RE: 2024 Florida Statutes (including 2025C)
Section 189.0694 Special Districts; Performance Measures and Standards

---

Beginning October 1, 2024, or by the end of the first full fiscal year after its creation, whichever is later, each special district must establish goals and objectives for each program and activity undertaken by the district, as well as performance measures and standards to determine if the district's goals and objectives are being achieved. Additionally, by December 1 of each year thereafter, each special district must publish an annual report on the district's website describing: (a) The goals and objectives achieved by the district, as well as the performance measures and standards used by the district to make this determination; and (b) Any goals or objectives the district failed to achieve.

District Management has identified the following key categories to focus on for Fiscal Year 2026 and develop statutorily compliant goals for each:

- Community Communication and Engagement
- Financial Transparency and Accountability

Additionally, special districts must provide an annual reporting form to share with the public that reflects whether the goals & objectives were met for the year. District Management has streamlined these requirements into a single document that meets both the statutory requirements for goal/objective setting and annual reporting.

The proposed goals/objectives and the annual reporting form are attached hereto as **Exhibit A** to this memo. District Management recommends that the Board of Supervisors adopt these goals and objectives to maintain compliance and further enhance their commitment to the accountability and transparency of the District.
