### Staff Review

The first order of business is to call to order the meeting and conduct the roll call.

The second order of business is the consideration of the minutes from the LT Ranch Board of Supervisors Regular Meeting held on March 11, 2025.

The third order of business is the consideration of Resolution 2025-16, a Resolution of the Board of Supervisors of the District which approves the Proposed Budget for Fiscal Year 2026 and sets the public hearing date, time, and location.

The District's enabling legislation requires the District Manager to submit a Proposed Budget to the Board by June 15th of each year for your review and approval. The approval of the Proposed Budget is only intended to permit the District to move through the process towards adopting the Budget at a Public Hearing scheduled for Tuesday, June 10, 2025, 1:00 P.M. at the offices of Taylor Morrison, 551 Cattlemen Road, Suite 200, Sarasota, Florida 34232.

The approval of the Proposed Budget does not bind the Board to any of the costs contained in the budget, or any of the programs contained in the Proposed Budget, and most importantly it does not bind the Board to the Assessment Rates for the general fund contemplated as a result of the preparation of the Proposed Budget.

The Public Hearing is scheduled for Tuesday, June 10, 2025, 1:00 P.M. at the offices of Taylor Morrison, 551 Cattlemen Road, Suite 200, Sarasota, Florida 34232.

### LT Ranch Community Development District

The fourth order of business is the consideration of the ranking of the Auditor proposals that were received in response to the District's request for qualifications. There were two proposals received, from the firms Grau & Associates, and Berger, Toombs, Elam, Gaines & Frank. The required procedure requires the Board to rank the proposals (non-price-based proposals) based on each firm's qualifications, and I have enclosed an auditor ranking form for your use. The ranking form itself is NOT required, and you may use any procedure that you would like. Once ranked, we will enter into an agreement with the Number One (1) ranked firm — the form of which is included in the Request for Proposal, subject only to non-substantive changes that may be needed.

The fifth order of are staff reports by the District Attorney, District Engineer, and the District Manager will report on the Financial Statements for the period ending March 31, 2025 (unaudited).

The remainder of the agenda is standard in nature, and I look forward to seeing you at the meeting. If you have any questions and/or comments before the meeting, please do not hesitate to contact me directly by phoning (954) 658-4900.

Sincerely,

LT Ranch Community Development District

ames P Word

Mr. Ward introduced Ben Steets with Grau and Associates.

Mr. Ben Steets with Grau and Associates indicated this audit was performed in accordance with the standards set by the Florida Auditor General and the generally accepted auditing standards. He declared the auditor's opinion was clean, which meant Grau and Associates believed the financial statements were fairly presented in accordance with generally accepted accounting principles (GAP). He stated pages 3 through 6 were the Management's Discussion and Analysis which provided an overview summary of the financial position and activities of the District. ### SIXTH ORDER OF BUSINESS

### **Consideration of Resolution 2025-15**

Consideration of Resolution 2025-15, a Resolution of the Board of Supervisors of the LT Ranch Community Development District Ratifying, Confirming and Approving the Execution of the Maintenance Agreement for enhancements within Public Right-of-Way for Designated Responsible Entities; and providing for an effective date

Mr. Ward stated Resolution 2025-15 ratified and confirmed the agreement negotiated with Sarasota County regarding maintenance of the public right-of-way along Lorraine Road which the District currently maintained.

Mr. Jere Earlywine: This is our right-of-way agreement for Lorraine Road. It does exactly what Jim said. It has the District maintain the enhancements. There are a number of them we are responsible for,

including the landscaping, irrigation system, accent lighting, any kind of hardscape, sidewalks, etc. We are required to operate, maintain, repair and replace the enhancements. It does require us to carry certain insurance or cause our contractors to carry insurance, so we have run this past the District's insurance carrier. Most of that burden would obviously be borne by our contractors, and it has an indemnification provision in favor of the County, but it is subject to our sovereign immunity rights. We've got some protection there.

#### **Specific Audit Approach**

#### **Grau's Understanding of Work Product / Scope of Services:**

We recognize the District is an important entity and we are confident our firm is eminently qualified to meet the challenges of this engagement and deliver quality audit services. You would be a valued client of our firm and we pledge to commit all firm resources to provide the level and quality of services (as described below) which not only meet the requirements set forth in the RFP but will exceed those expectations. Grau & Associates fully understands the scope of professional services and work products requested. Our audit will follow the Auditing Standards of the AICPA, Generally Accepted Government Auditing Standards, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida and any other applicable Federal, State of Local regulations. We will deliver our reports in accordance with your requirements.

#### A. Proposed segmentation of the engagement

Our approach to the audit engagement is a risk-based approach which integrates the best of traditional auditing techniques and a total systems concept to enable the team to conduct a more efficient and effective audit. The audit will be conducted in three phases, which are as follows:

#### **Phase I - Preliminary Planning**

A thorough understanding of your organization, service objectives and operating environment is essential for the development of an audit plan and for an efficient, cost-effective audit. During this phase, we will meet with appropriate personnel to obtain and document our understanding of your operations and service objectives and, at the same time, give you the opportunity to express your expectations with respect to the services that we will provide. Our work effort will be coordinated so that there will be minimal disruption to your staff.

#### During this phase we will perform the following activities:

- » Review the regulatory, statutory and compliance requirements. This will include a review of applicable federal and state statutes, resolutions, bond documents, contracts, and other agreements;
- » Read minutes of meetings;
- » Review major sources of information such as budgets, organization charts, procedures, manuals, financial systems, and management information systems;
- » Obtain an understanding of fraud detection and prevention systems;
- » Obtain and document an understanding of internal control, including knowledge about the design of relevant policies, procedures, and records, and whether they have been placed in operation;
- » Assess risk and determine what controls we are to rely upon and what tests we are going to perform and perform test of controls;
- » Develop audit programs to incorporate the consideration of financial statement assertions, specific audit objectives, and appropriate audit procedures to achieve the specified objectives;
- » Discuss and resolve any accounting, auditing and reporting matters which have been identified.

#### Phase II - Execution of Audit Plan

The audit team will complete a major portion of transaction testing and audit requirements during this phase. The procedures performed during this period will enable us to identify any matter that may impact the completion of our work or require the attention of management. Tasks to be performed in Phase II include, but are not limited to the following:

- » Apply analytical procedures to further assist in the determination of the nature, timing, and extent of auditing procedures used to obtain evidential matter for specific account balances or classes of transactions;
- » Perform tests of account balances and transactions through sampling, vouching, confirmation and other analytical procedures; and
- » Perform tests of compliance.

#### **Phase III - Completion and Delivery**

In this phase of the audit, we will complete the tasks related to year-end balances and financial reporting. All reports will be reviewed with management before issuance, and the partners will be available to meet and discuss our report and address any questions. Tasks to be performed in Phase III include, but are not limited to the following:

- » Perform final analytical procedures;
- » Review information and make inquiries for subsequent events; and
- » Meeting with Management to discuss preparation of draft financial statements and any potential findings or recommendations.

You should expect more from your accounting firm than a signature in your annual financial report. Our concept of truly responsive professional service emphasizes taking an active interest in the issues of concern to our clients and serving as an effective resource in dealing with those issues. In following this approach, we not only audit financial information with hindsight but also consider the foresight you apply in managing operations.

Application of this approach in developing our management letter is particularly important given the increasing financial pressures and public scrutiny facing today's public officials. We will prepare the management letter at the completion of our final procedures.

In preparing this management letter, we will initially review any draft comments or recommendations with management. In addition, we will take necessary steps to ensure that matters are communicated to those charged with governance.

In addition to communicating any recommendations, we will also communicate the following, if any:

- » Significant audit adjustments;
- » Significant deficiencies or material weaknesses;
- » Disagreements with management; and
- » Difficulties encountered in performing the audit.

Our findings will contain a statement of condition describing the situation and the area that needs strengthening, what should be corrected and why. Our suggestions will withstand the basic tests of corrective action:

- Is the recommendation cost effective?
- Is the recommendation the simplest to effectuate in order to correct a problem?
- Is the recommendation at the heart of the problem and not just correcting a symptomatic matter?
- Is the corrective action taking into account why the deficiency occurred?

To assure full agreement with facts and circumstances, we will fully discuss each item with Management prior to the final exit conference. This policy means there will be no "surprises" in the management letter and fosters a professional, cooperative atmosphere.

#### **Communications**

We emphasize a continuous, year-round dialogue between the District and our management team. We typically begin our audit process with an entrance conference before the onsite fieldwork begins. We regularly communicate through personal telephone calls and electronic mail throughout the audit and on a regular basis. Our clients have the ability to transmit information to us on our secure client portal with the ability to assign different staff with separate log on and viewing capability. This further facilitates efficiency as all assigned users receive electronic mail notification as soon as new information has been posted into the portal. We strive to continue to keep an open line of communication through the fieldwork and ending with an exit conference.

#### B. Level of staff and number of hours to be assigned to each proposed segment of the engagement

	Partners	Seniors	Total
Preliminary Planning	2	4	6
Perform Audit Plan	-	20	20
Completion and Delivery	4	4	8
Total	6	28	34

#### C. Sample size and the extent to which statistical sampling is to be used in the engagement

Our sampling procedures performed during the audit engagement will be identified during the planning stage of the audit and will be coordinated with other audit procedures to ensure a timely and efficient audit.

*Audit Sampling*: Grau uses a <u>nonstatistical approach</u> to sampling and follows the guidance of the AICPA on the use of sampling in governmental audit engagements. In applying these AIPCA pronouncements, we would first consider the effectiveness of alternative approaches before concluding that sampling is necessary. Our professional judgment will be used to determine what areas sampling is deemed appropriate and includes assessing inherent risk, control risk, and combined audit risk.

#### D. Extent of use of EDP software in the engagement

#### **Automated Workpapers**

Our firm utilizes ProSystem fx Engagement electronic software, which allows us to conduct a true paperless audit.

#### **Communications**

Our clients are able to transmit information to us on our secure client portal with the ability to assign different staff with separate log on and viewing capability.

This further facilitates efficiency as all assigned users receive electronic mail notification as soon as new information has been posted into the portal.

#### Accounting Research

We utilize Accounting Research Manager by Wolters Kluwers, which is a comprehensive online database providing leading industry guidance on analytical accounting and auditing. It includes full publications from the Governmental Accounting Standards Board, the Financial Accounting Standards Board, Emerging Issues Task Force, GAO, AICPA and International Accounting Standards Board. In addition, Accounting Research Manager provides intelligent links to the original source documents.

#### E. Type and extent of Analytical Procedures to be used in the engagement

Understanding financial relationships is crucial to planning and evaluating the results of analytical procedures and requires knowledge of the District. The full extent to which analytical procedures are utilized is based upon the auditor's professional judgment and the overall risk assessment results. Analytical procedures are required in the planning and overall review stages of the audit, and will be used in the following areas:

#### Audit Planning

Analytical procedures provide great insight in our planning. These analyses can enhance our understanding of transactions and events that have occurred during the year under audit. Analytical procedures in the planning phase are also performed to identify any unusual and unexpected relationship that may warrant further investigation. For example, rate changes have a direct relationship with revenue. As such, if assessment rates increase, we would expect that revenues would also increase.

#### *Fieldwork*

Analytical procedures are used as effective substantive tests in certain circumstances. For example, using the millage adopted by Commission to recalculate taxes levied or comparing actual current year results to the adopted budget and prior year amounts. During the course of our year end fieldwork, we utilize analytical procedures to support the results of our other audit procedures.

#### Overall Review

Analytical procedures used at the conclusion of the audit are designed to assess the conclusions reached and evaluate the overall financial statement presentation. For example, we will review the financial statements and compare the numbers to prior year and see if variances make sense based upon the work performed. We would determine if sufficient work was done in a particular area. Any variances would need to be substantiated.

#### F. Approach to be taken to gain and document an understanding of the District's internal control structure

Control activities are procedures and policies that help ensure that management's directives are being carried out and the District's objectives are being met.

We want to ensure that controls are appropriately designed before we perform any tests of controls for reliance in the audit. Our steps in Phase I will determine how well the controls are designed and which ones we may be able to place reliance on for the audit. After making that determination, those controls are tested for operating effectiveness. The results of this evaluation will influence the nature, timing and extent of our substantive audit procedures.

This approach ensures that we achieve maximum efficiency and provides valuable feedback to management regarding the effectiveness of controls being relied upon throughout the year. See Phase I for details.

We will document our understanding using memos, checklists, flowcharts, District manuals, etc., and store all information electronically.

#### G. Approach to be taken in determining laws and regulations that will be subject to audit test work

Due to the special nature of governments, the traditional audit scope has been broadened to encompass determination of what laws and regulations have a direct and material impact on the financial statements. Identifying applicable laws and regulations is fundamental to fulfilling the responsibility of understanding their effects. We will obtain this knowledge from various sources including:

- Review of federal and state laws
- Review of contracts
- Inquires of management and staff
- Review of resolutions and policies
- Review of grant agreements
- Review of debt covenants
- Review of prior financial statements
- Review of internal controls over compliance

#### H. Approach to be taken in drawing audit samples for purposes of tests of compliance

Once significant laws and regulations that affect the District are identified, we will design compliance procedures to provide reasonable assurance that your financial statements are free of material misstatements resulting from violations of these laws and regulations. In addition, tests will be performed to attain a low level of risk as required by the Uniform Guidance.

Tests of compliance with laws and regulations will be incorporated with samples selected for tests of transactions and controls, when practical. Additional samples are sometimes necessary to test specific laws and regulations as well as for testing federal and state awards. We will work with District staff, as well as our analysis of the District's internal control structure, to ensure completeness of our population.

#### **Identification of Anticipated Potential Audit Problems**

Grau & Associates is aware of the uniqueness of the District and will address issues in their early stages. We do not anticipate any potential audit problems. We want to help you solve problems before they become critical and this is why we will be involved throughout the entire year, at no extra cost, providing assistance in current and new issues.

#### **Report Format**

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors XXX Community Development District XXX County, Florida

#### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund, of XXX Community Development District, XXX County, Florida ("District") as of and for the fiscal year ended September 30, 20xx, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 20xx, and the respective changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information Included in the Financial Report

Management is responsible for the other information included in the financial report. The other information comprises the information for compliance with FL Statute 218.39 (3) (c) but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated XXXX, 20xx, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors XXX Community Development District XXX County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of XXX Community Development District, XXX County, Florida ("District") as of and for the fiscal year ended September 30, 20xx, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our opinion thereon dated XXXX, 20xx.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Management is responsible for District's compliance with those requirements. Our responsibility is to express an opinion on District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 20xx.

Gaines and Associates (originated in 1979) merged with the firm in 2004. Our tremendous growth rate experienced over the last 69 years is directly attributable to the firm's unrelenting dedication to providing the highest quality, responsive professional services attainable to its clients.

We are a member of the Private Companies Practice Section (PCPS) of the American Institute of Certified Public Accountants (AICPA) to assure we meet the highest standards. Membership in this practice section requires that our firm meet more stringent standards than standard AICPA membership. These rigorous requirements include the requirement of a triennial peer review of our firm's auditing and accounting practice and annual Continuing Professional Education (CPE) for all accounting staff (whether CPA or non-CPA). For standard AICPA membership, only a quality review is required and only CPAs must meet CPE requirements.

Independence – Independence of the public accounting firm, with respect to the audit client, is the foundation from which the public gains its trust in the opinion issued by the public accounting firm at the end of the audit process. This independence must be in appearance as well as in fact. The public must perceive that the accounting firm is independent of the audit entity to ensure that nothing would compromise the opinion issued by the public accounting firm. Independence is a hallmark of our profession. We encourage our staff to use professional judgment in situations where our independence could be impaired or the perception of a conflict of interest might exist. In the governmental sector, public perception is as important as professional standards. Therefore, the utmost care must be exercised by independent auditors in the performance of their duties.

In addition, our field laptop computers carry the same data and can be used in the event of emergency with virtually no delay in completing the required services.

#### ADDITIONAL SERVICES PROVIDED

#### **Arbitrage Rebate Services**

Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL also provides arbitrage rebate compliance and related services to governmental issuers. The Tax Reform Act of 1986 requires issuers of most tax-exempt obligations to pay (i.e., "rebate") to the United States government any arbitrage profits. Arbitrage profits are earnings on the investment of bond proceeds and certain other monies in excess of what would have been earned had such monies been invested at a yield equal to the yield on the bonds.

Federal tax law requires that interim rebate calculations and payments are due at the end of every fifth bond year. Final payment is required upon redemption of the bonds. More frequent calculations may be deemed advisable by an issuer's auditor, trustee or bond counsel or to assure that accurate and current records are available. These more frequent requirements are usually contained in the Arbitrage or Rebate Certificate with respect to the bonds.

Our firm performs a comprehensive rebate analysis and includes the following:

- Verifying that the issue is subject to rebate;
- Calculating the bond yield;
- Identifying, and separately accounting for, all "Gross Proceeds" (as that term is defined in the Code) of the bond issue, including those requiring analysis due to "transferred proceeds" and/or "commingled funds" circumstances;
- Determining what general and/or elective options are available to Gross proceeds of the issue;
- Calculating the issue's excess investment earning (rebate liability), if any;
- Delivering appropriate documentation to support all calculations;
- Providing an executive summary identifying the methodology employed, major assumptions, conclusions, and any other recommendations for changes in recordkeeping and investment policies;
- Assisting as necessary in the event of an Internal Revenue Service inquiry; and,
- Consulting with issue staff, as necessary, regarding arbitrage related matters.

We are growing on the reputation for work that our firm is providing today.

#### **Quality Control Program**

Quality control requires continuing commitment to professional excellence. Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL is formally dedicated to that commitment.

To ensure maintaining the standards of working excellence required by our firm, we joined the Private Companies Practice Section (PCPS) of the American Institute of Certified Public Accountants (AICPA). To be a participating member firm of this practice section, a firm must obtain an independent Peer Review of its quality control policies and procedures to ascertain the firm's compliance with existing auditing standards on the applicable engagements.

The scope of the Peer Review is comprehensive in that it specifically reviews the following quality control policies and procedures of the participating firm:

- Professional, economic, and administrative independence:
- Assignment of professional personnel to engagements;
- Consultation on technical matters:
- Supervision of engagement personnel;
- Hiring and employment of personnel;
- Professional development:
- Advancement;
- Acceptance and continuation of clients; and,
- Inspection and review system.

We believe that our commitment to the program is rewarding not only to our firm, but primarily to our clients.

The external independent Peer Review of the elements of our quality control policies and procedures performed by an independent certified public accountant, approved by the PCPS of the AICPA, provides you with the assurance that we continue to conform to standards of the profession in the conduct of our accounting and auditing practice.

Our firm is also a member of Governmental Audit Quality Center (GAQC), a voluntary membership center for CPA firms that perform governmental audits. This center promotes the quality of governmental audits.

Our firm has completed successive Peer Reviews. These reviews included a representative sample of our firm's local governmental auditing engagements. As a result of these reviews, our firm obtained an unqualified opinion on our quality control program and work procedures. On page 31 is a copy of our most recent Peer Review report. It should be noted that we received a pass rating.

Our firm has never had any disciplinary actions by state regulatory bodies or professional organizations.

As our firm performs approximately one hundred audits each year that are reviewed by federal, state or local entities, we are constantly dealing with questions from these entities about our audits. We are pleased to say that any questions that have been raised were minor issues and were easily resolved without re-issuing any reports.

#### Certificate of Achievement for Excellence in Financial Reporting (CAFR)

We are proud and honored to have been involved with the City of Fort Pierce and the Fort Pierce Utilities Authority when they received their first Certificates of Achievement for Excellence in Financial Reporting for the fiscal years ended September 30, 1988 and 1994, respectively. We were also instrumental in the City of Stuart receiving the award, in our first year of performing their audit, for the year ended September 30, 1999.

We also assisted St. Lucie County, Florida for the year ended September 30, 2003, in preparing their first Comprehensive Annual Financial Report, and St. Lucie County has received their Certificate of Achievement for Excellence in Financial Reporting every year since.

As continued commitment to insuring that we are providing the highest level of experience, we have had at least one employee of our firm serve on the GFOA – Special Review Committee since the mid-1980s. This committee is made up of selective Certified Public Accountants throughout the United States who have demonstrated their high level of knowledge and expertise in governmental accounting. Each committee member attends a special review meeting at the Annual GFOA Conference. At this meeting, the committee reports on the Certificate of Achievement Program's most recent results, future goals, and common reporting deficiencies.

We feel that our previous experience in assisting the City of Fort Pierce, the Fort Pierce Utilities Authority and St. Lucie County obtain their first CAFRs, and the City of Stuart in continuing to receive a CAFR and our firm's continued involvement with the GFOA, and the CAFR review committee make us a valued asset for any client in the field of governmental financial reporting.

#### **FEE SCHEDULE**

We propose the fee for our audit services described below to be \$7,050 for the years ended September 30, 2025 and 2026, \$7,200 for the year ended September 30, 2027, and \$7,600 for the years ended September 30, 2028 and 2029. In addition, if a bond issuance occurs during the fiscal year, the fee for our audit services will be adjusted. The fee is contingent upon the financial records and accounting systems of LT Ranch Community Development District being "audit ready" and the financial activity for the District is not materially increased. If we discover that additional preparation work or subsidiary schedules are needed, we will consult with your authorized representative. We can assist with this additional work at our standard rates should you desire.

#### SCOPE OF WORK TO BE PERFORMED

If selected as the District's auditors, we will perform a financial and compliance audit in accordance with Section 11.45, Florida Statutes, in order to express an opinion on an annual basis on the financial statements of LT Ranch Community Development District as of September 30, 2025, 2026, 2027, 2028, and 2029. The audits will be performed to the extent necessary to express an opinion on the fairness in all material respects with which the financial statements present the financial position, results of operations and changes in financial position in conformity with generally accepted accounting principles and to determine whether, for selected transactions, operations are properly conducted in accordance with legal and regulatory requirements. Reportable conditions that are also material weaknesses shall be identified as such in the Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters. Other (non-reportable) conditions discovered during the course of the audit will be reported in a separate letter to management, which will be referred to in the Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters.

Our audit will be performed in accordance with standards for financial and compliance audits contained in *Government Auditing Standards*, as well as in compliance with rules and regulations of audits of special districts as set forth by the State Auditor General in Chapter 10.550, Local Governmental Entity Audits, and other relevant federal, state and county orders, statutes, ordinances, charter, resolutions, bond covenants, Administrative Code and procedures, or rules and regulations which may pertain to the work required in the engagement.

The primary purpose of our audit will be to express an opinion on the financial statements discussed above. It should be noted that such audits are subject to the inherent risk that errors or irregularities may not be detected. However, if conditions are discovered which lead to the belief that material errors, defalcations or other irregularities may exist or if other circumstances are encountered that require extended services, we will promptly notify the appropriate individual.
