The second order of business deals with the approval of the March 3, 2018.

The third order of business is consideration of Resolution 2018-3 amending the date of the Public Hearing for the adoption of the District's FY 2019 Budget, to August 2, 2018. The time and location of the Public Hearing remain the same.

The fourth order of business is two (2) required Public Hearings to consider the adoption of the District's Fiscal Year 2019 Budget, Assessments and General Fund Special Assessment Methodology. The first Public Hearing deals with the adoption of the Fiscal Year 2019 Budget which includes both the General Fund operations and the Debt Service Funds for the Series 2014 and Series 2017 Bonds. In the way of background, the Board approved the Fiscal Year 2019 Budget at the solely for the purpose of permitting the District to move through the process towards this hearing to adopt the Budget and set the final assessment rates for the ensuing Fiscal Year.

As a suggested form for the Public Hearing – it would be appropriate to formally open the Public Hearing for consideration of the Budget, take a few moments to have the District Manager review the salient points of the Budget for the Public, then seek Public Comment or testimony, and at the conclusion of the Public Comment and testimony to close the Public Hearing by motion of the Board, then to move into the Board's consideration of the Budget and once that is concluded, to consider Resolution 2018-4 to adopt the annual appropriation and budget for the District. Once this item is concluded, then it would be recommended for the Board to move to the second Public Hearing utilizing the same process as just completed for the Budget Hearing.

This second Public Hearing is a consequence of the Budget Adoption process and sets in place the required documents that are all contained in the Fiscal Year 2019 Budget. Resolution 2018-5 does essentially three (3) things. First, it imposes the special assessments for the general fund and the debt service fund; second, it arranges for the certification of an assessment roll by the

Chairman or his designee, which in this case is the District Manager, to the Manatee County Tax Collector and permits the District Manager to update the roll as it may be modified as limited by law subsequent to the adoption date of Resolution 2018-4 and finally it approves the General Fund Special Assessment Methodology.

The fifth item is consideration of Resolution 2018-6 setting the proposed meeting schedule for Fiscal Year 2019. As you may recall, to the extent that the District has a regular meeting schedule the District is required to advertise this schedule (legal advertisement) on a periodic basis at the beginning of the Fiscal Year.

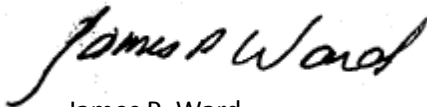

Currently, the Board is scheduled to meet on the **first Thursday** of each month **at 2:00 P.M.** unless otherwise indicated, at the River Strand Golf and Country Club, (Clubhouse), 7155 Grand Estuary Trail, Bradenton Florida, 34212.

The Fiscal Year 2019 schedule is as follows

October 4, 2018	November 1, 2018
December 6, 2018	January 3, 2019
February 7, 2019	March 7, 2019

June 6, 2019	July 4, 2019
August 1, 2019	September 5, 2019

The balance of the Agenda is standard in nature and I look forward to seeing you at the meeting, and if you have any questions and/or comments, please do not hesitate to contact me directly at (954) 658-4900.

Yours sincerely,

**MINUTES OF MEETING OF HERITAGE HARBOUR NORTH
COMMUNITY DEVELOPMENT DISTRICT**

The Regular Meeting of the Heritage Harbour North Community Development District's Board of Supervisors was held on Thursday, May 3, 2018, at 2:00 p.m., at the River Strand Golf and Country Club (Clubhouse), 7155 Grand Estuary Trail, Bradenton, Florida 34212.

Present and constituting a quorum were:

Terrence Kirschner	Chairperson
Nancy Lyons	Vice Chairperson
Mike Fisher	Assistant Secretary
Pauline Tasler	Assistant Secretary
John Wisz (via telephone)	Assistant Secretary

Also present were:

James P. Ward	District Manager
Greg Urbancic	District Counsel

1. Call to Order & Roll Call

Mr. Ward called the meeting to order at 2:00 p.m., and roll call determined that all members of the Board were present.

2. Consideration of the Minutes

a) August 3, 2017 – Regular Meeting

Mr. Ward asked if there were any additions, corrections, or deletions to the minutes. There being none, he asked for a motion.

Motion was made by Mr. Fisher and seconded by Mr. Wisz, to approve the August 3, 2017 minutes, and with all in favor, the motion was approved.

3. Consideration of Resolution 2018-1 Approving the Proposed Budget for Fiscal Year 2019 and Setting the Public Hearing on the Proposed Budget for Thursday, July 5, 2018 at 2:00 PM at the River Strand Country Club, 7155 Grand Estuary Trail, Bradenton, Florida 34212

Mr. Ward stated this item was the primary purpose of their meeting and would start the process towards the adoption of the Fiscal Year 2019 Budget. He said the resolution before the Board approved the budget solely for the purpose of setting the Public Hearing, which had been scheduled for Thursday, July 5, 2018, at 2:00 p.m. at the River Strand Gold and Country Club. He said approval of the budget was not binding to any of the programs or costs or rates that were contained there, but allowed them to move through the process so that by the time of July 5, 2018, they would be in a position to adopt the budget and set the rates. He pointed out, however, that no meetings were scheduled before the Public Hearing date, and so today's meeting was the time to make changes.

Mr. Ward began a review of the budget on Page 2, which gave the assessment comparison for the General Fund which went from \$59.98 a year up to \$68.77 a year for Fiscal Year 2019. He explained the only reason there was a change was the anticipated cash balance at the end of this year was \$19,677, which was a little low for the District. He said he had added \$15,500 to the Operating Reserve. He reported that other than that, there were no changes to the General Fund.

There ensued some general discussion about the number of units in the District. Mr. Ward stated he would double check that figure.

Mr. Ward continued that there were two debt service funds, the 2014 Bonds and the refinanced 2007 Bonds. He said the rates on these bonds had remained relatively constant and would continue to be so due to a new method of calculation. He further explained this meant that each owner would have a consistent amount each year.

A question was asked about what the insurance covered. Mr. Ward responded this insurance was for directors' and officers' liability and general liability for the District.

It was pointed out the insurance had gone up 50%. Mr. Ward responded this was for 1/3 of his health insurance, and he said it had gone up.

Mr. Ward asked for a motion to adopt the resolution.

Motion was made by Ms. Lyons and seconded by Ms. Tasler to adopt Resolution 2018-1 as described above, and with all in favor, the motion was approved.

- 4. Consideration of Resolution 2018-2 Accepting the Certification of the District Engineer that the Series 2014 Project is Completed; Declaring the Series 2014 Project Complete; Finalizing the Special Assessments Securing the District Series 2014 Special Assessment Bonds; Providing a Supplement to the Improvement Lien Book; Declaring that Certain True-Up Obligations Remain the Same**

Mr. Ward stated this was simply a ministerial matter from a reporting requirement within the bond indenture itself which required the engineer to certify the project complete and a provision in the statute which required the Board to do this also. He said Mr. Cooper, the District Engineer, had certified the project as complete. The resolution adopted this and then Mr. Ward said he would transmit it to the Trustees.

It was pointed out that the resolution contained the wrong date, and Mr. Ward said he would correct that.

Mr. Ward called for a motion to the resolution.

Motion was made by Ms. Lyons and seconded by Ms. Tasler to adopt Resolution 2018-2, and with all in favor, the motion was approved.

5. Consideration of Audit Proposals for the Fiscal Years ending September 30, 2018 through September 30, 2022

Mr. Ward said in Florida there was a laborious process where Request for Proposals must be prepared, sent out, advertised and bids received. He said the Board would be the Audit Committee and review the proposals received using the analysis form provided and then determine a ranking for each auditor.

It was noted that there were two auditor proposals, Grau & Associates and Berger Toombs. These proposals were discussed and questions were asked by the Board.

Mr. Ward informed the Board he had worked with both firms for many years and said both were well qualified. He added that the District's current auditor had not bid, and a discussion of why this might be ensued.

Mr. Wisz asked if the fees were static and would contain no surprises. Mr. Ward responded affirmatively.

Ms. Lyons asked if there was any conflict of interest with either firm, and Mr. Ward responded none of which he was aware.

Mr. Ward was asked if he had a preference of either of these firms, and he responded negatively. He said in his analysis they were equal and in his estimation Grau Associates would get more points for the lower fees charged, Grau 35 and Berger 34.

Mr. Wisz stated he would vote for the less expensive option.

Mr. Ward stated the choice was for the Board to make, but they would need to make a motion to accept that ranking and authorize the staff to enter into a contract with Grau Associates.

Mr. Ward called for a motion.

Motion was made by Mr. Wisz and seconded by Ms. Tasler to accept the Audit Proposal from Grau Associates, and with all in favor, the motion was approved.

6. Staff Reports

- a) **Attorney** – No report.
- b) **Engineer** – No report.
- c) **Manager** - Mr. Ward reported that the statute required him to report to the Board each year the number of registered voters within the District; he said the number was 1,806 as of April 15, 2018. He added there would be an election this year for Mr. Kirschner's seat. He said the election would be a qualified elector based election. He said no action was required.

Mr. Ward pointed out that three seats were up for election this year: Ms. Lyons, Mr. Wisz and Mr. Kirschner. He said the agenda packets included the qualifying information so they could qualify for election. He said the packet contained the address and deadlines for submitting forms. He explained Ms. Lyons had Seat 1, Mr. Wisz had Seat 3, and a new person was needed for Seat 5. He emphasized that they not miss the deadline.

7. Supervisor's Requests and Audience Comments

There were no comments from the Board or audience.

8. Adjournment

Motion was made by Mr. Fisher and seconded by Mr. Kirschner to adjourn the meeting, and with all in favor, the motion was approved.

The meeting was adjourned at 2:32 p.m.

HERITAGE HARBOUR NORTH COMMUNITY DEVELOPMENT DISTRICT

1.0 PURPOSE

This report is intended to introduce to the Heritage Harbour North Community Development District an operations methodology to fund the annual operations and maintenance requirements for the District. The methodology will outline the properties within the District that are subject to the Assessment and the benefit conferred on each property by the services and projects provided by the Districts' operational and maintenance activities. This report covers the District Fiscal Year 2019, which begins on October 1, 2018 and ends on September 30, 2019.

The Methodology will have two (2) primary objectives: (1) to determine the special and peculiar benefits that flow to the assessable properties in the District; and (2) apportioning the proportionate benefits on a basis that is fair and reasonable. The Methodology herein is intended to set forth a framework to apportion the costs associated with the operations and maintenance expenditures benefiting properties on a fair and equitable apportionment. The report is designed to conform to the requirements of Chapter's 189, 190 and 197, Florida Statutes and is consistent with the District's understanding of the case law on this subject.

2.0 BACKGROUND

The District was established by Manatee County effective on November 13, 2006, and is located within unincorporated Manatee County and encompasses approximately 1066.58 acres of land. The development called Heritage Harbour is situated within the Heritage Sound Development of Regional Impact, and approved DRI located at the northeast corner of the State Road 64 and Interstate 75 interchange in northeast Manatee County. The District is a part of the Heritage Harbour development which is approximately 2,500 acres of land, and consists of three (3) Community Development Districts.

3.0 REQUIREMENTS FOR A VALID ASSESSMENT METHODOLOGY

Valid assessments under Florida Law have two (2) requirements. First, the properties assessed must receive a special and peculiar benefit as a logical connection from the systems and services constituting improvements. The courts recognize the special

benefits that flow as a logical connection peculiar to the property which in turn may result in decreased insurance premiums and increased value and marketability. Second, the assessments must be fairly and reasonably apportioned in relation to the benefit received by the various properties being assessed.

If these two tests for lienability are determined in a manner that is informed and non-arbitrary by the Board of Supervisors of the District, as a legislative determination, then the special assessments may be levied, imposed and collected as a first lien on the property. Florida courts have found that it is not necessary to calculate benefit with mathematical precision at the time of imposition and levy so long as the levying and imposition process is not arbitrary, capricious or unfair.

4.0 ASSESSMENT ALLOCATION STRUCTURE

Special and peculiar benefits flow as a logical connection to the property from the operation and maintenance related services provided as a logical consequence to the property within the boundary of the District. These special benefits are peculiar to the acreage and later down to the actual platted units or parcels. The special benefits that justify imposing the assessment on the acreage include enhanced enjoyment and increased use, which may result in such positive consequences as increased value and marketability and decreased insurance premiums when levied on the various platted units or parcels of property.

5.0 ASSIGNMENT OF ASSESSMENTS

The apportionment of benefit in such a methodology report is based on accepted practices for the fair and equitable apportionment of special benefits in accordance with applicable laws and the procedure for the imposition, levy and collection of non ad valorem special assessments as set forth in the District Act and in conformity with State Laws applicable to such assessments.

The standard assessment analysis utilizes an allocation based upon the benefit that a property receives from each separate component of the District's O&M activities. The Fiscal Year 2018 General Fund Budget is financial and administrative in nature so the assessments should be based equally and ratably on an equivalent number of residential units assigned to the property. Each Equivalent Residential Unit (ERU) is one (1) Single Family Home, Coach Home, Townhome, Single Family Attached, Single Family – Twin Villa, regardless of the size of the lot, or each Condominium Unit.

6.0 ASSESSMENT ROLL

As described above, the allocation associated with the District's General Fund Activities will be initially distributed across all assessable units within the boundaries of the District. Table 1 provides the assessment roll based on updated parcel account information provided by the Manatee County Property Appraiser's office assigning the appropriate parcel identification numbers for the lands currently platted within the boundaries of the District. As all District lands are platted and the appropriate parcel identification numbers assigned by the Property Appraiser are known, the following table will be updated to reflect any changes in parcel amounts within the boundaries of the Development.

Required Communications

As discussed with the Board of Supervisors and Management during our planning process, our audit plan represented an approach responsive to the assessment of risk for the District. Specifically, we planned and performed our audit to:

- Perform audit services, as requested by the Board of Supervisors, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, in order to express an opinion on the District's financial statements for the year ended September 30, 2017;
- Communicate directly with the Board of Supervisors and Management regarding the results of our procedures; and
- Address with the Board of Supervisors, and management any accounting and financial reporting issues.

Accounting Policies, Sensitive Estimates and Significant Disclosures

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. In addition, certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The following table identifies sensitive estimates and significant disclosures.

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Heritage Harbour North Community Development District (hereinafter referred to as "District"), as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 20, 2018, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

Heritage Harbour North Community Development District Management's Discussion and Analysis

Our discussion and analysis of the Heritage Harbour North Community Development District's financial performance provides an overview of the District's financial activities for the fiscal year ended September 30, 2017. Please read it in conjunction with the District's financial statements, which begin on page 9.

FINANCIAL HIGHLIGHTS

- At September 30, 2017, the liabilities of the District exceed its assets by approximately \$13.9 million (deficit net position). The deficit is due to the use of capitalized interest, and the depreciation and conveyance of capital assets.
- During the fiscal year ended September 30, 2017, the District acquired infrastructure totaling approximately \$1.3 million, of which approximately \$300,000 was contributed by the developer.
- During the year ended September 30, 2017, the District issued Series 2017 Bonds totaling \$19,515,000 to refund the Series 2007 Bonds. In conjunction with this bond issuance, the District incurred cost of issuance expenditures totaling approximately \$1 million.
- During the year ended September 30, 2017, the District incurred approximately \$1.1 million of interest expenditures and repaid principal of \$145,000 on the outstanding bonds.

USING THE ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities on pages 9 – 10 provide information about the activities of the District as a whole and present a longer-term view of the District's finances. Fund financial statements start on page 10. For governmental activities, these statements tell how these services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds.

Reporting the District as a Whole

Our analysis of the District as a whole begins on page 5. One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

Heritage Harbour North Community Development District Management's Discussion and Analysis

These two statements report the District's net position and related changes during the current year. You can think of the District's net position – the difference between assets and liabilities – as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position is one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors; however, such as changes in the District's assessment base and the condition of the District's infrastructure, to assess the overall health of the District.

Reporting the District's Most Significant Funds

Our analysis of the District's major funds begins on page 6. The fund financial statements begin on page 11 and provide detailed information about the most significant funds – not the District as a whole. Some funds are required to be established by State law and by bond covenants. All of the District's funds are governmental fund-types.

- *Governmental funds* – All of the District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

During the fiscal year ended September 30, 2017, total assets and liabilities decreased by approximately \$2.2 million and \$1.4 million, respectively. The decrease in assets is primarily due to the use of Series 2007 investment funds to defease the remaining Series 2007 Bonds. The decrease in liabilities is primarily due to the refunding of the Series 2007 Bonds and principal payments on outstanding Series 2014 Bonds.

Revenues increased over the prior year, while expenses decreased by approximately \$409,000 from the prior year. The increase in revenues is primarily due to the contribution of assets to the District by the developer. The decrease in expenses was primarily due to the conveyance of certain utility assets to Manatee County in fiscal year 2016. The overall decrease in net position for fiscal year ended September 30, 2017 totaled approximately \$771,000.

THE DISTRICT'S FUNDS

As the District completed the year, its governmental funds (as presented in the balance sheet on page 10) reported a combined fund balance of approximately \$1.1 million, which is a decrease from last year's balance that totaled approximately \$3.9 million. Significant transactions are discussed below.

Heritage Harbour North Community Development District Management's Discussion and Analysis

- During the year ended September 30, 2017, the District incurred approximately \$1.1 million of interest expenditures and repaid principal of \$145,000 on the outstanding bonds.

GOVERNMENTAL FUNDS BUDGETARY HIGHLIGHTS

An Operating budget was established by the governing board for the District pursuant to the requirements of Florida Statutes. The budget to actual comparison for the general fund, including the original budget and final adopted budget, is shown at page 26.

The District experienced a favorable variance in revenues and an unfavorable variance in expenditures as compared to the budget in the amount of \$1,344 and \$10,633, respectively. The variance in revenues is primarily related to excess amounts received from the tax collector. The variance in expenditures is primarily due to unanticipated legal expenditures that were incurred during the year.

FUTURE FINANCIAL FACTORS

Heritage Harbour North Community Development District is an independent special district that operates under the provisions of Chapter 190, Florida Statutes. The District operates under an elected Board of Supervisors, which establishes policy and sets assessment rates. Assessment rates for fiscal year 2018 were established to provide for the operations of the District as well as the necessary debt service requirements.

Heritage Harbour North Community Development District Notes to Financial Statements

NOTE 1: NATURE OF ORGANIZATION

The Heritage Harbour North Community Development District (the “District”) was established on November 13, 2006 pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes, by Manatee County Ordinance No. 06-71, as amended. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by a Board of Supervisors (“Board”), which is comprised of five members. The Supervisors are elected on an at large basis by the owners of the property within the District. During the reporting period, certain Supervisors were affiliated with the Developer of the community, Lennar Homes, LLC. The Board of Supervisors of the District exercises all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the final responsibility for:

1. Assessing and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include or exclude a potential component unit in the reporting entity was made by applying the criteria set forth by Generally Accepted Accounting Principles (GAAP) as defined by the Governmental Accounting Standards Board (GASB). Based on the foregoing criteria, no potential component units were found.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the District conform to GAAP as applicable to governments in accordance with those promulgated by GASB. The following is a summary of the more significant policies:

Government-wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements.

Heritage Harbour North Community Development District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the non-fiduciary activities of the primary government. Governmental activities, which normally are supported by assessments, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The business-type activities are reported separately in government-wide financial statements; however, at September 30, 2017, the District did not have any significant business-type activities. Therefore, no business-type activities are reported. Assessments and other items not properly included as program revenues (i.e., charges to customers or applicants who purchase, use, or directly benefit from goods or services) are reported as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and other similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments, including debt service assessments along with operation and maintenance assessments, are non-ad valorem special assessments imposed on all lands located within the District and benefited by the District's activities, operation and maintenance. Assessments are levied and certified for collection by the District prior to the start of the fiscal year which begins October 1st and ends on September 30th. Operation and maintenance special assessments are imposed upon all benefited lands located in the District. Debt service special assessments are imposed upon certain lots and lands as described in each resolution imposing the special assessment for each series of bonds issued by the District.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

General Fund – The General Fund is the primary operating fund of the District. It is used to account for all financial resources except those required to be accounted for in other funds.

Debt Service Fund – The Debt Service Fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt for the Series 2007 Bonds, Series 2014 Bonds and Series 2017 Bonds.

Capital Projects Fund – The Capital Projects Fund accounts for the financial resources to be used in the acquisition or construction of major infrastructure within the District financed with the Series 2007 Bonds and Series 2014 Bonds.

For the year ended September 30, 2017, the District does not report any proprietary funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned, or unassigned resources are available for use in the governmental fund financial statements, it is the government's policy to use committed resources first, followed by assigned resources, the unassigned resources as needed.

Cash, Deposits and Investments

The District maintains deposits with "Qualified Public Depositories" as defined in Chapter 280, Florida Statutes. All Qualified Public Depositories must place with the Treasurer of the State of Florida securities in accordance with collateral requirements determined by the State's Chief Financial Officer. In the event of default by a Qualified Public Depository, the State Treasurer will pay public depositors all losses. Losses in excess of insurance and collateral will be paid through assessments between all Qualified Public Depositories.

Under this method, all the District's deposits are fully insured or collateralized at the highest level of security as defined by GASB, Statement Number 40, *Deposits and Investment Disclosures (An Amendment of GASB, Statement Number 3)*.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The District is authorized to invest in financial instruments as established by Section 218.415, Florida Statutes. The authorized investments include among others direct obligations of the U. S. Treasury; the Local Government Surplus Trust Funds as created by Section 218.405, Florida Statutes; SEC registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and interest-bearing time deposits or savings accounts in authorized financial institutions.

Capital Assets

Capital assets, which include primarily infrastructure assets (e.g., roads, sidewalks, water management systems and similar items), are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial/individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost and estimated historical cost if purchased or constructed. Donated assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the primary government are depreciated using the straight-line method over the following estimated useful lives: earthwork: 25-30 years; landscaping and irrigation: 15 years; professional fees: 20-30 years; utilities: 25 years; and water management: 25-30 years.

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the U.S. requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line or effective interest method. Bonds payable are reported net of these premiums or discounts. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as current period expenses.

Heritage Harbour North Community Development District Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position includes a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District only has one item that qualifies for reporting in this category: the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District does not have any of this type of item at September 30, 2017.

Fund Equity

Net position in the government-wide financial statements represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources and is categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents assets related to infrastructure and property, plant and equipment, net of any related debt. Restricted net position represents the assets restricted by the District's bond covenants.

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned, or unassigned. Nonspendable fund balance cannot be spent because of its form. Restricted fund balance has limitations imposed by creditors, grantors, or contributors or by enabling legislation or constitutional provisions. Committed fund balance is a limitation imposed by the District board through approval of resolutions. Assigned fund balance is a limitation imposed by a designee of the District board. Unassigned fund balance in the General Fund is the net resources in excess of what can be properly classified in one of the above four categories. Negative unassigned fund balance in other governmental funds represents excess expenditures incurred over the amounts restricted, committed, or assigned to those purposes.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Special Assessments

The District's Assessments are included on the property tax bill that all landowners receive. The Florida Statutes provide that special assessments may be collected by using the Uniform Method. Under the Uniform Method, the District's Assessments will be collected together with County and other taxes. These Assessments will appear on a single tax bill issued to each landowner subject to such. The statutes relating to enforcement of County taxes provide that County taxes become due and payable on November 1 of the year when assessed or as soon thereafter as the certified tax roll is received by the Tax Collector and constitute a lien upon the land from January 1 of such year until paid or barred by operation of law. Such taxes (together with any assessments, being collected by the Uniform Method) are to be billed, and landowners in the District are required to pay all such taxes and assessments, without preference in payment of any particular increment of the tax bill, such as the increment owing for the District's Assessments. Upon any receipt of moneys by the Tax Collector from the Assessments, such moneys will be delivered to the District.

All city, county, school and special district ad valorem taxes, non-ad valorem special assessments and voter-approved ad valorem taxes levied to pay principal of and interest on bonds, including the District Assessments, that are collected by the Uniform Method are payable at one time. If a taxpayer does not make complete payment of the total amount, he or she cannot designate specific line items on his or her tax bill as deemed paid in full and such partial payment is not to be accepted and is to be returned to the taxpayer, provided, however that a taxpayer may contest a tax assessment pursuant to certain conditions in Florida Statutes and other applicable law.

Under the Uniform Method, if the Assessments are paid during November when due or at any time within thirty (30) days after the mailing of the original tax notice or during the following three months, the taxpayer is granted a variable discount equal to 4% in November and decreasing one percentage point per month to 1% in February. March payments are without discount. Pursuant to Section 197.222, Florida Statutes, taxpayers may elect to pay estimated taxes, which may include non-ad valorem special assessments such as the District's Assessments in quarterly installments with a variable discount equal to 6% on June 30 decreasing to 3% on December 31, with no discount on March 31. All unpaid taxes and assessments become delinquent on April 1 of the year following assessment, and the Tax Collector is required to collect taxes prior to April 1 and after that date to institute statutory procedures upon delinquency to collect assessed taxes. Delay in the mailing of tax notices to taxpayers may result in a delay throughout this process.

Certain taxpayers that are entitled to claim homestead tax exemption under Section 196.031(1), Florida Statutes may defer payment of a portion of the taxes and non-ad valorem assessments and interest accumulated on a tax certificate, which may include non-ad valorem special assessments. Deferred taxes and assessments bear interest at a variable rate not to exceed 7%. The amount that may be deferred varies based on whether the applicant is younger than age 65 or is 65 years old or older; provided that applicants with a household income for the previous calendar year of less than \$10,000 or applicants with less than the designated amount for the additional homestead

exemption under Section 196.075, Florida Statutes that are 65 years old or older may defer taxes and assessments in their entirety.

Collection of Delinquent Assessments under the Uniform Method is, in essence, based upon the sale by the Tax Collector of “tax certificates” and remittance of the proceeds of such sale to the District for payment of the Assessments due.

Budgets

The District is required to establish a budgetary system and an approved annual budget. Annual budgets are legally adopted on a basis consistent with GAAP for the General Fund. Any revision to the budget must be approved by the District Board. The budgets are compared to actual expenditures. In instances where budget appropriations and estimated revenues have been revised during the year, budget data presented in the financial statements represent final authorization amounts. In fiscal year 2017, actual General Fund expenditures exceeded budgeted appropriations by \$10,633.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- A. Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- B. A public hearing is conducted to obtain comments.
- C. Prior to October 1, the budget is legally adopted by the District Board.
- D. All budget changes must be approved by the District Board.
- E. Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America.

NOTE 3: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District maintains commercial insurance coverage to mitigate the risk of loss. Coverage may not extend to all situations. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded this commercial coverage in the previous three years.

NOTE 5: BONDS PAYABLE

On October 1, 2007, the District issued \$24,000,000 of Capital Improvement Revenue Bonds, with a fixed interest rate of 6.375%. The Bonds were issued to finance the acquisition and construction of certain improvements for the benefit of the District. Interest is paid semiannually on each May 1 and November 1. Principal was due serially commencing May 1, 2009 through May 1, 2038. During the year ended September 30, 2017, the District refunded the Series 2007 Bonds in full.

On November 13, 2014, the District issued \$7,945,000 of Series 2014 Special Assessment Bonds consisting of \$3,605,000 2014 Term Bonds due on May 1, 2034 with a fixed interest rate of 5% and \$4,340,000 of 2014 Term Bonds due on May 1, 2045 with a fixed interest rate of 5.125%. The Bonds were issued to finance the acquisition and construction of certain improvements for the benefit of the District. Interest is paid semiannually on each May 1 and November 1. NOTE 5: BONDS PAYABLE (Continued)

On April 21, 2017, the District issued \$19,515,000 of Series 2017 Capital Improvement Revenue Refunding Bonds consisting of \$6,945,000 2017A-1 Serial Bonds due annually from May 1, 2018 through May 1, 2027 with a fixed interest rate of 5%, \$4,830,000 2017A-1 Term Bonds due on May 1, 2032 with a fixed interest rate of 3.5%, \$7,075,000 2017A-1 Term Bonds due on May 1, 2038 with a fixed interest rate of 3.75%, and \$665,000 of 2017A-2 Term Bonds due on May 1, 2038 with a fixed interest rate of 5.25%. The Bonds were issued to refund the Series 2007 Bonds. Interest is paid semiannually on each May 1 and November 1. Principal is paid serially commencing May 1, 2018 through May 1, 2038.

The refunding was undertaken to take advantage of lower interest rates. The bonds were sold at a premium of \$297,206. The proceeds of the Series 2017 Bonds along with additional funds were deposited in an irrevocable trust with an escrow agent to provide for payment of the semi-annual May 1, 2017 interest and principal installments and the redemption on May 22, 2017 of \$20,895,000 of the outstanding Series 2007 Bonds so as to discharge and satisfy the respective bond obligations.

The refunding of the Series 2007 Bonds reduced total debt service payments over the next 21 years by approximately \$9.7 million. This results in an economic gain (difference between the present values of the debt service payments on the old and new debt) of approximately \$2.4 million.

The Bond Indentures have certain restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedure to be followed by the District on assessments to property owners. The District agreed to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District is in compliance with the requirements of the Bond Indentures.

The Bond Indentures require that the District maintain adequate funds in reserve accounts to meet the debt service reserve requirements as defined in the Indentures. The requirements have been met for the fiscal year ended September 30, 2017.

The balance of the Series 2007 and 2014 Bonds at September 30, 2017 is summarized as follows:

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors
Heritage Harbour North Community Development District
Manatee County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Heritage Harbour North Community Development District (hereinafter referred to as the "District"), as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated April 20, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
