FIRST ORDER OF BUSINESS

Call to Order/Roll Call

Mr. Ward called the meeting to order at approximately 11:06 a.m. He called roll and all Members of the Board were present, with the exception of Supervisor Piendel and Supervisor Schmidt, constituting a quorum.

SECOND ORDER OF BUSINESS

Consideration of Minutes

May 7, 2026 - Regular Meeting Minutes

Mr. Ward asked if there were any additions, corrections, or deletions to the Minutes; hearing none, he called for a motion.

On MOTION made by Matt Sawyer, seconded by Tina Golub, and with all in favor, the May 7, 2026, Regular Meeting Minutes were approved as presented.

THIRD ORDER OF BUSINESS

Consideration of Resolution 2026-9

Consideration of Resolution 2026-9, a Resolution Rescinding Resolution 2026-1, Which Approved the Proposed Fiscal Year 2027 Budget; Rescinding Resolution 2026-3, Which Adopted the Fiscal Year 2027 Budget; Approving A Revised Proposed Budget for Fiscal Year 20 27 and Setting a Public Hearing for Friday, September 11, 2026, at 11:00 A.M. at Artisan Lakes Clubhouse, 4725 Los Robles Court, Palmetto, Florida 34221

Mr. Ward stated item 3 and item 4 were related to the merger of the two CDDs, Artisan Lakes CDD and Artisan Lakes East CDD, into one CDD. He asked Jere Earlywine to discuss the procedure for merging the two CDDs.

Mr. Jere Earlywine stated Artisan Lakes was meant to be a single district, but when the recession hit the project slowed and the developer split the district into two districts with the idea of merging the two districts into one after the project was completed. He stated there was a merger process in the Florida Statutes, Chapter 190, which was pretty straightforward: each district would meet, adopt a resolution announcing the intent to merge, a merger agreement would be put into place, and a petition would be filed with the County to affect the merger. He noted the County took about six months to approve and file the petition and merge the CDDs, but otherwise it was a simple process. He stated once merged, there would only be one CDD, the other CDD would dissolve and there would be one remaining board, Artisan Lakes, with five members. He said with Artisan Lakes East CDD ready to move from the developer to the residents the two CDDs could now merge. He stated the merger could be completed by late first quarter next year or early second quarter. He discussed the advantages of merging the Districts including some cost savings administratively. He noted the project was supposed to be a single district project and having two CDDs to maintain the single water management system was not optimal, especially with the multiple HOAs.

Mr. Eric Singer asked what the board breakdown would look like after the merger.

Mr. Earlywine indicated the Artisan Lakes East Board would go away and there would only be Artisan Lakes CDD Board members. He stated as the Artisan Lakes seats cycled through the election process residents in the Artisan Lakes East area would be eligible to run for a seat on the Artisan Lakes Board.

Discussion ensued regarding who would be eligible to run for a seat on the Artisan Lakes Board once the seats came up for election; and statute only allowing five board members at any time.

Mr. Eric Singer asked if two members of the Artisan Lakes East Board could move onto the Artisan Lakes Board with the merger of the CDDs noting two Artisan Lakes Board Members would need to resign. He asked if this could be included in the merger documents.

Mr. Ward responded in the affirmative. He believed this could be included in the merger documents.

Mr. Earlywine agreed. He said this felt fair and reasonable.

Mr. Ward agreed. He stated the next step was to speak with Artisan Lakes CDD about the merger. He noted Artisan Lakes CDD would have to agree with the merger as well. *Part 2 was to merge operations of the CDDs into one operation. There are two ways to do that. We can do that effective October 1 of this year, or we can do it a year later, whatever both boards want to do. After discussion with the Artisan Lakes Board, we have mixed ideas as to whether they want to do it now, later or at all. What I have done is prepare draft budgets for you that will transition all of our operations which are now with various HOAs into the Artisan Lakes/Artisan Lakes East CDDs and manage them from one operational perspective.*

Discussion ensued regarding the budget and the assessment rate.

Mr. Ward: Obviously the assessment rate does go up on Artisan Lakes East and Artisan Lakes. Essentially all you have is the operation of a water management system, preserves, and the landscaping on Artisan Lakes Parkway. Since Artisan Lakes Parkway benefits both CDDs, they are included proportionately in both CDDs' budget based on the number of units. Obviously, I've been able to separate the water management systems apart for purposes of operations and maintenance. Artisan Lakes East assessment goes to \$510.29 per year. It is \$148 dollars in the current year. Artisan Lakes would change proportionately in terms of their budget. Artisan Lakes East has more units than Artisan Lakes, but the budget is split proportionately based on the number of units.

Mr. Singer: We have a third neighborhood that's part of Artisan Lakes, but not part of the CDD, that currently pays for landscaping. Are they out of this equation? They pay in the Master HOA their portion of the landscaping on Artisan Lakes Parkway, so if the CDD picks it up then they would be out of the paying pool correct? And everyone else's costs would go up because of the loss of 456 units. We are negotiating with multiple landscaping companies now for a new contract and we are in our budget development process. This would throw a grenade into the process we are just starting. My inclination is to not disrupt the apple cart.

Mr. Ward: The problem with the agreement you have with the Master HOA is they are not maintaining the District's facilities which they agreed to maintain pursuant to the agreement. That has been transitioned over to the Eaves Bend and the Esplanade Associations. The Master Association has said they do not want to maintain the District's facilities that they have under contract.

Mr. Earlywine: We were just talking to the HOA Manager, James.

Mr. Sawyer: He is here.

Mr. James Wilkes: The Master Association is still willing to maintain all of the common areas.

Mr. Earlywine: The issue was the Master was doing the main road, but they really weren't doing the other stuff. Eaves Bend was doing half of it, Esplanade HOA was doing the other

half, and they were just doing the parkway, so when we got all three HOAs on the phone they were like, we're not set up to manage all that stuff through a single pipeline. Then, the CDD has to chase all three entities to make sure it's all getting done correctly. It became a little bit of an issue. One of the things you can see happening on the stormwater ponds is the agreements get lost, the reporting doesn't get done, and it becomes a real nightmare for Jim and the CDD staff to make sure it's getting done correctly and getting tracked.

Mr. Ward: From a bigger perspective, we can do a contract with an HOA, that's not a big deal, we do it all the time. And if the Master HOA wants to maintain all of the District's facilities, I certainly don't have a problem with keeping that agreement in place as long as they do that, but if they sub the work out to the other Associations that's a problem because we have no accountability with respect to operations and maintenance of permitted water management facilities that are a significant operation for this community. That's a problem.

Discussion continued regarding whether or not the Master HOA should continue to maintain the CDD facilities; the Master HOA contracting the work out to the other sub-HOAs being a problem for the CDD; each of the HOAs having separate contract with the various vendors; the CDD not having contracts with the sub-HOAs to maintain the CDD assets; whether the CDD could have contracts with each of the sub-HOAs; the idea of merging the CDDs being to simplify the maintenance of CDD assets; removing the responsibility of maintenance of CDD assets from the various HOAs; the single CDD taking on the responsibility of maintaining CDD assets; and Eaves Bend maintaining roads in Eaves Bend.

Mr. Ward: Consolidation of millions of dollars of District facilities is a good idea. You want to make it under the Master solely, or under the combined CDDs solely. It has to be one of the two. Doing this any other way is not a good idea.

Discussion continued about whether the Master HOA or the CDD should maintain CDD assets; and leaving the landscaping maintenance with the Master HOA.

Mr. Ward agreed it would be okay to leave landscaping maintenance with the Master HOA and the CDDs could take over water management system maintenance. He noted this would also reduce the budget.

Discussion continued regarding leaving landscaping with the Master HOA and the CDD taking over the stormwater system maintenance.

Mr. Ward: Let's make the agreement between the Master and the CDDs for the landscaping on Artisan Lakes Parkway, but the operations and maintenance of the water management system will come back to the CDDs. That would include all of the ponds and preserve areas and pipework.

Mr. Earlywine: James, is your concern just the timing of the transition or the money? How much is that parkway contract?

Mr. Ward: About half a million dollars. If the Master wants to do it I don't have a problem with it. But they don't want to do the water management system. So, if we just do the agreement

192 *with the Master for purposes of the landscaping, that solves the landscaping problem and*
 193 *that's probably easier on all of us from a CDD perspective.*

194
 195 *Mr. Earlywine: That makes sense.*

196
 197 *Mr. Ward: Then we just do the water management system within the CDDs and merge the two*
 198 *CDDs together.*

199
 200 The Board agreed.

201
 202 Mr. Ward stated the CDD had a plan; the CDDs would merge and take over the water
 203 management system while the Master HOA would keep the landscaping of Artisan Lakes
 204 Blvd.

205
 206 Mr. Singer asked if the CDD would own the roads after the merger.

207
 208 *Mr. Ward: The merger doesn't affect a private roadway or anything being transferred to the*
 209 *government. That doesn't happen.*

210
 211 *Mr. Singer: For the sake of continuity would the new merged CDD consider deeding the roads*
 212 *in Eaves Bend over to Eaves Bend?*

213
 214 *Mr. Earlywine: The problem is we paid for them with bond money. I'm not sure we would even*
 215 *be able to.*

216
 217 *Mr. Ward: I don't think so. You still have the same issue. They are public roads, whether they*
 218 *are in the name of Artisan Lakes East or Artisan Lakes. It's the same thing. It's like having*
 219 *Manatee County own your roadways. It's not any different. We can still manage them*
 220 *separately.*

221
 222 *An unidentified female audience member stated she had two questions (indecipherable)...just*
 223 *eliminate those from the maintenance part, but how can the CDD pay for the roads over here*
 224 *but not pay for the roads over there once they are merged?*

225
 226 *Mr. Ward: We can still do the same formula.*

227
 228 *Mr. Singer: I want all CDD residents to pay for maintenance of CDD roads.*

229
 230 *Mr. Ward: I don't disagree. They are CDD public roadways. I see it all the time in CDDs where*
 231 *some of the roads are private and some of the roads are public. You always have that issue.*

232
 233 *An unidentified female audience member continued to ask (indecipherable)...I think there's*
 234 *something a little risky there, but you could still make an exception there that you continue to*
 235 *take care of the roadways just like they are now, even though some may belong to the CDD*
 236 *and some may belong to the HOA?*

237
 238 *Mr. Ward: The answer is yes, but it is a discussion for what happens when the Boards merge,*
 239 *how they want to operate and maintain them.*

Discussion continued regarding the roads and who would maintain the roads after merger of the CDDs; which roads were owned by the CDD; which roads were owned by the HOAs; who the new road would be dedicated to, the HOA or the CDD; and the two ponds in Edge Stone. Much of this discussion was (indecipherable).

Mr. Ward: Okay, in order to move forward, Jere will work on the merger agreement itself. We have to redo the public hearing for the budget itself, and for adoption of the budget. I did a quick calculation of what the assessment rate would be excluding landscaping. I'm going to say \$255 or about based on the number of units. The number is based on me having an engineering firm go out and take a look at all your facilities and come up with numbers for management of these facilities. So, we know the acreage of the lakes, the feed of the pipes, the acreage of the preserves. We have reasonable cost estimates. Remember, this is a budget. As long as we don't go over it we are in good shape. We can always spend less. The goal is to go under.

Mr. Singer: That number seems high to me. \$100 dollars per household per year seems like a pretty big increase for lake and preserve management.

Mr. Sawyer: There is also should be a reduction on the club side.

Mr. Ward: We came up with about \$200 dollars for your lake maintenance program. That's what it's in. If it comes in less than that, then good.

Discussion ensued regarding what the HOAs were paying for lake maintenance currently; and the possibility of quotes coming in for less.

Mr. Ward called for a motion. He stated Resolution 2029-9 set the public hearing for September 11, 2026. He noted because the assessment rate went above the cap rate, mailed notice would be sent to the residents.

On MOTION made by Matt Sawyer, seconded by Eric Singer, and with all in favor, Resolution 2026-9 was adopted, and the Chair was authorized to sign.

FOURTH ORDER OF BUSINESS

Consideration of Resolution 2026-10

Consideration of Resolution 2026-10, a Resolution Designating Date, Time and Place of Public Hearing: Friday, September 11, 2026, at 11:00 A.M. at Artisan Lakes Clubhouse, 4725 Los Robles Court, Palmetto, Florida 34221, and Authorization to Publish Notice of Such Hearing for the Purpose of Adopting Rules on Parking Restrictions; and Providing an Effective Date

Mr. Ward stated Resolution 2026-10 was regarding parking enforcement. *Jere has prepared a resolution for you which also set a public hearing date for adopting the rules on parking restrictions. It does not bind you to the rule itself at this point. On September 11 we will adopt the rule. This is the way in which the CDD will enforce the rules. Basically, we allow the HOA to do that.* He asked if there were any questions.

Mr. Singer: It seems extremely complicated regurgitating County and State laws and stuff. In my mind it is a much easier half-page agreement.

Mr. Earlywine: There is some stuff that's regurgitated in there, so people are aware of it. We used to have it without this, but we kept getting questions like, "what if we're parked in front of the sign" but that's in the statute, so I finally just started putting the excerpts in there. The applicable portions are in Section 3 that give you towing authority. And we can make some adjustments.

On MOTION made by Eric Singer, seconded by Matt Sawyer, and with all in favor, Resolution 2026-10 was adopted, and the Chair was authorized to sign.

FIFTH ORDER OF BUSINESS

Staff Reports

I. District Attorney

a) Agreements with the School Boards/FPL for use of Conservation Area Easement agreement between Artisan Lakes East and Eaves Bend HOA

Mr. Earlywine: There is a road being put in for FDOT and there is some access that's needed on a temporary basis to get into tracts B66 and B67, which I think are some drainage areas. They want to get in there and access it on a temporary basis in order to do their construction project. We checked in with Victor, and he didn't see any concerns with it. It's not being built on wetlands, and any permitting would be required to be taken care of by the entity seeking the permit.

Mr. Ward: Is this a temporary access easement?

Mr. Earlywine: I believe it is. My understanding is that the HOA is involved somehow.

Mr. Mark Weber: B66 and B67 are two narrow tracts along Field Stone Drive that are nowhere near any new construction going on. I'm questioning whether the tract numbers are correct on that.

Mr. Earlywine: It may be off. Let's do this, if you are comfortable with the concept, we can approve it in substantial form, or we can bring it back at the next meeting.

Discussion ensued regarding the tracts and what the easement would be used for.

Mr. Weber: I think the agreement last week was that there does not need to be an easement agreed to because they have an existing easement. I think that was the result of that meeting. We just got the minutes last week from that meeting and they didn't need anything else from the HOA or the CDD or Taylor Morrison. Their conclusion was they already had a permanent easement they could work within.

Mr. Ward: I think we should defer this item. If you guys are correct, which I don't doubt you are, then the school board and FPL has what they need in terms of an easement and this is not needed. Let's defer it.

Mr. Earlywine: Agreed.

In addition to and as part of the Services set forth on **Exhibit A**, the Contractor shall provide the following Services:

- a. **Asset Manager & Asset Manager Staff** - Contractor shall identify a primary field operations manager ("**Asset Manager**") to provide the Services and may also hire one or more individuals and/or subcontractors (together, "**Asset Manager Staff**") to work under the direction of the Asset Manager.

Among other things, Contractor shall complete the annual NPDES submittal form with CDD specific data, obtain the required signature(s), and submit the completed form / package to Manatee County. Contractor shall attend annual audit and periodic local County meetings with Manatee County for NPDES compliance, and information dissemination. Draft copies of all such reports shall be provided to the District Manager for review prior to submittal.
- f. **Additional Work** - The District Manager may engage Contractor to perform work which is outside the scope of the Services as set forth on **Exhibit A ("Additional Work")**. The fees paid to Contractor for such Additional Work authorized by the District Manager shall be pursuant to the fee schedule set forth on **Exhibit B**. Except as expressly provided herein, the Additional Work shall be subject to all other terms and conditions of this Agreement. Any Additional Work must be pre-approved in writing by the District Manager prior to the Contractor undertaking any such Additional Work.

4. COMPENSATION; PAYMENT. As compensation for the Services described in this Agreement, District agrees and covenants to pay Contractor certain professional fees ("**Professional Fees**") for its full and faithful performance of the Services herein. The initial schedule for Professional Fees is set forth on **Exhibit B** attached hereto and made a part hereof. The Professional Fees shall be payable in equal monthly installments at the beginning of each month, and the amount of said Professional Fees may be amended annually as evidenced by the budget adopted by District. In no event shall the total and cumulative amount of fees paid to Contractor under this Agreement exceed the amount of funds annually budgeted for the Services. For the first year of Services, the fees paid will be in accordance to the Districts adopted Budget. Notwithstanding the fixed monthly fee arrangement, Contractor shall maintain accurate and detailed records of the hours it has actually spent performing the Services with descriptions and categories of the related work performed. Contractor shall provide written documentation of such hours to District upon request, which documentation shall be in a form reasonably acceptable to District.

AGREEMENT FOR ASSET MANAGEMENT SERVICES

The Contractor shall maintain records conforming to usual accounting practices. Further, the Contractor agrees to render monthly invoices to the District, in writing, which shall be delivered or mailed to the District by the fifth (5th) day of the next succeeding month. Costs and Expenses - District shall pay or reimburse Contractor for all reasonable costs which may be incurred by Contractor in the performance of the Services and its obligations, duties and undertakings for District, provided such costs are approved in writing and in advance by the District's Manager or District's Board of Supervisors. District shall not be required to reimburse Contractor for salaries of officers (or employees) of Contractor and general overhead of Contractor, as said mentioned items and services are included within the Professional Fees provided. Contractor will give District all discounts, rebates or commissions provided by any supplier or service contractor where applicable. If Contractor advances for and on behalf of District any costs approved by District, then Contractor shall submit a statement of such costs on or about the first of each month for the costs incurred during the prior month. District shall reimburse Contractor for approved costs consistent with the payment time frames set forth in the preceding paragraph.

5. TERM. District engages Contractor as an independent contractor and Contractor accepts such engagement for the term beginning on October 1, 2026. This Agreement shall be continuing in nature unless and until terminated in accordance with the terms of this Agreement.

6. TERMINATION. District agrees that Contractor may terminate this Agreement with or without cause by providing ninety (90) days written notice of termination to District; provided, however, that District shall be provided a reasonable opportunity to cure any breach under this Agreement by District. District may terminate this Agreement with or without cause. District may terminate this Agreement immediately with cause by providing written notice of termination to Contractor. District shall provide sixty (60) days written notice of termination without cause. Upon any termination of this Agreement, Contractor's sole remedy shall be payment for all work and/or services rendered up until the effective termination of this Agreement, subject to whatever claims or off-sets District may have against Contractor. Contractor shall be paid for services rendered up through the date of termination. All obligations arising under this Agreement shall be null and void as of the termination date, except for Contractor's obligations to turn over all District books, records, or other property (including, without limitation, data stored electronically) in Contractor's possession which relate directly or indirectly to District.

7. INDEPENDENT CONTRACTOR. This Agreement does not create an employee/employer relationship between the Parties. It is the intent of the Parties that Contractor is an independent contractor under this Agreement and not District's employee for

all purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Workers' Compensation Act, and the State unemployment insurance law. Contractor shall retain sole and absolute discretion in the judgment of the manner and means of carrying out Contractor's activities and responsibilities hereunder provided, further that administrative procedures applicable to the Services performed shall be those of Contractor, which policies of Contractor shall not conflict with District, or other government policies, rules or regulations relating to the use of Contractor's funds provided by this Agreement. Contractor agrees that it is a separate and independent enterprise from District, that it has full opportunity to find other business, that it has made its own investment in its business, and that it will utilize the skill necessary to perform the work. This Agreement shall not be construed as creating any joint employment relationship between Contractor and District and District will not be liable for any obligation incurred by Contractor, including but not limited to unpaid minimum wages and/or overtime premiums. Contractor shall not incur expenses on behalf of District, or enter into any contract on behalf of District, either written or oral, or in any other way attempt to obligate or bind District. Instead, all contracts shall be submitted to the District Manager for approval and execution.

8. CARE OF DISTRICT PROPERTY. Contractor shall use all due care to protect the property of the District, its patrons, landowners and authorized guests from damage by Contractor or its employees or agents. Contractor agrees to repair any damage resulting from the Services within twenty-four (24) hours. Any such repairs shall be at Contractor's sole expense, unless otherwise agreed, in writing, by the District.

9. COMPLIANCE WITH LAW. In providing the Services, Contractor shall comply with all applicable laws, rules, and regulations, including but not limited to all orders or requirements affecting the District property placed thereon by any governmental authority having jurisdiction.

10. PERMITS AND LICENSES. All permits or licenses necessary for the Contractor to perform under this Agreement shall be obtained and paid for by the Contractor.

11. INSURANCE. Contractor shall maintain throughout the term of this Agreement the insurance listed below:

Workers' Compensation insurance on behalf of all employees who are to provide a service under this Contract, as required under applicable Florida law and Employer's Liability with limits of not less than \$100,000 per employee per accident, \$500,000 disease aggregate, and \$100,000 per employee per disease.
- b. Commercial General Liability insurance on comprehensive basis including but not limited to bodily injury, property damage, contractual, products and completed operations, and personal injury with limits of not less than (1,000,000.00) per occurrence, (\$2,000,000.00) aggregate covering all work performed under this Agreement.

AGREEMENT FOR ASSET MANAGEMENT SERVICES

- c. Contractual liability insurance covering all liability arising out of the terms of this Agreement.
- d. Automobile liability insurance for bodily injury and property damage, including all vehicles owned, leased, hired and non-owned vehicles with limits of not less than (\$1, 000,000.00) combined single limit covering all work performed under this Agreement.

District shall be named as an additional insured on the commercial general liability policy and the policy shall be endorsed that such coverage shall be primary to any similar coverage carried by District. Certificates of insurance acceptable to District shall be filed by Contractor with District prior to the commencement of the Services. Said certificate shall clearly indicate type of insurance, amount and classification in strict accordance with the foregoing requirements. These certificates shall contain a provision that coverage afforded under Contractor's policies will not be cancelled until at least thirty (30) days prior written notice has been given to District by certified mail. All insurance policies required of Contractor shall be issued by a company authorized to do business under the laws of the State of Florida, with a minimum A.M. Best Rating of "A". The acceptance by District of any Certificate of Insurance does not constitute approval or agreement by District that the insurance requirements have been satisfied or that the insurance policy shown on the Certificate of Insurance is in compliance with the requirements of this Agreement. Should at any time Contractor fail for any or no reason to maintain the insurance coverage required, District may immediately terminate this Agreement. If the initial or any subsequently issued certificate of insurance expires prior to the completion of the Services, Contractor shall furnish to District renewal or replacement certificate(s) of insurance not later than thirty (30) calendar days prior to the date of their expiration.

12. INDEMNIFICATION. Contractor agrees to defend, indemnify, and hold harmless the District and its officers, agents, employees, successors, assigns, members, affiliates, or representatives from any and all liability, claims, actions, suits, liens, demands, costs, interest, expenses, damages, penalties, fines, judgments against the District, or loss or damage, whether monetary or otherwise, arising out of, wholly or in part by, or in connection with the Services to be performed by Contractor, its subcontractors, its employees and agents in connection with this Agreement, including litigation, mediation, arbitration, appellate, or settlement proceedings with respect thereto. Additionally, nothing in this Agreement requires Contractor to indemnify the District for the District's percentage of fault if the District is adjudged to be more than 50% at fault for any claims against the District and Contractor as jointly liable parties; however, Contractor shall indemnify the District for any and all percentages of fault attributable to Contractor for claims against the District, regardless of whether the District is adjudged to be more or less than 50% at fault. Contractor further agrees that nothing herein shall constitute or be construed as a waiver of the District's limitations on liability contained in Section 768.28, *Florida Statutes*, or other statute. RE: 2024 Florida Statutes (including 2025C)
Section 189.0694 Special Districts; Performance Measures and Standards

Beginning October 1, 2024, or by the end of the first full fiscal year after its creation, whichever is later, each special district must establish goals and objectives for each program and activity undertaken by the district, as well as performance measures and standards to determine if the district's goals and objectives are being achieved. Additionally, by December 1 of each year thereafter, each special district must publish an annual report on the district's website describing: (a) The goals and objectives achieved by the district, as well as the performance measures and standards used by the district to make this determination; and (b) Any goals or objectives the district failed to achieve.

District Management had identified the following key categories to focus on for Fiscal Year 2026 and develop statutorily compliant goals for each:

- Community Communication and Engagement
- Financial Transparency and Accountability

Additionally, special districts must provide an annual reporting form to share with the public that reflects whether the goals & objectives were met for the year. District Management has streamlined these requirements into a single document that meets both the statutory requirements for goal/objective setting and annual reporting.

The proposed goals/objectives and the annual reporting form are attached hereto as **Exhibit A** to this memo. District Management recommends that the Board of Supervisors adopt these goals and objectives to maintain compliance and further enhance their commitment to the accountability and transparency of the District.

Re: Commission on Ethics Electronic Financial Disclosure Management System (EFDMS), Financial Disclosure Forms and Required Ethics Training

Ethics Training Requirements:

Pursuant to Section 112.3142, *Florida Statutes*, all Supervisors of a Community Development District organized and existing under the Uniform Community Development District Act of 1980, Chapter 190, *Florida Statutes*, are required to complete four (4) hours of ethics training each calendar year. The four (4) hours of Ethics Training shall be allocated amongst the following categories:

- two (2) hours of ethics law,
- one (1) hour of Sunshine Law; and
- one (1) hour of Public Records law

Supervisors will report their 2026 training when they fill out their Form 1 (Statements of Financial Interests) for the year 2027 by checking a box confirming that they have completed the annual Ethics Training.

Please note that the four (4) hours of the Ethics Training do not have to be completed all at once. *ETHICS TRAINING IS REQUIRED TO BE COMPLETED BY DECEMBER 31, 2026 FOR THE FORM 1 THAT IS FILED IN 2027.*

It is highly recommended that you keep a record of all ethics training used to satisfy the Ethics Training requirements. At present, there is no need to submit a certificate or letter of completion of Ethics Training. However, the Florida Commission on Ethics ("COE") advises that Supervisors maintain a record in the event they are asked to provide proof of completion of all Ethics Training.

Additionally, you may be solicited by a private organization (Florida Association of Special Districts) – to take their Ethics Training Course on their platform for which there is a fee. **You are NOT required to use their services nor pay the fees they charge.** There are several free online resources and links to resources that Supervisors might find helpful, including free training for the two (2) hour ethics portion and links to outside training(s) which can be used to satisfy the other categories of the Ethics Training. **You may take training from any source you choose.**
