as approved by the Division of

Library and Information Services.

- (d) Professional engineer drawings and documents: Maintain in unaltered form a record copy of any and all documents signed, dated and sealed by a professional engineer prior to or upon submission to the agency. The record copy of signed, dated and sealed documents must be retained in unaltered form for the duration of the record's retention period. This provision does not prohibit agencies from scanning the unaltered document and maintaining the scanned copy as the record copy.
- (e) State agencies shall, and other agencies are encouraged to, establish and maintain integrity controls for record copies of electronic records in accordance with the requirements of Chapter 282, F.S.
- (8) For storing record copies of electronic public records throughout their life cycle, agencies shall select appropriate media and systems which meet the following requirements:
  - (a) Permit easy and accurate retrieval in a timely fashion;
- (b) Retain the records in a usable format until their authorized disposition and, when appropriate, meet the requirements necessary for transfer to the Florida State Archives.
  - (c) Agencies shall not use the following for the storage of record copies of permanent or long-term records:
  - 1. Flash memory media (such as thumb drives, SD cards, CF cards, micro-SD cards);
  - 2. Audio cassette tape;
  - 3. VHS video cassette tape;
  - 4. Floppy disks.
  - (d) Permanent or long-term records may be stored using one or more of the following methods:
  - 1. Hard drive, preferably high-reliability, solid-state drive (SSD); spinning hard disk drive (HDD) is also acceptable;
  - 2. Optical disc, preferably write-once discs with an inert dye layer;
  - 3. Polyester-based magnetic data tape;
  - 4. Cloud storage, preferably high-reliability, web-based storage services.
- (e) Standard. A scanning density with a minimum of 300 PPI is required for scanned images created by the agency from hard copy permanent or long-term records.
- (f) Record copies of scanned images created by the agency from hard copy permanent or long-term records must be stored in accordance with a published International Organization for Standardization (ISO) open standard image format.
- (g) The following factors are to be considered before selecting a storage media or converting from one media to another:
  - 1. The authorized retention of the records as determined during the scheduling process;
  - 2. The maintenance necessary to retain the records;
  - 3. The cost of storing and retrieving the records;
  - 4. The access time to retrieve stored records;
- 5. The portability of the medium (that is, selecting a medium that can be read by equipment offered by multiple manufacturers); and,
- 6. The ability to transfer the information from one medium to another, such as from optical disk to magnetic tape.
- (9)(a) Agencies shall back up electronic records on a regular basis to safeguard against the loss of information due to equipment malfunctions, human error or other disaster. Additional backups are strongly recommended for permanent and long-term records. Backups created for disaster recovery purposes, and all preservation duplicates of permanent or long-term records, shall be maintained in an off-site storage facility, which may include cloud storage, geographically separated from the risks associated with the agency's location. The storage environment must be maintained at constant temperature (below 68 degrees Fahrenheit) and relative humidity (30 to 45 percent) levels. Storage and handling of permanent or long-term records on magnetic tape shall conform to the standards contained in Standard AES22-1997 (r2008) "AES recommended practice for audio preservation and restoration handling of polyester-base Storage and Storage magnetic tape" https://www.flrules.org/Gateway/reference.asp?No=Ref-13889 (published 1997, reaffirmed 2003 and 2008, stabilized 2012) which is hereby incorporated by reference and made a part of this rule. This publication is available

from the Audio Engineering Society, Incorporated at the Internet Uniform Resource Locator: https://www.aes.org/publications/standards/search.cfm?docID=25. If an agency cannot practicably maintain backups and preservation duplicates as required in this section, the agency shall document the reasons why it cannot do so. Other electronic records media should be stored in a cool, dry, dark environment when possible (maximum temperature 73 degrees Fahrenheit, relative humidity 20-50 percent).

- (b) Agencies shall annually read a statistical sample of all electronic media containing permanent or long-term records to identify any loss of information and to discover and correct the cause of data loss.
- (c) Agencies shall conduct data integrity testing on all media containing permanent or long-term electronic records at least every 10 years and verify that the media are free of permanent errors. More frequent testing (e.g. at least every 5 years) is highly recommended. If a checksum was previously run on the digital media, testing can be conducted by running the same checksum.
- (d) Agencies shall rewind tape reels immediately before use to restore proper tension, or at a minimum every three years. When tapes with extreme cases of degradation are discovered, they should be rewound to avoid more permanent damage and copied to new media as soon as possible. Tapes shall be played continuously from end to end to ensure even packing. Tapes shall be stored so that the tape is all on one reel or hub. The requirement for rewinding does not apply to tape cartridges.
- (e) External labels (or the equivalent automated management system) for electronic recording media used to store permanent or long-term records shall provide unique identification for each storage media, including:
  - 1. The name of the organizational unit responsible for the data;
  - 2. System title, including the version number of the application;
  - 3. Special security requirements or restrictions on access, if any; and,
  - 4. Software in use at the time of creation.
- (f) Standard. For all media used to store permanent or long-term electronic records, agencies shall maintain human readable information specifying recording methods, formats, languages, dependencies and schema sufficient to ensure continued access to, and intellectual control over, the records. Additionally, the following information shall be maintained for each media used to store permanent or long-term electronic records:
  - 1. File title;
  - 2. Dates of creation;
  - 3. Dates of coverage; and,
  - 4. Character code/software dependency.
- (g) Electronic records storage media shall not be stored closer than 6 feet to sources of magnetic fields, including generators, elevators, transformers, loudspeakers, microphones, headphones, magnetic cabinet latches and magnetized tools.
- (h) Electronic records on magnetic tape or disk shall not be stored in metal containers unless the metal is non-magnetic. Storage containers shall be resistant to impact, dust intrusion and moisture. Compact disks shall be stored in hard cases, and not in cardboard, paper or flimsy sleeves.
- (i) Agencies shall ensure that record copies of electronic records are maintained by personnel properly trained in the use and handling of the records and associated equipment.
- (j) Agencies shall establish and adopt procedures for external labeling of physical storage media and for descriptive file naming and/or labeling of electronic files and directories so that all authorized users can identify and retrieve the stored information.
- (k) Agencies shall convert storage media to provide compatibility with the agency's current hardware and software to ensure that information is not lost due to changing technology or deterioration of storage media. Before conversion of information to different media, agencies must determine that authorized disposition of the electronic records can be implemented after conversion. Permanent or long-term electronic records shall be transferred to new media compliant with this rule as needed to prevent loss of information due to changing technology or deterioration of storage media.
- (10) Each agency is responsible for ensuring the continued accessibility and readability of public records throughout the entire life cycle regardless of the format or media in which the records are maintained.

Agencies shall establish policies and procedures to ensure that electronic records and their documentation are retained and accessible as long as needed. These procedures shall include provisions for:

- (a) Scheduling the retention and disposition of all electronic records, as well as related access documentation and indexes, in accordance with the provisions of Chapter 1B-24, F.A.C.
- (b) Establishing procedures for regular recopying, reformatting and other necessary maintenance to ensure the retention and usability of the electronic records throughout their authorized life cycle.
- (c) Transferring a copy of the electronic records and any related documentation and indexes to the Florida State Archives at the time specified in the records retention schedule, if applicable. Transfer may take place at an earlier date if convenient for both the agency and the Archives.
  - (11) Electronic records may be destroyed only in accordance with the provisions of Chapter 1B-24, F.A.C.

DATE OF LANDOWNERS' MEETING: Thursday, November 14, 2024

TIME: **11:00 A.M** 

LOCATION: Atwell, LLC

28100 Bonita Grande Drive, Suite 305

Bonita Springs, Florida 34135.

Pursuant to Chapter 190, Florida Statutes, and after a Community Development District ("District") has been established and the landowners have held their initial election, there shall be a subsequent landowners' meeting for the purpose of electing members of the Board of Supervisors ("Board") every two years until the District qualifies to have its board members elected by the qualified electors of the District. The following instructions on how all landowners may participate in the election are intended to comply with Section 190.006(2)(b), Florida Statutes.

A landowner may vote in person at the landowners' meeting, or the landowner may nominate a proxy holder to vote at the meeting in place of the landowner. Whether in person or by proxy, each landowner shall be entitled to cast one vote per acre of land owned by him or her and located within the District, for each position on the Board that is open for election for the upcoming term. A fraction of an acre shall be treated as one (1) acre, entitling the landowner to one vote with respect thereto. For purposes of determining voting interests, platted lots shall be counted individually and rounded up to the nearest whole acre. Moreover, please note that a particular parcel of real property is entitled to only one vote for each eligible acre of land or fraction thereof; therefore, two or more people who own real property in common, that is one acre or less, are together entitled to only one vote for that real property.

At the landowners' meeting, the first step is to elect a chair for the meeting, who may be any person present at the meeting. The landowners shall also elect a secretary for the meeting who may be any person present at the meeting. The secretary shall be responsible for the minutes of the meeting. The chair shall conduct the nominations and the voting. If the chair is a landowner or proxy holder of a landowner, he or she may nominate candidates and make and second motions. Candidates must be nominated and then shall be elected by a vote of the landowners. Nominees may be elected only to a position on the Board that is open for election for the upcoming term.

This year, one (1) seat on the Board will be up for election by landowners. The candidate receiving the highest number of votes shall be elected for a term of four (4) years. The term of office for each successful candidate shall commence upon election.

A proxy is available upon request. To be valid, each proxy must be signed by <u>one</u> of the legal owners of the property for which the vote is cast and must contain the typed or printed name of the individual who signed the proxy; the street address, legal description of the property or tax parcel identification number; and the number of authorized votes. If the proxy authorizes more than one vote, each property must be listed and the number of acres of each property must be included. The signature on a proxy does not need to be notarized.

Re: Bond Counsel Services

Ladies and Gentlemen:

Thank you for considering retaining Holland & Knight LLP (H&K) to represent the Esplanade Lake Club Community Development District, an independent special district of the State of Florida located in Lee County, Florida (the "District"), as its Bond Counsel in connection with the financing of various public improvements through the issuance of its tax-exempt obligation (referred to as the Capital Improvement Revenue Bonds, Series 2024) (collectively, the "Obligations").

The purpose of this letter is to confirm our engagement as Bond Counsel in connection with the Obligations and to provide you with certain information concerning our fees, billing and collection policies, and other terms that will govern our relationship. Although we do not wish to be overly formal in our relationship with you, we have found it a helpful practice to confirm with our clients the nature and terms of our representation. Attached to this letter are our firm's standard terms of engagement. Please review these and let me know if you have any questions concerning our policies.

Bond Counsel's role generally is to document a tax-exempt bond transaction structured by the District and to render an objective legal opinion with respect to the authorization and issuance of those Obligations. Our services as Bond Counsel in connection with this transaction will include the following:

(1) Subject to our review, to our satisfaction, of executed closing documents, certificates and opinions of legal counsel rendered by other parties to the transaction, render our legal opinion (the "Bond Opinion") regarding the validity and binding effect of the Obligations, the source of payment and security for the Obligations, and stating that, under existing law, interest on the Obligations is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the alternative minimum tax under the Internal Revenue Code of 1986, as amended (the "Code"), however, for tax years beginning after December 31,

2022, such interest component is included in the adjusted financial statement income of certain applicable corporations that are subject to the alternative minimum tax under the Code. Our supplemental opinion as Bond Counsel rendered on the date of issuance of the Obligations will be addressed to the District and the underwriter of the Obligations and will state that the Obligations are exempt from registration under the Securities Act of 1933, as amended, and that the Master Trust Indenture, as supplemented in connection with the Obligations (collectively, the "Indenture"), is exempt from qualification under the Trust Indenture Act of 1939.

- (2) Prepare and review documents necessary or appropriate to the authorization, issuance and delivery of the Obligations, including resolutions, a supplemental trust indenture, State of Florida filings, and federal tax filings of the Form 8038-G and coordinate the authorization and execution of such documents, and review enabling legislation.
  - (3) Examination of applicable law.
- (4) Consultation with the parties and their respective legal counsel prior to the issuance of the Obligations.
- (5) Preparation and/or review of (i) the basic documents authorizing and providing for the issuance and payment of the Obligations, including the Indenture, and (ii) the forms of such closing documents, certificates and opinions of counsel as we deem necessary to render our Bond Opinion.
- (6) Review and provide recommendations, if any, with respect to the summaries of the Indenture, the Obligations, certain tax matters related to the Obligations and our Bond Opinion in an offering document related to the Obligations.
- (7) Review and provide recommendations, if any, on certified proceedings relating to the Obligations and performance of such additional reasonable duties by the appropriate parties as are necessary to render our Bond Opinion.

Our Bond Opinion (or applicable reliance opinion) will be addressed to the District, the underwriter of the Obligations and the trustee for the Obligations, and will be delivered by us on the date the Obligations are exchanged for their purchase price (the "Closing").

The Bond Opinion will be based on facts and law existing as of its date. In rendering our Bond Opinion, we will rely upon the certified proceedings and other certifications of public officials and other persons furnished to us without undertaking to verify the same by independent investigation, and we will assume continuing compliance by the District with applicable laws relating to the Obligations. During the course of this engagement, we will rely on you to provide us with complete and timely information on all developments pertaining to any aspect of the Obligations and their security. We understand that you will direct members of your staff and other employees of the District to cooperate with us in this regard.

It is our understanding that the Obligations have been judicially validated and that the assessment proceedings relating to those non-ad valorem assessments, the revenues of which will be pledged to the Obligations, have been concluded. Our services as Bond Counsel will include a review of these prior proceedings, including an analysis of the eligibility of the improvements proposed to be financed by the Obligations to be funded on a tax-exempt basis.

Our duties in this engagement are limited to those expressly set forth above. Among other things, our duties do not include:

- (a) Preparing the offering documents or bond purchase agreement related to the Obligations;
- (b) Preparing requests for tax rulings from the Internal Revenue Service, or no action letters from the Securities and Exchange Commission (unless we are separately engaged for such purposes).
  - (c) Preparing blue sky or investment surveys with respect to the Obligations.
- (d) Making an investigation or expressing any view as to the creditworthiness of the District or the Obligations.
- (e) Representing the District in Internal Revenue Service examinations or inquiries, or Securities and Exchange Commission investigations (unless we are separately engaged for such purposes).
- (f) After Closing, and our filing of the Form 8038G relating to the Obligations with the Internal Revenue Service and our filing of the requisite form relating to the Obligations with the Florida Division of Bond Finance, the provision of continuing advice to the District or any other party to the transaction concerning actions necessary to assure that interest paid on the Obligations will continue to be excludable from gross income for federal income tax purposes (e.g., our engagement does not include rebate calculations for the Obligations) (unless we are separately engaged for such purposes).
- (g) Providing financial advice or serving as a municipal advisor, financial advisor or swap advisor to the District.

Our engagement is also subject to the standard Terms of Engagement attached hereto as Exhibit "A."

The fee for our bond counsel services will be \$65,000 plus our actual out of pocket costs, which we would estimate to be nominal. Payment will be due upon the successful Closing of the issuance of the Obligations.

We are also requesting, as part of this letter, that the District waive the potential conflict of interest with respect to (1) the representation by H&K of the District in connection with this

transaction and any other past or future financings of the District for which H&K acts as counsel to the District (collectively, the "Financings") involving U.S. Bank Trust Company, National Association, including affiliates and subsidiaries thereof (collectively, the "Conflict Party"), as trustee, paying agent and bond registrar in connection with the Financings, and (2) H&K's representation of the Conflict Party as trustee, paying agent and bond registrar in connection with the Financings and in matters unrelated to the Financings. The applicable ethics rules permit us to represent clients with adverse or potentially adverse interests in circumstances where we will be able to provide competent and diligent representation to each client, and each client gives us informed consent, confirmed in writing. We hereby confirm to you that after fully disclosing to you the circumstances of this matter, we are able to provide competent an diligent representation to the District and the Conflict Party. We further confirm to you that the Conflict Party has provided H&K with an advance conflict waiver for transactional matters such as this. H&K will also, at all times, observe the attorney-client privilege between it and each of its clients and will preserve the confidentiality of each client's respective information.

If the foregoing terms of our engagement and arrangements concerning our fees are acceptable, please so indicate by having the enclosed copy of this letter signed by an appropriate representative of the District and return it to us. Thank you for your cooperation and we look forward to working with you on this transaction.

Thank you very much.

Sincerely yours,

**HOLLAND & KNIGHT LLP**

# HOLLAND & KNIGHT LLP TERMS OF ENGAGEMENT

We appreciate your decision to retain Holland & Knight LLP as your legal counsel.

This document explains how we work, our obligations to you, your obligations to us, what we will do on your behalf, and how our charges will be determined and billed. Experience has shown that an understanding of these matters will contribute to a better relationship between us, and that in turn makes our efforts more productive.

Our engagement and the services that we will provide to you are limited to the matter identified in the accompanying letter. Any changes in the scope of our representation as described in the letter must be approved in writing. We will provide services of a strictly legal nature related to the matters described in that letter. You will provide us with the factual information and materials we require to perform the services identified in the letter, and you will make such business or technical decisions and determinations as are appropriate. You will not rely on us for business, investment, or accounting decisions, or expect us to investigate the character or credit of persons or entities with whom you may be dealing, unless otherwise specified in the letter.

We cannot guarantee the outcome of any matter. Any expression of our professional judgment regarding your matter or the potential outcome is, of course, limited by our knowledge of the facts and based on the law at the time of expression. It is also subject to any unknown or uncertain factors or conditions beyond our control.

#### **Confidentiality and Related Matters**

Regarding the ethics of our profession that will govern our representation, several points deserve emphasis. As a matter of professional responsibility, we are required to hold confidential all information relating to the representation of our clients, subject to certain exceptions that we will discuss with you. This professional obligation and the legal privilege for attorney-client communications exist to encourage candid and complete communication between a client and his lawyer. We can perform truly beneficial services for a client only if we are aware of all information that might be relevant to our representation. Consequently, we trust that our attorney-client relationship with you will be based on mutual confidence and unrestrained communication that will facilitate our proper representation of you.

Additionally, you should be aware that, in instances in which we represent a corporation or other entity, our client relationship is with the entity and not with its individual executives, shareholders, directors, members, managers, partners, or persons in similar positions, or with its parent, subsidiaries, or other affiliates. In those cases, our professional responsibilities are owed only to that entity, alone, and no conflict of interest will be asserted by you because we represent persons with respect to interests that are adverse to individual persons or business organizations who have a relationship with you. That is to say, unless the letter accompanying this document indicates otherwise, Holland & Knight's attorney-client relationship with the entity does not give rise to an attorney-client relationship with the parent, subsidiaries or other affiliates of the entity, and representation of the entity in this matter will not give rise to any conflict of interest in the event other clients of the firm are adverse to the parent, subsidiaries or other affiliates of the entity. Of course, we can also represent individual executives, shareholders, directors, members, managers, partners, and other persons related to the entity in matters that do not conflict with the interests of the entity, but any such representation will be the subject of a separate engagement letter. Similarly, when we represent a party on an insured claim, we represent the insured, not the insurer, even though we may be approved, selected, or paid by the insurer.

The firm attempts to achieve efficiencies and savings for its clients by managing the firm's administrative operations (e.g., file storage, document duplication, word processing, accounting/billing) in the most efficient manner possible, including outsourcing certain functions to third parties. Outsourcing in this manner may require the firm to allow access by third parties to your confidential information, and in some cases, these third parties may be located outside the United States. The firm will follow applicable legal ethics rules with regard to such outsourcing and protection of confidential information.

#### Fees and Billing

Clients frequently ask us to estimate the fees and other charges they are likely to incur in connection with a particular matter. We are pleased to respond to such requests whenever possible with an estimate based on our professional judgment. This estimate always carries the understanding that, unless we agree otherwise in writing,

it does not represent a maximum, minimum, or fixed fee quotation. The ultimate cost frequently is more or less than the amount estimated.

<u>Legal Fees</u>. We encourage flexibility in determining billing arrangements. For example, we often agree with our clients to perform services on a fixed-fee or other basis that we and the client believe will encourage efficiency and reflect the value of our services in relation to a particular objective.

If you and we have agreed on a fixed fee arrangement, our fees will not be limited to the fixed amount if you fail to make a complete and accurate disclosure of information that we have requested and that we reasonably require for our work, or if you materially change the terms, conditions, scope, or nature of the work, as described by you when we determined the fixed amount. If any of these events occurs, our fees will be based upon the other factors described below, unless you and we agree on a revised fixed fee.

If the accompanying engagement letter does not provide for a fixed fee, or if we do not otherwise confirm to you in writing a fee arrangement, our fees for services will be determined as described in the following paragraphs.

When establishing fees for services that we render, we are guided primarily by the time and labor required, although we also consider other appropriate factors, such as the novelty and difficulty of the legal issues involved; the legal skill required to perform the particular assignment; time-saving use of resources (including research, analysis, data and documentation) that we have previously developed and stored electronically or otherwise in quickly retrievable form; the fee customarily charged by comparable firms for similar legal services; the amount of money involved or at risk and the results obtained; and the time constraints imposed by either you or the circumstances. In determining a reasonable fee for the time and labor required for a particular matter, we consider the ability, experience, and reputation of the lawyer or lawyers in our firm who perform the services. To facilitate this determination, we internally assign to each lawyer an hourly rate based on these factors. Of course, our internal hourly rates change periodically to account for increases in our cost of delivering legal service, other economic factors, and the augmentation of a particular lawyer's ability, experience, and reputation. Any such changes in hourly rates are applied prospectively, as well as to unbilled time previously expended. We record and bill our time in one-tenth hour (six minute) increments.

When selecting lawyers to perform services for you, we generally seek to assign lawyers having the lowest hourly rates consistent with the skills, time demands, and other factors influencing the professional responsibility involved in each matter. That does not mean that we will always assign a lawyer with a lower hourly rate than other lawyers. As circumstances require, the services of lawyers in the firm with special skills or experience may be sought when that will either (a) reduce the legal expense to you, (b) provide a specialized legal skill needed, or (c) help move the matter forward more quickly. Also, to encourage the use of such lawyers in situations where their services can provide a significant benefit that is disproportionate to the time devoted to the matter, we may not bill for their services on an hourly rate basis but, if you agree in advance, we will adjust the fee on an "added value" basis at the conclusion of the matter if and to the extent their services contribute to a favorable result for you.

<u>Disbursements</u>. In addition to legal fees, our statements will include out-of-pocket expenses that we have advanced on your behalf and our internal charges (which may exceed direct costs and allocated overhead expenses) for certain support activities. Alternatively, the firm may charge for such internal charges as a percentage of the fees charged. Advanced expenses generally will include, but are not limited to, such items as travel, postage, filing, recording, certification, and registration fees charged by governmental bodies. Our internal charges typically include, but are not limited to, such items as toll calls, facsimile transmissions, overnight courier services, certain charges for terminal time for computer research and complex document production, and charges for photocopying materials sent to the client or third parties or required for our use.

We may request an advance cost deposit when we expect that we will be required to incur substantial costs on behalf of the client.

During the course of our representation, it may be appropriate to hire third parties to provide services on your behalf. These services may include such things as consulting or testifying experts, investigators, providers of computerized litigation support, and court reporters. Because of the legal "work product" protection afforded to services that an attorney requests from third parties, in certain situations our firm may assume responsibility for retaining the appropriate service providers. Even if we do so, however, you will be responsible for paying all fees and expenses directly to the service providers or reimbursing us for these expenses.

The firm attempts to achieve efficiencies and savings for its clients when dealing with independent contractors. The firm may be able to obtain a reduced charge from the contractor if the firm provides certain functions, such as billing, collection, equipment, space, facilities, or clerical help. For these administrative and coordination services, the firm may charge an administrative fee, which will be separately disclosed to you.

<u>Billing</u>. We bill periodically throughout the engagement for a particular matter, and our periodic statements are due when rendered. If our fees are based primarily on the amount of our time devoted to the matter, our statements will be rendered monthly. In instances in which we represent more than one person with respect to a matter, each person that we represent is jointly and severally liable for our fees and expenses with respect to the representation. Our statements contain a concise summary of each matter for which legal services are rendered and a fee is charged.

If a statement remains unpaid for more than 30 days, you will be contacted by an H&K representative inquiring why it is unpaid. Additionally, if a statement has not been paid within 30 days from its date, the firm may impose an interest charge of 1.25 percent per month (a 15 percent annual percentage rate) from the 30th day after the date of the statement until it is paid in full. Interest charges apply to specific monthly statements on an individual statement basis. Any payments made on past due statements are applied first to the oldest outstanding statement.

It is the firm's policy that if an invoice remains unpaid for more than 90 days, absent extraordinary circumstances and subject to legal ethics constraints, H&K's representation will cease, and you hereby authorize us to withdraw from all representation of you. Any unapplied deposits will be applied to outstanding balances. Generally, the firm will not recommence its representation or accept new work from you until your account is brought current and a new deposit for fees and costs, in an amount that the firm determines, is paid to it.

In addition, if you do not pay H&K's statements as they become due, the firm may require a substantial partial payment and delivery of an interest-bearing promissory note as part of any arrangement under which it may, in its discretion, agree to continue its representation. Any such promissory note will serve merely as evidence of your obligation, and shall not be regarded as payment.

If allowed by applicable law, H&K is entitled to reasonable attorneys' fees and court costs if collection activities are necessary. In addition, H&K shall have all general, possessory, or retaining liens, and all special or charging liens, recognized by law.

Payment of our fees and costs is not contingent on the ultimate outcome of our representation, unless we have expressly agreed in writing to a contingent fee.

Questions About Our Bills. We invite you to discuss freely with us any questions that you have concerning a fee charged for any matter. We want our clients to be satisfied with both the quality of our services and the reasonableness of the fees that we charge for those services. We will attempt to provide as much billing information as you require and in such customary form that you desire, and are willing to discuss with you any of the various billing formats we have available that best suits your needs.

#### **Relationships with Other Clients**

Because we are a large, full-service law firm with offices located in various cities we may be (and often are) asked to represent a client with respect to interests that are adverse to those of another client who is represented by the firm in connection with another matter. Just as you would not wish to be prevented in an appropriate situation from retaining a law firm that competes with Holland & Knight LLP, our firm wishes to be able to consider the representation of other persons or entities that may be competitors in your industry or who may have interests that are adverse to yours, but with respect to matters that are unrelated in any way to our representation of you. The ethics that govern us permit us to accept such multiple representations, assuming certain conditions are met, as set forth below.

During the term of this engagement, we will not accept representation of another client to pursue interests that are directly adverse to your interests unless and until we make full disclosure to you of all the relevant facts, circumstances, and implications of our undertaking the two representations, and confirm to you in good faith that we have done so and that the following criteria are met: (i) there is no substantial relationship between any matter in which we are representing or have represented you and the matter for the other client; (ii) any confidential information that we have received from you will not be available to the lawyers and other Holland & Knight LLP personnel involved in the representation of the other client; (iii) our effective representation of you and the discharge of our professional responsibilities to you will not be prejudiced by our representation of the other client; and (iv) the other client has also consented in writing based on our full disclosure of the relevant facts,

circumstances, and implications of our undertaking the two representations. If the foregoing conditions are satisfied, we may undertake the adverse representation and all conflict issues will be deemed to have been resolved or waived by you.

By making this agreement, we are establishing the criteria that will govern the exercise of your right under applicable ethical rules to object to our representation of another client whose interests are adverse to yours. If you contest in good faith the facts underlying our confirmation to you that the specified criteria have been met, then we will have the burden of reasonably supporting those facts.

#### Knowledge Management Tool

In order to better and more economically serve our clients, we have implemented a document search engine that will allow us to search the firm's institutional work product to determine whether there exist documents created for one client that can be used as a starting point for the preparation of new documents for other clients. Documents that are subject to ethics wall restrictions, have extraordinary confidentiality requirements, or contain sensitive client information will not be included in this system.

#### **Termination**

Upon completion of the matter to which this representation applies, or upon earlier termination of our relationship, the attorney-client relationship will end unless you and we have expressly agreed to a continuation with respect to other matters. We hope, of course, that such a continuation will be the case. The representation is terminable at will by either of us. The termination of the representation will not terminate your obligation to pay fees and expenses incurred prior to the termination and for any services rendered or disbursements required to implement the transition to new counsel.

\* \* \* \* \*

Your agreement to this engagement constitutes your acceptance of the foregoing terms and conditions. If any of them is unacceptable to you, please advise us now so that we can resolve any differences and proceed with a clear, complete, and consistent understanding of our relationship.

Re: Commission on Ethics newly established Electronic Financial Disclosure

Management System ("EFDMS") website registration, Financial Disclosure Forms,

and Required Ethics Training

Beginning January 1, 2024, the Florida Commission on Ethics has enacted new procedures for electronic filing of Financial Disclosure forms for Public Officials, as a means of submitting Forms and updating your Filer contact information.

To access the newly established Electronic Financial Disclosure Management System ("EFDMS"), visit the login page (<a href="https://disclosure.floridaethics.gov/Account/Login">https://disclosure.floridaethics.gov/Account/Login</a>) and watch the instructional video for directions on how to register/confirm registration.

If you have filed a Form 1 before, click "I am a Filer" and follow the prompts.

Instructions, FAQs, and tutorials are available from the dashboard within EFDMS. Additional assistance can be obtained Monday-Friday from 8:00 a.m. until 5:00 p.m. by contacting the Commission directly.

Financial disclosure forms are due on or before July 1, 2024 for the preceding calendar year. A grace period is in effect until September 1. If the disclosure is not filed or postmarked by September 1, an automatic fine of \$25 per day will begin to accrue and will continue to build until the disclosure is filed, or the fine reaches \$1,500.

If you have an annual filing requirement AND will be running for office as a qualified elector in November, then you will need to complete your disclosure in EFDMS and submit your filing electronically to the Commission, then print a verification/receipt for e-filing your form or print a copy of your disclosure to file with your Qualifying Officer packet.

It is imperative that each filer take the time to confirm their registration on the EFDMS site, in order to ensure that the Florida Commission on Ethics has updated and correct contact information. All communication about filing requirements and due dates for filers will be provided via email <u>only</u>. Filers MUST maintain a current email address in EFDMS. By law, failure to maintain a current email address will not qualify as an "unusual circumstance" during an appeal of an automatic fine for failure to timely file a Form.

If the annual form is not submitted via the electronic filing system created and maintained by the Florida Commission on Ethics by September 3, 2024, an automatic fine of \$25 for each day late will be imposed, up to a maximum penalty of \$1,500. Failure to file also can result in removal from public office [s. 112.3145, F.S.].

In addition, failure to make any required disclosure constitutes grounds for and may be punished by one or more of the following: disqualification from being on the ballot, impeachment, removal or suspension from office, or a civil penalty not exceeding \$10,000. [s. 112.317, F.S.].

Also beginning January 1, 2024, all elected local officers of independent special districts, including any person appointed to fill a vacancy on an elected special district board, whose service began on or before March 31st of the year for which you are filing, are now required to complete <u>four (4) hours of Ethics Training each calendar year</u>. The four (4) hours of Ethics Training shall be allocated amongst the following categories:

- two (2) hours of ethics law,
- one (1) hour of Sunshine Law; and
- one (1) hour of Public Records law.

Please note that the four (4) hours of the Ethics Training do not have to be completed all at once. Supervisors will report their 2024 training when they fill out their Form 1 (Statement of Financial Interests) for the 2025 year by checking a box confirming that they have completed the annual Ethics Training.

It is highly recommended that you keep a record of all ethics training used to satisfy the Ethics Training requirements. At present, there is no need to submit a certificate or letter of completion of the Ethics Training. However, the Florida Commission on Ethics ("COE") advises that Supervisors maintain a record in the event they are asked to provide proof of completion of all Ethics Training.

Additionally, you may be solicited by a private organization (Florida Association of Special Districts) – to take their Ethics Training Course on their platform for which there is a fee. You are NOT required to use their services nor pay the fees they charge. There are several free online resources and links to resources that Supervisors might find helpful, including free training for the two (2) hour ethics portion and links to outside trainings which can be used to satisfy the other categories of the Ethics Training. You may take training from any source you choose.
