Description and History of Audit Firm

Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL is a Treasure Coast public accounting firm, which qualifies as a small business firm, as established by the Small Business Administration (13 CFR 121.38), with offices in Fort Pierce and Stuart. We are a member of the Florida Institute of Certified Public Accountants and the American Institute of Certified Public Accountants. The firm was formed from the merger of Edwards, Berger, Harris & Company (originated in 1972) and McAlpin, Curtis & Associates (originated in 1949). J. W. Gaines and Associates (originated in 1979) merged with the firm in 2004. Our tremendous growth rate experienced over the last 69 years is directly attributable to the firm's unrelenting dedication to providing the highest quality, responsive professional services attainable to its clients.

We are a member of the Private Companies Practice Section (PCPS) of the American Institute of Certified Public Accountants (AICPA) to assure we meet the highest standards. Membership in this practice section requires that our firm meet more stringent standards than standard AICPA membership. These rigorous requirements include the requirement of a triennial peer review of our firm's auditing and accounting practice and annual Continuing Professional Education (CPE) for all accounting staff (whether CPA or non-CPA). For standard AICPA membership, only a quality review is required and only CPAs must meet CPE requirements.

We are also a member of the Government Audit Quality Center ("the Center") of the American Institute of Certified Public Accountants to assure the quality of our government audits. Membership in the Center, which is voluntary, requires our firm to comply with additional standards to promote the quality of government audits.

We have been extensively involved in serving local government entities with professional accounting, auditing and consulting services throughout the entire 69 year history of our firm. Our substantial experience over the years makes us uniquely qualified to provide accounting, auditing, and consulting services to these clients. We are a recognized leader in providing services to governmental and nonprofit agencies on the Treasure Coast and in Central and South Florida, with extensive experience in auditing community development districts and water control districts. We were the independent auditors of the City of Fort Pierce for over 37 years and currently, we are the independent auditors for St. Lucie County since 2002, and for 34 of the 38 years that the county has been audited by CPA firms. Additionally, we have performed audits of the City of Stuart, the City of Vero Beach, Indian River County and Martin County. We also presently audit over 75 Community Development Districts throughout Florida.

Our firm was founded on the belief that we are better able to respond to our clients needs through education, experience, independence, quality control, and personal service. Our firm's commitment to quality is reflected in our endeavor of professional excellence via continuing education, the use of the latest computer technology, professional membership in PCPS and peer review.

We believe our approach to audit engagements, intelligence and innovation teamed with sound professional judgment enables us to explore new concepts while remaining sensitive to the fundamental need for practical solutions. We take pride in giving you the assurance that the personal assistance you receive comes from years of advanced training, technical experience and financial acumen.

The work will be performed out of our Fort Pierce office with a proposed staff of one senior accountant and one or two staff accountants supervised by an audit manager and audit partner. With the exception of the directors of the firm's offices, the professional staff is not specifically assigned to any of our individual offices. Professional Staff Resources (Continued)

Independence – Independence of the public accounting firm, with respect to the audit client, is the foundation from which the public gains its trust in the opinion issued by the public accounting firm at the end of the audit process. This independence must be in appearance as well as in fact. The public must perceive that the accounting firm is independent of the audit entity to insure that nothing would compromise the opinion issued by the public accounting firm. **Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL** is independent of Buckeye Park Community Development District, including its elected officials and related parties, at the date of this proposal, as defined by the following rules, regulations, and standards:

AuSection 220 – Statements on Auditing Standards issued by the American Institute of Certified Public Accountants;

ET Sections 101 and 102 – Code of Professional Conduct of the American Institute of Certified Public Accountants;

Chapter 21A-1, Florida Administrative Code;

Section 473.315, Florida Statutes; and,

Government Auditing Standards, issued by the Comptroller General of the United States.

On an annual basis, all members of the firm are required to confirm, in writing, that they have no personal or financial relationships or holding that would impair their independence with regard to the firm's clients.

Independence is a hallmark of our profession. We encourage our staff to use professional judgment in situations where our independence could be impaired or the perception of a conflict of interest might exist. In the governmental sector, public perception is as important as professional standards. Therefore, the utmost care must be exercised by independent auditors in the performance of their duties.

Ability to Furnish the Required Services

As previously noted in the Profile of the Proposer section of this document, our firm has been in existence for over 69 years. We have provided audit services to some clients for over 30 years continually. Our firm is insured against physical loss through commercial insurance and we also carry liability insurance. The majority of our audit documentation is stored electronically, both on our office network and on each employee laptop or computer assigned to each specific job. Our office computer network is backed up on tape, so in the event of a total equipment loss, we can restore all data as soon as replacement equipment is acquired. In addition, our field laptop computers carry the same data and can be used in the event of emergency with virtually no delay in completing the required services.

ADDITIONAL SERVICES PROVIDED

Arbitrage Rebate Services

Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL also provides arbitrage rebate compliance and related services to governmental issuers. The Tax Reform Act of 1986 requires issuers of most tax-exempt obligations to pay (i.e., "rebate") to the United States government any arbitrage profits. Arbitrage profits are earnings on the investment of bond proceeds and certain other monies in excess of what would have been earned had such monies been invested at a yield equal to the yield on the bonds.

Federal tax law requires that interim rebate calculations and payments are due at the end of every fifth bond year. Final payment is required upon redemption of the bonds. More frequent calculations may be deemed advisable by an issuer's auditor, trustee or bond counsel or to assure that accurate and current records are available. These more frequent requirements are usually contained in the Arbitrage or Rebate Certificate with respect to the bonds.

Our firm performs a comprehensive rebate analysis and includes the following:

- Verifying that the issue is subject to rebate;
- Calculating the bond yield;
- Identifying, and separately accounting for, all "Gross Proceeds" (as that term is defined in the Code) of the bond issue, including those requiring analysis due to "transferred proceeds" and/or "commingled funds" circumstances;
- Determining what general and/or elective options are available to Gross proceeds of the issue;
- Calculating the issue's excess investment earning (rebate liability), if any;
- Delivering appropriate documentation to support all calculations;
- Providing an executive summary identifying the methodology employed, major assumptions, conclusions, and any other recommendations for changes in recordkeeping and investment policies;
- Assisting as necessary in the event of an Internal Revenue Service inquiry; and,
- Consulting with issue staff, as necessary, regarding arbitrage related matters.

GOVERNMENTAL AUDITING EXPERIENCE

- Performance of special compliance audits to ascertain compliance with the applicable local, state and federal laws and regulations;
- Issuance of comfort letters and consent letters in conjunction with the issuance of tax-exempt debt obligations, including compiling financial data and interim period financial statement reviews;
- Calculation of estimated and actual federal arbitrage rebates;
- Assistance in compiling historical financial data for first-time and supplemental submissions for GFOA Certificate of Achievement for Excellence in Financial Reporting;

Continuing Professional Education

All members of the governmental audit staff of our firm, and audit team members assigned to this engagement, are in compliance with the Continuing Professional Education (CPE) requirements set forth in Government Auditing Standards issued by the Comptroller General of the United States. In addition, our firm is in compliance with the applicable provisions of the Florida Statutes that require CPA's to have met certain CPE requirements prior to proposing on governmental audit engagements.

GOVERNMENTAL AUDITING EXPERIENCE (CONTINUED)

The audit team has extensive experience in performing governmental audits and is exposed to intensive and continuing concentration on these types of audits. Due to the total number of governmental audits our team performs, each member of our governmental staff must understand and be able to perform several types of governmental audits. It is our objective to provide each professional employee fifty hours or more of comprehensive continuing professional education each year. This is accomplished through attending seminars throughout Florida and is reinforced through in-house training.

Our firm has made a steadfast commitment to professional education. Our active attendance and participation in continuing professional education is a major part of our objective to obtain the most recent knowledge on issues which are of importance to our clients. We are growing on the reputation for work that our firm is providing today.

Quality Control Program

Quality control requires continuing commitment to professional excellence. **Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL** is formally dedicated to that commitment.

To ensure maintaining the standards of working excellence required by our firm, we joined the Private Companies Practice Section (PCPS) of the American Institute of Certified Public Accountants (AICPA). To be a participating member firm of this practice section, a firm must obtain an independent Peer Review of its quality control policies and procedures to ascertain the firm's compliance with existing auditing standards on the applicable engagements.

The scope of the Peer Review is comprehensive in that it specifically reviews the following quality control policies and procedures of the participating firm:

- Professional, economic, and administrative independence;
- Assignment of professional personnel to engagements;
- Consultation on technical matters;
- Supervision of engagement personnel;
- Hiring and employment of personnel;
- Professional development;
- Advancement;
- Acceptance and continuation of clients; and,
- Inspection and review system.

We believe that our commitment to the program is rewarding not only to our firm, but primarily to our clients.

The external independent Peer Review of the elements of our quality control policies and procedures performed by an independent certified public accountant, approved by the PCPS of the AICPA, provides you with the assurance that we continue to conform to standards of the profession in the conduct of our accounting and auditing practice.

GOVERNMENTAL AUDITING EXPERIENCE (CONTINUED)

Our firm is also a member of Governmental Audit Quality Center (GAQC), a voluntary membership center for CPA firms that perform governmental audits. This center promotes the quality of governmental audits.

Our firm has completed successive Peer Reviews. These reviews included a representative sample of our firm's local governmental auditing engagements. As a result of these reviews, our firm obtained an unqualified opinion on our quality control program and work procedures. On page 31 is a copy of our most recent Peer Review report. It should be noted that we received an unqualified report.

Our firm has never had any disciplinary actions by state regulatory bodies or professional organizations.

As our firm performs approximately seventy five audits each year that are reviewed by federal, state or local entities, we are constantly dealing with questions from these entities about our audits. We are pleased to say that any questions that have been raised were minor issues and were easily resolved without re-issuing any reports.

Certificate of Achievement for Excellence in Financial Reporting (CAFR)

We are proud and honored to have been involved with the City of Fort Pierce and the Fort Pierce Utilities Authority when they received their first Certificates of Achievement for Excellence in Financial Reporting for the fiscal years ended September 30, 1988 and 1994, respectively. We were also instrumental in the City of Stuart receiving the award, in our first year of performing their audit, for the year ended September 30, 1999.

We also assisted St. Lucie County, Florida for the year ended September 30, 2003, in preparing their first Comprehensive Annual Financial Report, and St. Lucie County has received their Certificate of Achievement for Excellence in Financial Reporting every year since.

As continued commitment to insuring that we are providing the highest level of experience, we have had at least one employee of our firm serve on the GFOA – Special Review Committee since the mid-1980s. This committee is made up of selective Certified Public Accountants throughout the United States who have demonstrated their high level of knowledge and expertise in governmental accounting. Each committee member attends a special review meeting at the Annual GFOA Conference. At this meeting, the committee reports on the Certificate of Achievement Program's most recent results, future goals, and common reporting deficiencies.

We feel that our previous experience in assisting the City of Fort Pierce, the Fort Pierce Utilities Authority and St. Lucie County obtain their first CAFRs, and the City of Stuart in continuing to receive a CAFR and our firm's continued involvement with the GFOA, and the CAFR review committee make us a valued asset for any client in the field of governmental financial reporting.

FEE SCHEDULE

We propose the fee for our audit services described below to be \$4,750 for the years ended September 30, 2017 and 2018 and the renewal for the year ending September 30, 2019 will be \$4,900. The fee for the year ending September 30, 2020 will be \$5,000 and the year ending September 30, 2021 will be \$5,150. These fees are contingent upon the financial records and accounting systems of Buckeye Park Community Development District being "audit ready". If we discover that additional preparation work or subsidiary schedules are needed, we will consult with your authorized representative. We can assist with this additional work at our standard rates should you desire.

SCOPE OF WORK TO BE PERFORMED

If selected as the District's auditors, we will perform a financial and compliance audit in accordance with Section 11.45, Florida Statutes, in order to express an opinion on an annual basis on the financial statements of Buckeye Park Community Development District as of September 30, 2017, with four subsequent annual renewals. The audits will be performed to the extent necessary to express an opinion on the fairness in all material respects with which the financial statements present the financial position, results of operations and changes in financial position in conformity with generally accepted accounting principles and to determine whether, for selected transactions, operations are properly conducted in accordance with legal and regulatory requirements. Reportable conditions that are also material weaknesses shall be identified as such in the Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters. Other (non-reportable) conditions discovered during the course of the audit will be reported in a separate letter to management, which will be referred to in the Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters.

Our audit will be performed in accordance with standards for financial and compliance audits contained in *Government Auditing Standards*, as well as in compliance with rules and regulations of audits of special districts as set forth by the State Auditor General in Chapter 10.550, Local Governmental Entity Audits, and other relevant federal, state and county orders, statutes, ordinances, charter, resolutions, bond covenants, Administrative Code and procedures, or rules and regulations which may pertain to the work required in the engagement.

The primary purpose of our audit will be to express an opinion on the financial statements discussed above. It should be noted that such audits are subject to the inherent risk that errors or irregularities may not be detected. However, if conditions are discovered which lead to the belief that material errors, defalcations or other irregularities may exist or if other circumstances are encountered that require extended services, we will promptly notify the appropriate individual.

SPECIFIC AUDIT APPROACH

We utilize proprietary audit program software developed by a nationally recognized CPA firm. Our audit approach is a risk based audit approach where we determine significant accounts and assess risk and then we concentrate our audit on the areas identified.

We would utilize the prior audit report to preliminarily identify the significant accounts.

We would also utilize the internal control, engagement planning questionnaires developed for our audit program to design our audit programs. Our audit programs have the following general segmentation:

• Financial Reports • 12 hours • Audit Director/In charge Staff accountant	In this section, we prepare our working trial balances for each fund and assimilate the financial statements and various reports required.
• Engagement Planning • 8 hours • Audit Director/In charge Staff accountant	This is the section where we identify significant accounts, assess risk, analyze and obtain an understanding of your internal control and develop audit programs.
• Engagement Administration • 2 hours • In charge accountant/ Staff accountants	In this section, we develop and track our audit plan hours and document our review of your minutes.
• Audit Field Work • 30 hours • In charge accountant/ Staff accountant	In this section, we develop and audit specific areas such as assets, liabilities, revenues, expenses/expenditures and your budget.
• Closing the audit • 10 hours • Audit Director/Principal • In charge accountant	In this area, all workpapers are reviewed, the financial statements are prepared/reviewed and we perform a disclosure checklist.

We utilize certain audit programs to determine our sample sizes which are randomly generated and the size is determined based on the parameters entered for the area tested. Most of our testing is non-statistical sampling.

We utilize various software programs during the audit process, including data extraction software.

We utilize various analytical procedures during the entire audit process to reduce testing, maintain audit efficiencies and analyze audit testing results.

We utilize internal control questionnaires to understand and document the District's internal controls. Generally, these questionnaires deal with cycles such as revenues, capital assets and expenses/expenditures.

SPECIFIC AUDIT APPROACH – (Continued)

We have a working knowledge of the various Florida Statutes that impact the financial statements from our extensive experience in the audits of Community Development Districts and our compliance tests of applicable statutes is integrated into our audit processes and programs.

Anticipated Potential Audit Problems

There are no significant potential audit problems we see for the fiscal year ended September 30, 2017. There have been no new GASB pronouncements that impact the District nor have there been any significant changes in compliance areas.

Grau is proud of the fact that the personnel we assign to your audit are some of the most experienced auditors in the field. Unlike many other firms, our auditors work almost exclusively with governmental entities, which mean they are more knowledgeable and efficient on audits like yours. Our engagement partners have decades of experience and take a hands-on approach to our assignments, which all ensures a smoother process for you. Also, due to Grau's very low turnover rate for our industry, you won't have to worry about retraining your auditors from year to year.

- **Service**

Our clients are pleased with the level of personalized service they receive from our talented professionals. Because of our extensive experience, we are adept at making the transition to a new firm as smooth as possible. We work with you to resolve any issues and keep in regular contact so there are no surprises when the final report delivers. In fact, your engagement team will report any potential audit adjustments to you on a regular basis so you will have adequate time to research and respond. Additionally, we have a disaster recovery plan that includes daily data back-ups and offsite file storage, so in the case of an emergency, your records would be safe.

- **Responsiveness**

We pride ourselves on our high level of responsiveness. We answer emails and telephone calls within 24 hours, and usually right away. We are always accessible to clients during business hours, and make every effort to answer any questions as they arise. Additionally, we don't just complete your audit and disappear. We understand the "big picture" and think beyond the traditional auditor's perspective. We remain in touch for the entire year, suggesting ways you can improve your District's performance, procedures and controls. We will update, advise and educate you on new or revised reporting requirements so you are sure to always remain compliant.

- **Reputation**

Our reputation in our field is impeccable. **We have never been involved in any litigation, proceeding or received any disciplinary action. Additionally, we have never been charged with, or convicted of, a public entity crime of any sort.** We have the professional staff available to perform the engagement and resources required to complete the work. Supplemental Information

Specific Audit Approach

SCOPE / WORK PRODUCTS / RESULTS

Grau's Understanding of Work Product / Scope of Services:

We recognize the District is an important entity and we are confident our firm is eminently qualified to meet the challenges of this engagement and deliver quality audit services. ***You would be a valued client of our firm and we pledge to commit all firm resources to provide the level and quality of services (as described below) which not only meet the requirements set forth in the RFP but will exceed those expectations.*** Grau & Associates fully understands the scope of professional services and work products requested. Our audit will follow the Auditing Standards of the AICPA, *Generally Accepted Government Auditing Standards*, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida and any other applicable Federal, State or Local regulations. **We will deliver our reports in accordance with your requirements.**

Proposed segmentation of the engagement

Our approach to the audit engagement is a risk-based approach which integrates the best of traditional auditing techniques and a total systems concept to enable the team to conduct a more efficient and effective audit. The audit will be conducted in three phases, which are as follows:

Phase I - Preliminary Planning

A thorough understanding of your organization, service objectives and operating environment is essential for the development of an audit plan and for an efficient, cost-effective audit. During this phase, we will meet with appropriate personnel to obtain and document our understanding of your operations and service objectives and, at the same time, give you the opportunity to express your expectations with respect to the services that we will provide. Our work effort will be coordinated so that there will be minimal disruption to your staff.

During this phase we will perform the following activities:

- Review the regulatory, statutory and compliance requirements. This will include a review of applicable federal and state statutes, resolutions, bond documents, contracts, and other agreements.
- Read minutes of meetings.
- Review major sources of information such as budgets, organization charts, procedures, manuals, financial systems, and management information systems.
- Obtain an understanding of fraud detection and prevention systems.
- Obtain and document an understanding of internal control. Consider the methods that are used to process accounting information which influence the design of the internal control. This understanding includes knowledge about the design of relevant policies, procedures, and records, and whether they have been placed in operation.
- Assess risk and determine what controls we are to rely upon and what tests we are going to perform. Perform test of controls.
- Develop audit programs to incorporate the consideration of financial statement assertions, specific audit objectives, and appropriate audit procedures to achieve the specified objectives.
- Discuss and resolve any accounting, auditing and reporting matters which have been identified.

Phase II – Execution of Audit Plan

The audit team will complete a major portion of transaction testing and audit requirements during this phase. The procedures performed during this period will enable us to identify any matter that may impact the completion of our work or require the attention of management. Tasks to be performed in Phase II include, but are not limited to the following:

- Apply analytical procedures to further assist in the determination of the nature, timing, and extent of auditing procedures used to obtain evidential matter for specific account balances or classes of transactions.
- Perform tests of account balances and transactions through sampling, vouching, confirmation and other analytical procedures.
- Perform tests of compliance.

Phase III - Completion and Delivery

In this phase of the audit, we will complete the tasks related to year-end balances and financial reporting. All reports will be reviewed with management before issuance, and the partners will be available to meet and discuss our report and address any questions. Tasks to be performed in Phase III include, but are not limited to the following:

- Perform final analytical procedures.
- Review information and make inquiries for subsequent events.
- Meeting with Management to discuss preparation of draft financial statements and any potential findings or recommendations.

You should expect more from your accounting firm than a signature in your annual financial report. Our concept of truly responsive professional service emphasizes taking an active interest in the issues of concern to our clients and serving as an effective resource in dealing with those issues. In following this approach, we not only audit financial information with hindsight but also consider the foresight you apply in managing operations.

Application of this approach in developing our management letter is particularly important given the increasing financial pressures and public scrutiny facing today's public officials. We will prepare the management letter at the completion of our final procedures.

In preparing this management letter, we will initially review any draft comments or recommendations with management. In addition, we will take necessary steps to ensure that matters are communicated to those charged with governance.

In addition to communicating any recommendations, we will also communicate the following, if any:

- Significant audit adjustments;
- Significant deficiencies or material weaknesses;
- Disagreements with management; and,
- Difficulties encountered in performing the audit.

Our findings will contain a statement of condition describing the situation and the area that needs strengthening, what should be corrected and why. Our suggestions will withstand the basic tests of corrective action:

- The recommendation must be cost effective;
- The recommendations are to be the simplest to effectuate in order to correct a problem;
- The recommendation must go to the heart of the problem and not just correct symptomatic matter; and
- The corrective action must take into account why the deficiency occurred.

To assure full agreement with facts and circumstances, we will fully discuss each item with Management prior to the final exit conference. This policy means there will be no “surprises” in the management letter and fosters a professional, cooperative atmosphere.

Communications

We emphasize a continuous, year-round dialogue between the District and our management team. We typically begin our audit process with an entrance conference before the onsite fieldwork begins. We regularly communicate through personal telephone calls and electronic mail throughout the audit and on a regular basis. Our clients have the ability to transmit information to us on our secure client portal with the ability to assign different staff with separate log on and viewing capability. This further facilitates efficiency as all assigned users receive electronic mail notification as soon as new information has been posted into the portal. We strive to continue to keep an open line of communication through the fieldwork and ending with an exit conference.

Additional Services

CONSULTING / MANAGEMENT ADVISORY SERVICES

Grau & Associates also provide a broad range of other management consulting services. Our expertise has been consistently utilized by Governmental and Non-Profit entities throughout Florida. Examples of engagements performed are as follows:

- Accounting systems
- Development of budgets
- Organizational structures
- Financing alternatives
- IT Auditing
- Fixed asset records
- Cost reimbursement
- Indirect cost allocation
- Grant administration and compliance

ARBITRAGE

The federal government has imposed complex rules to restrict the use of tax-exempt financing. Their principal purpose is to eliminate any significant arbitrage incentives in a tax-exempt issue. We have determined the applicability of these requirements and performed the rebate calculations for more than 150 bond issues, including both fixed and variable rate bonds. Please find a partial list of clients served on the following pages.

While additional data may be presented, the following subjects, items Nos. 2 through 10, must be included. They represent the criteria against which the proposal will be evaluated.

We believe our proposal demonstrates the qualifications of the firm and of the staff to be assigned to this engagement. It also specifies an audit approach that will meet the RFP requirements.

Our proposal addresses all the points outlined in the request and provides a straightforward, concise description of the proposer's capabilities to satisfy the requirements.

2. Independence

The firm should provide an affirmative statement that is independent of the District as defined by generally accepted auditing standards/the most current applicable U.S. General Accounting Office's Government Auditing Standards.

The firm also should provide an affirmative statement that is independent of all of the component units of the District as defined by those same standards.

We agree to give the District written notice of any professional relationships entered into during the period of this agreement.

3. License to Practice in Florida

An affirmative statement should be included indicating that the firm and all assigned key professional staff are properly registered/licensed to practice in the State of Florida.

Keefe McCullough is properly licensed in the State of Florida by the Department of Professional Regulation. Our license number is AD0010282. Further, all members of the firm that are designated as Certified Public Accountants are properly licensed in the State of Florida.

Our office consists of eight partners, approximately seventy-five (75) professional accounting staff members and administrative support personnel. Our governmental audit staff consists of thirty-five professionals. Keefe McCullough has grown as a firm for over forty-five (45) years. The work on this engagement will be performed in our office located in Ft. Lauderdale.

The firm is also required to submit a copy of the report on its most recent external quality control review, with a statement whether that quality control review included a review of specific government engagements.

Our firm participates in the American Institute of Certified Public Accountants Peer Review Program and we have received unmodified opinions on all of our previous peer reviews. One eight-hour governmental seminar is offered to our governmental clients. In addition, our entire professional governmental accounting staff takes eighty hours of "governmental qualified" continuing education courses every two years.

A profile of each audit team member is included in Section III, which lists specific governmental experience, qualifications and continuing professional education.

We have experienced very low turnover of our professional accounting staff members and our firm philosophy emphasizes direct partner involvement in each engagement including various phases of the audit fieldwork and review processes. We believe this partner involvement positively impacts engagement staff continuity.

Engagement partners, managers, other supervisory staff and specialists may be changed if those personnel leave the firm, are promoted or are assigned to another office. These personnel may also be changed for other reasons with the express prior written permission of the District. However, in either case, the District retains the right to approve or reject replacements.

Keefe McCullough has a steadfast commitment to accuracy, our audit process is based on a thorough initial planning process, open and honest lines of communication throughout the year, and a specific methodology of analysis and quality review that will ensure a successful audit, as well as a successful relationship with the District and its professionals year after year. We have developed this successful methodology and are recognized for the quality and thoroughness of our audit process.

Our audit approach is focused on listening to and understanding you and your organization, not only the flow of transactions and internal controls, but also your strategies and risks. This enables us to identify key audit components and tailor our procedures to the unique aspects of the District's business. We hire the most competent people and invest heavily in systems that ensure consistency, objectivity, and accountability for results in strict compliance with professional standards. We also rely on experience. Our senior people are extensively involved in the audit process and will seek active dialogue with the District's leadership. The benefit to the District is an effective, cost-efficient, independent audit performed within your time requirements by experienced professionals.

Our audit process is continuous, whereby we address and resolve issues, throughout the year, not just at year end. We encourage client communication throughout the year.

As part of our commitment to you, we have developed a business advisory approach to audit services, which looks beyond accounting entries to underlying transactions and business systems. We place substantial emphasis on understanding your operations and fundamental business strategies. We don't view your audit as a commodity. Instead, we see it as a tool that you can use to improve your operations and service delivery. We contribute recommendations about your internal controls, operating and accounting procedures, and other important matters.

In summary, development of the specific audit plan is accomplished through:

- Meeting with District management to obtain an understanding of your business concerns and challenges.
- Thoroughly understanding and documenting the financial management and information systems.

- Evaluating economic and industry factors affecting operations.
- Identifying major areas of audit risk.
- Coordinating the audit process with the accounting and finance personnel.
- Performing testing on interim balances to minimize the amount of year-end testing.

Our audit approach is conducted in three segments and involves communication throughout:

Segment 1 - Strategic Planning and Risk Assessment - Completed in October

Planning is the most critical segment to a successful audit. This segment will commence with a joint meeting between Keefe McCullough, District Management, and its Finance Department. This meeting is important to ensure a coordinated audit and will cover our preliminary plan for conducting the audit to meet the District's timing requirements and reporting issues.

During this segment, we will obtain a thorough understanding of your organization and its operations. We will document your systems and perform tests of controls to evaluate their effectiveness. We will obtain certain documents for our permanent files. Confirmation requests will be selected, and we will work with the District's personnel to determine the timing of the final audit fieldwork. We will also perform the risk assessments required to determine our audit approach and procedures. After this segment is completed, we will provide the District and accountants with a list of items needed for the year-end work and meet with management to provide a status update.

Segment 2 - Comprehensive Testing and Analysis - Completed in November

This segment will occur when the District's Finance Department have prepared a trial balance of its year-end general ledger accounts and completed the working papers agreed upon during planning. This phase includes substantive audit procedures that involve obtaining or examining evidence to verify the propriety of such balances. Throughout audit fieldwork, we will meet with members of the management team to discuss the results of the audit.

Segment 3 - Report Delivery and Follow Up - Completed in December

The final segment involves the independent partner quality control review of your financial statements and completion of the report on internal control and other required reports. All draft reports will be reviewed with District Management before issuance. We will adhere to the report timelines you have outlined in your request for proposal. All partners will be available to present final audit report to District Board.

Segments of our audit approach:

The following section gives an overview of the procedures we anticipate will be implemented during the audit. It does not include every step of the audit, but indicates our understanding of the intricacies of governmental entities. Audit procedures are continually evaluated throughout the audit process and adjustments made based on the District's operations, internal controls, and any significant issues that are identified.

Sample selections are reviewed and evaluated to ensure that they are representative of the population and of adequate size based on a variety of factors.

Analytical Procedures

Analytical procedures may range from simple comparisons to complex models involving many relationships and elements of data. Generally accepted auditing standards require the use of analytical procedures in all audits of financial statements.

Our analytical procedures are conducted in each segment of the engagement. Analytical procedures are performed during our interim work to help us plan the audit and determine where we might need to focus additional attention. Preliminary procedures are performed using the District's trial balance and budget report prior to audit entries. The engagement team reviews the current-year information and compare it to prior year actual amounts, the current budget, and other expected results.

Final analytical review takes place after all audit entries are posted. The partners and managers review the financial statements, looking for variances to our expectations. Items that exceed our predetermined variance threshold are highlighted for further investigation. This investigation includes reviewing detail transactions, vouching a sample of transactions, discussions with management, and validation techniques. Explanations of variances are documented in our file, with the results used to determine the extent of any additional audit testing or financial statement disclosures.

Use of Technology

Keefe McCullough minimizes fees by conducting a completely paperless audit using proven processes and comprehensive auditing software. This investment in technology supports real-time communication with our engagement team at any time and from anywhere. This provides a seamless trail from initial planning through the final financial statement issuance.

In addition, we have certified network engineers (CNE) on our staff to assist with our assurance engagement. They assist during risk assessment of key internal controls and in various other phases of fieldwork.

Transition from Current Auditor

Changing auditors for the District should not be a difficult task. Fortunately, our engagement team has had many opportunities over the years to step in as the new auditor. This experience helps ensure that the transition goes as smoothly as possible. From communicating with the predecessor auditor, reviewing their working papers, documenting and understanding your business processes, to building a set of audit permanent files, we will focus on minimizing the challenges that sometimes come with an auditor change. We will obtain as much information as possible from your predecessor auditor and then assemble a list of any items needed from District management. Because of your engagement team's experience with similar entities, Keefe McCullough will hit the ground running, resulting in minimal disruption to management's day-to-day schedules.

9. Identification of Anticipated Potential Audit Problems

The proposal should identify and describe any anticipated potential audit problems, the firm's approach to resolving these problems and any special assistance that will be requested from the District.

At this time, we are not aware of any potential audit problem areas. If selected, we will communicate any potential problem areas we become aware of during the audit. At that time, we would outline our approach to resolving such problem areas and the level of assistance necessary from the District's personnel.

10. Report Format

The proposal should include sample formats for required reports.

We have included a copy of the audited financial statements of Wentworth Estates Community Development District for the year ended September 30, 2016 in the proposal package.
