8. Supervisor's Requests and Audience Comments
9. Adjournment

The second order of business is consideration of the minutes of the August 17, 2015 emergency minutes.

The third order of business is two (2) required Public Hearings to consider the adoption of the District's Fiscal Year 2016 Budget, Assessments, General Fund Special Assessment Methodology and finally the operations and maintenance cap for notice purposes.

The first Public Hearing deals with the adoption of the Fiscal Year 2016 Budget which includes both the General Fund operations and the Debt Service Funds for both Series 2012 and 2015 Bonds. In the way of background, the Board approved the proposed Fiscal Year 2016 Budget, solely for the purpose of permitting the District to move through the process towards this hearing to adopt the Budget and set the final assessment rates for the ensuing Fiscal Year.

The Budget has not changed, however, the projections for the General Fund for FY 2015 on pages 1-2 have been updated to reflect the anticipated actual expenditures for FY 2015. In essence, with the Center Place litigation there is approximately \$250,000 in unanticipated expenditures in the current fiscal year, along with a slight increase in the Estate Landscaping Contract (approximately \$40,000.00), is the substance of the change in the projections.

These items, have reduced the general fund cash balance well below any reasonable level, as such, the budget itself for Fiscal Year 2016 is not recommended to change, so that the District will be able to begin to rebuild it's cash balance to reasonable levels during FY 2016. We will also have added operating expenses associated with the Center Place litigation, which include an operating agreement with Alico for Lakes 5/6, and to put in place procedures related to the SFWMD operating permits the District has with SFWMD. In addition, there will be capital expenditures required for the turbidity barrier's required pursuant to the settlement agreement (which will serve to better protect the District's water management system).

As such, no change to the proposed budget is recommended, with the thought that reductions in the expenses associated with legal and engineering fees related to the Center Place litigation will provide the source of funds for the above described items. As we move into next year, we will be able to identify the scope of the above programs and develop budgets for consideration.

I fully expect that both funding and implementation of the above programs will go into FY 2017.

As a companion item, later in the agenda, the Board will consider an amendment to the current year budget do deal with these expenditures. As we previously discussed, the actual payments to both general and litigation counsel, along with the engineer's, are being held until the District receives assessment revenue which is anticipated to be received in December, 2015 or early January, 2016, at which time these consultants will be paid for the accrued expenses. As of August, 2015 we have approximately \$80k in accrued liabilities to consultants, however I fully expect that amount to reach \$100k by fiscal year end, since some consultants bills for August have not been received as of this date.

As a suggested form for the Public Hearing – it would be appropriate to formally open the Public Hearing for consideration of the Budget, take a few moments to have the District Manager review the salient points of the Budget for the Public, then seek Public Comment or testimony, and at the conclusion of the Public Comment and testimony to close the Public Hearing by motion of the Board, then to move into the Board's consideration of the Budget and once that is concluded, to consider Resolution 2015-10 to adopt the annual appropriation and budget for the District. Once this item is concluded, then it would be recommended for the Board to move to the second Public Hearing utilizing the same process as just completed for the Budget Hearing.

This second Public Hearing is a consequence of the Budget Adoption process and sets in place the required documents that are all contained in the Fiscal Year 2016 Budget. Resolution 2015-11 does essentially three (3) things. First, it imposes the special assessments for the general fund and the debt service fund; second, it arranges for the certification of an assessment roll by the Chairman or his designee, which in this case is the District Manager, to the Lee County Tax Collector and permits the District Manager to update the roll as it may be modified as limited by law subsequent to the adoption date of Resolution 2015-11 and finally it approves the General Fund Special Assessment Methodology.

The final Resolution for consideration is Resolution 2015-12 which establishes a cap for operations and maintenance (General Fund) for notice purposes only. If in the future the District's proposed assessments exceed the adopted cap, mailed notice will be provided to all property owners within the District prior to the public hearing.

The fourth item is consideration of Resolution 2015-13 setting the proposed meeting schedule for Fiscal Year 2016. As you may re-call, to the extent that the District has a regular meeting schedule the District is required to advertise this schedule (legal advertisement) on a periodic basis at the beginning of the Fiscal Year.

Currently, the Board has previously scheduled the **second Thursday of each month at 2:00 P.M.**, and which have been held at the **Beach Clubhouse, 18061 Miromar Lakes Parkway, Miromar Lakes, Florida 33913.**

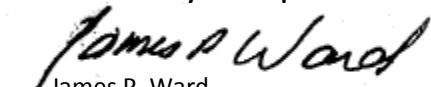

The Fiscal Year 2016 schedule is as follows

October 8, 2015	November 12, 2015
December 10, 2015	January 14, 2016
February 11, 2016	March 10, 2016
April 14, 2016	May 12, 2016
June 9, 2016	July 14, 2016
August 11, 2016	September 8, 2016

The fifth order of business is consideration of Resolution 2015-14 which amends the general funds budget for Fiscal Year 2015 due to the expenditures associated primarily with the Center Place Litigation and a contract change with Estate Landscaping.

The balance of the Agenda is standard in nature and I look forward to seeing you at the meeting, and if you have any questions and/or comments, please do not hesitate to contact me directly at (954) 658-4900.

Yours sincerely,

**MINUTES OF MEETING
MIROMAR LAKES
COMMUNITY DEVELOPMENT DISTRICT**

An Emergency Meeting of the Miromar Lakes Community Development District's Board of Supervisors was held on Monday, August 17, 2015, at 8:00 a.m., at the Beach Clubhouse, 18061 Miromar Lakes Parkway, Miromar Lakes, Florida 33913.

Present and constituting a quorum were:

Mike Hendershot	Chairman
David Herring	Assistant Secretary
Alan Refkin	Assistant Secretary
Doug Ballinger	Assistant Secretary (Telephonic)

Staff present:

James Ward	District Manager
Greg Urbancic	District Counsel
Charlie Krebs	District Engineer
Glenn Smith	Special Counsel

FIRST ORDER OF BUSINESS

Call to Order/Roll Call

Mr. Ward called the meeting to order at 8:00 a.m.. The record should reflect that all members of the Board were present with the exception of Supervisors Donoho.

SECOND ORDER OF BUSINESS

Consideration of Resolution 2015-

Mr. Ward stated the agenda would be taken out of order, as Mr. Urbancic prepared a resolution for the Board to approve, Resolution 2015-__, noting the blank would be filled in at a later time.

Mr. Urbancic read the title of the resolution into the record as follows:

The Resolution of the Board of Supervisors of Miromar Lakes Community Development District, confirming the finding of an emergency and ratifying the action of the District Manager to call an emergency meeting of the Board of Supervisors; ratifying the action of the District Manager to provide notice of the emergency meeting, providing a severability clause, and providing for conflict, and providing for an effective date.

He stated in this resolution, there are a series of whereas recital clauses, which basically say how we got here today. As you all know, the final hearing is supposed to commence today at 9:00 a.m. on our petition for an administrative hearing, together with the others. There have been discussions over a matter of weeks, and they really heated up over the last day or so of last week, and the prospects for a settlement of the case really became hot on Friday, and we wanted to bring it forward to you, so that you can consider this prior to the administrative hearing.

Starting on page one, because of some conditions that were put on us by Alico, in terms of getting a settlement agreement, if we were going to do it. As you know, we always have to meet in the Sunshine, and we weren't able to go through our normal procedures, but there's a section of Chapter 189 Florida Statutes, which allows us to conduct an emergency meeting to the extent we find a bona fide emergency exists. We can only take up what is that emergency action, and then we would have to ratify it at your next meeting. This resolution isn't asking you to make a decision, it's only for you to essentially accept the fact that we found an emergency existed, and that we needed to meet here today to discuss the agenda item, which we'll get to as the next item.

If anyone has any questions on the resolution, I think it's good to recognize, so that we could move forward.

**On MOTION by Mr. Hendershot and seconded by Mr. Refkin,
with all in favor of approving Resolution 2015-**

THIRD ORDER OF BUSINESS

Consideration of Settlement Agreement related to the matter of Miromar Lakes Community Development District, Petitioner, vs Alico West Fund, LLC, and South Florida Water Management District, Respondents; Case No. 15-1501, State of Florida, Division of Administrative Hearings.

Mr. Ward stated Glenn Smith is with us today. I'm going to ask him to take the time to go through the agreement with you in detail, and answer any questions you have at the end of the discussion, and staff will certainly ask for a motion for your consideration of the settlement agreement.

Mr. Smith stated good morning. This is pretty much what we discussed at the prior meeting, this agreement, and I'll go through it in general terms. Really, the operative sections are on part two on page two. The first is Alico agrees to build their water management system on their property to avoid what is called the 2B soils. If you recall, the soils that were in the areas that had been mined and then refilled are categorized by Alico's experts as 2A or 2B. They're both bad, but 2B are the worst ones, and provide the least stability for ponds and lake banks, and things like that.

They have agreed to avoid building in 2B soils. However, there will be areas where they're so mixed together that 2B soils would be part of the areas that they're going to construct in, and they're going to build under certain restrictions which were in 2A; 1) they use flatter slopes, so the fines are more stable; 2) they'll excavate the bad part, the 2B soils and replace it with proper fill; 3) they will use fabric mats to hold the materials in place; 4) use a soil stabilization mat as may be appropriate; 5) other soil stabilization techniques, which the contractor may come up with. All of this has to be approved by the engineer of record, which is Barraco & Associates, which are well-known and well-qualified engineers.

We will be allowed, if we want to have an observer out occasionally onsite to look at the areas, just kind of keep an eye on things. That's totally up to you. It's not required, but you have that right. You're not going to be involved in design or things; if you have a concern, you raise it with them. They have approved this initially, your representative being either Charlie or Jim. That's number one.

Part B, one of our main concerns has been the connections. The ponds on the Alico property, you have these conveyance swales that convey the water over to lake five. Those swales are in the worst of the worst, those areas are. There's been concerns on the part of Charlie Krebs and Tom McClain that the problems would happen there, that the water going through there would stir up these fines. Alico has agreed, subject to approval by the South Florida Water Management District (SFWMD) that they put riprap groins across the entrance with openings protected by turbidity fabric to help, in the event the turbidity gets in that area, to control that.

Then there's monitoring and emergency plans, this is Part C. Basically, this is an agreement that Alico will plan for, buy and have onsite turbidity curtains to be placed at the end of those two swale areas in the event of something happening on their site, and

turbidity coming through, or if a storm hits, for safety, you put it there. You, the CDD, will purchase turbidity curtains to place at the interconnects between lake five and lake six. You will store those, you will provide a place to store them, so they're under your control, and in an appropriate emergency situation, you will deploy them and keep them as long as it's appropriate.

An issue that has been raised by Miromar Lakes to me, and I'll comment on them later, but it's not really pertinent. If you're going to put turbidity curtains that interconnect, are boats going to be able to get through, so I said the way this is set up is our engineer will get their engineer to come up with proper turbidity curtain, so that's one of the considerations. Charlie will discuss with the other engineers to try to provide for the least affect on the boating as possible. Now there are other times when these curtains might go up; for instance there's an algae bloom in one of the lakes or something in one lake, an oil spill or something in one lake or another, you might put them up at those times too, and you maintain them till the problem goes away.

Dr. Herring asked do we have storage facilities?

Mr. Ward stated we don't at the moment. Conceptually I think what we're going to have to do is probably work out some sort of an agreement with Lake Masters who handles our lake management, and get them to store it for us.

Mr. Refkin asked how big are we talking about here? What storage? I mean I don't have any idea of size.

Mr. Ward asked Charlie do you?

Mr. Krebs stated you've seen the booms out there on the lake right now, where they do the construction. Well, as far as thickness, there'll be something similar. You'll have a float on the top, and it will drape all the way down to the bottom. But those channels are 100 plus feet, so you're going to have to have some storage to fold one of those up in a manner that you can grab it and take it out to the site and place. It's not going to fit into a normal storage locker that you would rent an any of the surrounding areas. They're going to have to have a building and put it somewhere in that building.

Mr. Refkin asked do these things have a life to them? Do they wear out?

Mr. Krebs stated if they were exposed to the sun, they'll wear out more, but there was a life to them. They will have to be replaced every once in a while. But I don't know what storage life is.

Mr. Refkin stated well I'm not concerned about storage life. I mean if they have a finite life to them, which I guess they do. I mean is there any obligation on the parities to replace them at a certain point?

Mr. Smith stated the agreement is that this will continue ad infinitum. This is not just for if a hurricane hits. Any number of events hit that they would be pulled out and utilized.

Dr. Herring asked and the CDD is responsible, versus the developer being responsible, either developer being responsible for doing that. For these barriers.

Mr. Smith stated for the interconnect, just for the interconnect, not the ones up on the end of Alico's swale. The interconnect, yes, that is correct. That's the deal.

Dr. Herring stated just so I understand the locations of these things. Is this on that stretch? I know the big one would be underneath the bridge, correct?

Mr. Krebs stated correct.

Dr. Herring asked the other one is where that dirt bridge was removed by the developer, correct?

Mr. Krebs stated it could be anywhere in there, anywhere on that channel.

Dr. Herring asked if that dirt bridge was still there, we wouldn't need that, would we? Then it would have been a physical barrier?

Mr. Krebs stated it would have been a physical barrier to the weir, but I still think you'd want to have it to protect those channels. If there's something that happened to get in the channels as well, you'd want to minimize that.

Mr. Hendershot stated just south of the ski course.

Mr. Krebs stated I don't know where the ski course is.

Mr. Smith stated the requirement here is only for the two interconnects. What else you do is totally up to you, and that's your discretion.

Dr. Herring asked do we have any idea how much this is going to cost?

Mr. Ward stated no, we actually have not gotten to that. As Greg said, this settlement agreement has been negotiated in like the last 24 hours, so Charlie's job in the next few

weeks will be to cost this out before us. I'm suspecting, it will probably be hundreds of thousands of dollars, I would think.

Mr. Krebs stated no, they're not that expensive. I mean I'll get with Bill Kurth; I'm sure he's ordered them in the past. He should have a good contact.

Dr. Herring asked do they rent the ones that they're using over at the construction site?

Mr. Krebs stated no, when they're done, those things get thrown in the landfill. Because, generally, what happens at the end of the day, they're so beat up from construction activities, there's not a whole lot left to maintain.

Mr. Hendershot asked are you going to get into the new construction?

Mr. Smith asked the new construction? No. Maybe I don't understand the question.

Mr. Hendershot stated I mean how do we address turbidity from new construction on the lake. Those lots, the big lots.

Mr. Krebs asked are you talking within the CDD or over on Center Place?

Mr. Hendershot stated no, within the CDD.

Mr. Krebs stated I think that just goes under what would be the developers.

Mr. Hendershot stated I mean we have all these permits, supposedly, now where we're supposed to maintain that the slope is four to one on all of these, so how are we going to address this to make sure it's done as far as Miromar is concerned?

Mr. Ward stated well, you bring up a larger issue. Clearly, one of the things that we've thought about as part of this issue, and you see in one of these letters that was attached to this agreement, is these plethora of SFWMD permits that exist. I've asked Glen's office to put together an analysis of and do a search of all of the SFWMD permits for us, and determine what our requirements are. Then get with Charlie and we'll have to put in place an operating protocol to make sure we comply with all of that, including the particular provision that you just mentioned. I think there's a broader issue here. I think we have a lot more obligations than just that one to deal with.

Mr. Smith stated right, just briefly, your obligations, as operating entity under these various permits, they certainly exceed what you think your obligation is. You are required, after the operations are turned over to you, to be responsible for compliance with all special and general conditions on the permit, and we're working on a list. For instance, one of the

general conditions of the later permits is street sweeping, which you have absolutely no control over. That's the most egregious one, but things like that are of concern. That's issues that I believe over the next few months need to be worked out with Miromar Lakes, aside from Alico. That's different.

Now, as far as under this agreement, you've best agreed, acting as a board, and acting under your power, to take reasonable actions to maintain and restore the lakes, littoral plantings, etc. and stuff like that. That is not encumbered by anything other than you agree that you will give notice to Alico of your meetings where you're going to consider things like that.

Mr. Hendershot stated yes, I saw that. It's considered rather than action taken.

Mr. Smith stated you can listen to them, and consider their input in taking actions. Now the basis for all of this is that the more we talk, the three of us, and Charlie, the four of us talk, something has got to be set up, so that you guys: you, Miromar Lakes, and Alico. For instance, you own little slivers of lake five, the north lake. Alico owns 99.9 percent of it, but anything that happens in that lake affects the two of you, so you're going to have communicate. There's a part in here about doing an inter local agreement with Alico to be assigned to whatever entity you end up with. It needs to be a homeowners association (HOA) to agree on how to operate and do things here, to make sure lake five is done to your satisfaction.

Mr. Hendershot stated there already is an inter local lake use agreement that doesn't necessarily address some of the issues that we've got here, which would require it to be amended. The nice thing about that agreement, I thought, was that it made the lakes exclusive, a private lake.

Mr. Smith stated right.

Mr. Hendershot, and in the hearing, the counsel for Alico basically said that it really wasn't private anymore.

Mr. Smith stated I don't remember that. Was that maybe an issue to be addressed? We're supposed to do this inter local agreement over the next 60 days, so we're not going to let it sit. It needs to be tried to be dealt with.

Dr. Herring asked how can we do it in 60 days. Do they have an HOA? Do they have a CDD?

Mr. Smith stated no, the negotiations will be with Alico, and the agreement will be with Alico with the anticipation that they will sign their duties at some point to a HOA.

Mr. Urbancic stated it is a little bit strange in that respect.

Mr. Hendershot stated yes, you just recognize that it's transferable at a later date.

Mr. Urbancic stated right, that's the only way we can do it.

Dr. Herring asked so they own 99 percent of the lake.

Mr. Krebs stated the north lake.

Dr. Herring stated and we're responsible for 100 percent of the maintenance of that lake?

Mr. Smith stated no. You own only a little sliver. You have obligations. Certainly the property you own, and to the residents there, but you don't have any jurisdiction over that lake. It's not owned by you, and it's not within the District. That's why there needs to be an agreement, working with your neighbors to deal with that, that particular lake. You own 99 percent of the lake on the south lake, so there you own it, so you have the control of that lake. But, once again, if you're going to be good neighbors, if they have comments on what you're going to doing, you will listen to them and consider them, and I think they will be presented in a professional manner. I don't anticipate that it's going to be aggressive, as combative, but it remains to be seen.

Dr. Herring stated I mean the only things that we do with those lakes is improve the quality of those lakes. It's not like we construct barges or do anything that would be onerous. I mean I guess that's the point that I just don't understand is, with all the money that we've spent to maintain the "purity" of that lake, something that we don't even own.

Mr. Smith stated understood.

Mr. Hendershot stated it helps Miromar sell houses.

Dr. Herring stated I understand that, so how solid is the agreement that we have access to that 99 percent that we don't own.

Mr. Hendershot stated well the inter local agreement binds the other people that own the remaining part.

Mr. Smith stated right. Now they probably have concerns. For instance, if you wanted to put more carp in the lake, that would be a concern to them.

Mr. Hendershot stated yes, it would.

Mr. Smith stated as with everybody. My understanding is you wouldn't do that again, but that would be something they would want to comment upon or have some say on, as you might expect.

Dr. Herring stated well, I mean I have no problem with that whole concept of them being able to comment on it, they own it. It's just that I don't see that that's a gigantic big deal, because we don't do things on that lake that harm it at all. The only things we've ever done since I've been here is try and improve it.

Mr. Smith stated right, so you may put in this inter local agreement that you'll have bimonthly joint meetings, maybe it's quarterly. I don't know, something like that, so that there's communication going back and forth.

Dr. Herring stated they can come to our public meetings. There's nothing that keeps them from doing that, right?

Mr. Smith stated they could always do that, but we're going to make that it's a definitive, required thing that you get together and talk. If you get together and just drink coffee, that's fine. I would think you would be able to arrange it, so they come here, you use the same board meeting times and dates. Anyway, we're working on that. Another aspect of the agreement is that this lawsuit is dismissed with prejudice; each party would bear its own cost in attorney's fees. There's a release going back and forth of any issues involved in this case.

It also releases you from claims by Alico stemming from the May 18, 2015, where they sent the letter to the SFWMD, and sent it to the State Attorney General and threatened to sue you. They have released you from any claims stemming from that based upon whatever that letter said or inferred.

Dr. Herring asked any claims by them.

Mr. Smith stated right, the State Attorney is not involved in this agreement, nor is SFWMD, so if something comes from them, that's not released here, but it is by Alico. Now in that regard, I've had many conversations with the attorney for SFWMD where he basically said they've been out here and looked at these violations, and he says, yes, there's some technical violations, but for this letter, they would not have had any problem, because they said is probably one of the better ones that they deal with. Everybody has violations, but this is one of the better systems they've seen, and they wouldn't even waste their time

here. You're probably going to get a letter saying, here's some violations, and we'll work it out with SFWMD. I don't anticipate any major problems there at all.

Now some of the things that turned up in the inspection done by Alico and its consultants were things like residents installing their own drains out to the lake, and it's coming straight off their roofs or their grass and going out to the lake. They don't have the gutters around the roofs like they're supposed to. Apparently every house is going to have full gutter, and some are not, and things like that. Places where the water is running directly into the lake, instead of going forward to the normal system. So those issues are going to show up, I'm assuming mostly against Miromar, but there'll be some, they already told me there's some coming to us.

Mr. Hendershot asked but is it a technical violation for us if it runs into the lake?

Mr. Smith stated it may be. For these guys, you'd probably turn around to Miromar and say, "This is your baby, take care of it." I think we're going to get a letter. I don't anticipate it to be bad. It's going to be a pain in the butt, but I think we can deal with it, and I don't think that SFWMD is going to be hard assed about it, because they were just doing it because they're worried about Alico suing them. Alico has turned into the 800-pound gorilla.

Mr. Hendershot stated yes.

Mr. Smith stated those are the hot points of the agreement. I don't think I've left anything out. If you have any questions.

Mr. Ward stated the only thing I wanted to talk to you about just for a second is, since numbers are obviously a big issue for us, as a part of this, not a part of the agreement itself, we have spent as of, essentially, the end of June, roughly \$165,000 in legal fees and engineering costs on this litigation, and that doesn't include the July billing, plus what we need to do for the next few months. That's both paid and unpaid bills. I'm sorry, as of the end of July, \$165,000. I haven't received the billing yet for July for either Glen or Charlie or Greg, so we still have a long ways to go with respect to this issue, but we also need to deal with the turbidity barriers on a going forward basis.

We obviously have to deal with the balance of the legal fees we need to pay in order to get through this inter local agreement that we'll need to do, plus any ongoing fees that we'll have. For next year, we've budgeted \$350,000 for the Center Place litigation. I have a

distinct feeling, once I get the turbidity barrier numbers from Charlie, we'll probably need to keep that in our budget.

Mr. Hendershot stated yes, I was going to say we'll just keep that cat going for it.

Mr. Ward stated right, because we had talked about some idea of maybe lowering it at some point. I don't really see that happening going into next year with what we need to do with all of the open items we still have, even once we complete this settlement agreement at this point. Those are my only additional financial comments.

Dr. Herring stated I'll save my financial comments for the next meeting on Thursday.

Mr. Hendershot stated the mutual releases are for any liability arising out of this litigation only? I mean if we had another claim against them for, I don't know what we would sue them for, say there was a noise that violated the county noise, I don't know that we would sue them or the county would, but it doesn't include a claim like that?

Mr. Smith stated that's correct. This release releases any claim that was made or could have been made; that's an administrative proceeding where the jurisdiction is very limited, as you know. So if there's other violations of other ordinances or nuisances, it's not covered. It also releases any claim that's made or could be made concerning that letter, the May 18th letter, and the alleged violation between Alico and us.

Dr. Herring stated it doesn't keep us from writing a similar letter in the future about them on other issues.

Mr. Smith stated that is correct.

Mr. Hendershot asked so what do we need to do with the agreement?

Mr. Ward stated if there are no other questions, just a motion to approve the proposed settlement agreement, as described the attorney, would be in order.

On MOTION by Mr. Refkin and seconded by Mr. Hendershot, with all in favor of approving the Settlement Agreement related to the matter of Miromar Lakes Community Development District, Petitioner, vs Alico West Fund, LLC, and South Florida Water Management District, Respondents; Case No. 15-1501, State of Florida, Division of Administrative Hearings.

Mr. Ward stated that's all we had for you today. This will also be on your agenda for Thursday for ratification.

Mr. Hendershot asked do you need me to sign?

Mr. Ward stated I do.

FOURTH ORDER OF BUSINESS

Adjournment

Mr. Ward stated a motion to adjourn would be in order.

On MOTION by Mr. Refkin, seconded by Dr. Herring, with all in favor of adjourning the meeting at 8:30 a.m.

RESOLUTION 2015-10

THE ANNUAL APPROPRIATION RESOLUTION OF THE MIROMAR LAKES COMMUNITY DEVELOPMENT DISTRICT (THE “DISTRICT”) RELATING TO THE ANNUAL APPROPRIATIONS AND ADOPTING THE BUDGET FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2015, AND ENDING SEPTEMBER 30, 2016; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR CONFLICT AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the District Manager has, prior to the fifteenth (15th) day in June, 2015, submitted to the Board of Supervisors (the “Board”) a proposed budget for the next ensuing budget year along with an explanatory and complete financial plan for each fund of the Miromar Lakes Community Development District, pursuant to the provisions of Section 190.008(2)(a), Florida Statutes; and

WHEREAS, at least sixty (60) days prior to the adoption of the proposed annual budget (the “Proposed Budget”), the District filed a copy of the Proposed Budget with the local governing authorities having jurisdiction over the area included in the District pursuant to the provisions of Section 190.008(2)(b), Florida Statutes; and

WHEREAS, the Board set September 15, 2015, as the date for a public hearing thereon and caused notice of such public hearing to be given by publication pursuant to Section 190.008(2)(a), Florida Statutes; and

WHEREAS, Section 190.008(2)(a), Florida Statutes, requires that, prior to October 1, of each year, the District Board by passage of the Annual Appropriation Resolution shall adopt a budget for the ensuing fiscal year and appropriate such sums of money as the Board deems necessary to defray all expenditures of the District during the ensuing fiscal year; and

WHEREAS, the District Manager has prepared a Proposed Budget, whereby the budget shall project the cash receipts and disbursements anticipated during a given time period, including reserves for contingencies for emergency or other unanticipated expenditures during the fiscal year.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE MIROMAR LAKES COMMUNITY DEVELOPMENT DISTRICT:

SECTION 1. BUDGET

- a. That the Board of Supervisors has reviewed the District Manager’s Proposed Budget, a copy of which is on file with the office of the District Manager and at the District’s Records Office, and hereby approves certain amendments thereto, as shown in Section 2 below.

- b. That the District Manager’s Proposed Budget, attached hereto as Exhibit “A,” as amended by the Board, is hereby adopted in accordance with the provisions of Section 190.008(2)(a), Florida Statutes, and incorporated herein by reference; provided, however, that the comparative figures contained in the adopted budget

RESOLUTION 2015-10

THE ANNUAL APPROPRIATION RESOLUTION OF THE MIROMAR LAKES COMMUNITY DEVELOPMENT DISTRICT (THE "DISTRICT") RELATING TO THE ANNUAL APPROPRIATIONS AND ADOPTING THE BUDGET FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2015, AND ENDING SEPTEMBER 30, 2016; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR CONFLICT AND PROVIDING AN EFFECTIVE DATE.

may be subsequently revised as deemed necessary by the District Manager to reflect actual revenues and expenditures for Fiscal Year 2015 and/or revised projections for Fiscal Year 2015.

- c. That the adopted budget, as amended, shall be maintained in the office of the District Manager and at the District's Records Office and identified as "The Budget for the Miromar Lakes Community Development District for the Fiscal Year Ending September 30, 2016," as adopted by the Board of Supervisors on September 15, 2015.

SECTION 2. APPROPRIATIONS

There is hereby appropriated out of the revenues of the Miromar Lakes Community Development District, for the fiscal year beginning October 1, 2015, and ending September 30, 2016, the sum of \$4,079,592 to be raised by the levy of assessments and otherwise, which sum is deemed by the Board of Supervisors to be necessary to defray all expenditures of the District during said budget year, to be divided and appropriated in the following fashion:

TOTAL GENERAL FUND	\$ 1,341,545.00
DEBT SERVICE FUND(S)	\$ 2,738,347.00
CAPITAL PROJECTS FUND(S)	\$ 0.00
TOTAL ALL FUNDS	\$ 4,079,592.00

SECTION 3. SUPPLEMENTAL APPROPRIATIONS

The Board may authorize by resolution, supplemental appropriations or revenue changes for any lawful purpose from funds on hand or estimated to be received within the fiscal year as follows:

- a. Board may authorize a transfer of the unexpended balance or portion thereof of any appropriation item.
- b. Board may authorize an appropriation from the unappropriated balance of any fund.
- c. Board may increase any revenue or income budget amount to reflect receipt of any additional unbudgeted monies and make the corresponding change to appropriations or the unappropriated balance.

RESOLUTION 2015-10

THE ANNUAL APPROPRIATION RESOLUTION OF THE MIROMAR LAKES COMMUNITY DEVELOPMENT DISTRICT (THE “DISTRICT”) RELATING TO THE ANNUAL APPROPRIATIONS AND ADOPTING THE BUDGET FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2015, AND ENDING SEPTEMBER 30, 2016; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR CONFLICT AND PROVIDING AN EFFECTIVE DATE.

The District Manager shall have the power within a given fund to authorize the transfer of any unexpected balance of any appropriation item or any portion thereof, provided such transfers do not exceed Ten Thousand (\$10,000) Dollars previously approved transfers included. Such transfer shall not have the effect of causing a more than \$10,000, previously approved transfers included, to the original budget appropriation for the receiving program. Transfers within a program or project may be approved by the Board of Supervisors.

SECTION 4. SEVERABILITY. The invalidity or unenforceability of any one or more provisions of this Resolution shall not affect the validity or enforceability of the remaining portions of this Resolution, or any part thereof.

SECTION 5. CONFLICT. That all Sections or parts of Sections of any Resolutions, Agreements or actions of the Board of Supervisor's in conflict are hereby repealed to the extent of such conflict.

SECTION 6. EFFECTIVE DATE. This Resolution shall take effect upon the passage and adoption of this Resolution by the Board of Supervisors of the Miromar Lakes Community Development District.

PASSED AND ADOPTED this 15th day of September, 2015.

RESOLUTION 2015-11

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE MIROMAR LAKES COMMUNITY DEVELOPMENT DISTRICT IMPOSING SPECIAL ASSESSMENTS, CERTIFYING AN ASSESSMENT ROLL AND APPROVING THE GENERAL FUND SPECIAL ASSESSMENT METHODOLOGY; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR CONFLICT AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Miromar Lakes Community Development District (the "District") is a local unit of special-purpose government established pursuant to Chapter 190, Florida Statutes for the purpose of providing, operating and maintaining infrastructure improvements, facilities and services to the lands within the District; and

WHEREAS, the District is located in Lee County, Florida (the "County"); and

WHEREAS, the District has constructed or acquired various infrastructure improvements and provides certain services in accordance with the District's adopted Improvement Plan and Chapter 190, Florida Statutes; and

WHEREAS, the Board of Supervisors (the "Board") of the District hereby determines to undertake various operations and maintenance activities described in the District's budget for Fiscal Year 2016 ("Operations and Maintenance Budget"), attached hereto as Exhibit "A" and incorporated by reference herein; and

WHEREAS, the District must obtain sufficient funds to provide for the operation and maintenance of the services and facilities provided by the District as described in the District's budget for Fiscal Year 2014; and

WHEREAS, the provision of such services, facilities, and operations is a benefit to lands within the district; and

WHEREAS, Chapter 190, Florida Statutes, provides that the District may impose special assessments on benefitted lands within the District; and

WHEREAS, the District has previously levied an assessment for debt service, which the District desires to collect on the tax roll for certain property pursuant to the Uniform Method and which is also indicated on Exhibit "A" and "B" the Budget and Methodology respectively; and

WHEREAS, the District desires to levy and directly collect the general fund and debt service funds assessments for unplatted property, the Golf Club and Beach Club; and

WHEREAS, Chapter 197, Florida Statutes, provides a mechanism pursuant to which such special assessments may be placed on the tax roll and collected by the local tax collector ("Uniform Method"); and

WHEREAS, the District has previously evidenced its intention to utilize this Uniform Method; and

RESOLUTION 2015-11

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE MIROMAR LAKES COMMUNITY DEVELOPMENT DISTRICT IMPOSING SPECIAL ASSESSMENTS, CERTIFYING AN ASSESSMENT ROLL AND APPROVING THE GENERAL FUND SPECIAL ASSESSMENT METHODOLOGY; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR CONFLICT AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the District has approved an Agreement with the Property Appraiser and Tax Collector of the County to provide for the collection of the special assessments under the Uniform Method; and

WHEREAS, it is in the best interests of the District to proceed with the imposition of the special assessments for operations and maintenance on all property in the amount contained in the budget; and

WHEREAS, it is in the best interests of the District to adopt the General Fund Special Assessment Methodology of the Miromar Lakes Community Development District (the "Methodology") attached to this Resolution as Exhibit "B" and incorporated as a material part of this Resolution by this reference: and

WHEREAS, it is in the best interests of the District to adopt the Assessment Roll of the Miromar Lakes Community Development District (the "Assessment Roll") attached to this Resolution as Table 1 contained in Exhibit "B" and incorporated as a material part of this Resolution by this reference, and to certify the portion of the Assessment Roll on all property to the County Tax Collector pursuant to the Uniform Method; and

WHEREAS, it is in the best interests of the District to permit the District Manager to amend the Assessment Roll adopted herein, including that portion certified to the County Tax Collector by this Resolution, as the Property Appraiser updates the property roll for the County, for such time as authorized by Florida law.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE MIROMAR LAKES COMMUNITY DEVELOPMENT DISTRICT:

SECTION 1. BENEFIT. The provision of the services, facilities, and operations as described in Exhibit "A" and "B" the Budget and Methodology respectively confer a special and peculiar benefit to the lands within the District, which benefits exceed or equal the costs of the assessments. The allocation of the costs to the specially benefitted lands is shown in Exhibit "B".

SECTION 2. ASSESSMENT IMPOSITION. A special assessment for operation and maintenance as provided for in Chapter 190, Florida Statutes, is hereby imposed and levied on benefitted lands within the District in accordance with Exhibit "B" the Methodology. The lien of the special assessments for operations and maintenance imposed and levied by this Resolution shall be effective upon passage of this Resolution.

SECTION 3. COLLECTION AND ENFORCEMENT; PENALTIES; INTEREST. The collection of the previously levied debt service assessments except for unplatting property, the Golf Club and Beach Club shall be at the same time and in the same manner as County taxes in accordance with the Uniform Method, as set forth in Exhibit "B" the Methodology. The collection of the operation and maintenance special assessments except for unplatting property, the Golf Club and Beach Club shall be at the same

SPECIAL ASSESSMENT METHODOLOGY

1.0 PURPOSE

This report is intended to introduce to the Miromar Lakes Community Development District an operations methodology to fund the annual operations and maintenance requirements for the District. The methodology will outline the properties within the District that are subject to the Assessment and the benefit conferred on each property by the services and projects provided by the District's operational and maintenance activities. This report covers the District Fiscal Year 2016, which begins on October 1, 2015 and ends on September 30, 2016.

The Methodology will have two (2) primary objectives: (1) to determine the special and peculiar benefits that flow to the assessable properties in the District; and (2) apportioning the proportionate benefits on a basis that is fair and reasonable. The Methodology herein is intended to set forth a framework to apportion the costs associated with the operations and maintenance expenditures benefiting properties on a fair and equitable apportionment. The report is designed to conform to the requirements of Chapter's 189, 190 and 197, Florida Statutes and is consistent with the District's understanding of the case law on this subject.

2.0 BACKGROUND

The District was established by Lee County effective on September 19, 2000. The District is located within unincorporated Lee County and encompasses approximately 972 acres of land. The development is situated east of Interstate 75, south of Alico Road, north of Florida Gulf Coast University and is bisected by Ben Hill Griffin Parkway. The community is a gated resort-style community including single family homes, villas, multi family coach homes and commercial property.

3.0 REQUIREMENTS FOR A VALID ASSESSMENT METHODOLOGY

Valid assessments under Florida Law have two (2) requirements. First, the properties assessed must receive a special and peculiar benefit as a logical connection from the systems and services constituting improvements. The courts recognize the special benefits that flow as a logical connection peculiar to the property which in turn may result in decreased insurance premiums, increased value and marketability. Second, the assessments must be fairly and reasonably apportioned in relation to the benefit received by the various properties being assessed.

If these two tests for lienability are determined in a manner that is informed and non-arbitrary by the Board of Supervisors of the District, as a legislative determination, then the special assessments may be levied, imposed and collected as a first lien on the property. Florida courts have found that it is not necessary to calculate benefit with mathematical precision at the time of imposition and levy so long as the levying and imposition process is not arbitrary, capricious or unfair.

4.0 ASSESSMENT ALLOCATION STRUCTURE

Special and peculiar benefits flow as a logical connection to the property from the operation and maintenance related services provided as a logical consequence to the property within the boundary of the District. These special benefits are peculiar to the acreage and later down to the actual platted units or parcels. The special benefits that justify imposing the assessment on the acreage include enhanced enjoyment and increased use, which may result in such positive consequences as increased value and marketability and decreased insurance premiums when levied on the various platted units or parcels of property.

5.0 ASSIGNMENT OF ASSESSMENTS

The apportionment of benefit in such a methodology report is based on accepted practices for the fair and equitable apportionment of special benefits in accordance with applicable laws and the procedure for the imposition, levy and collection of non ad valorem special assessments as set forth in the District Act and in conformity with State Laws applicable to such assessments.

The standard assessment analysis utilizes an allocation based upon the benefit that a property receives from each separate component of the District's O&M activities. The Fiscal Year 2016 General Fund Budget is financial, administrative and operational in nature so the assessments should be based equally and ratably on an equivalent number of residential units assigned to the property. Each Equivalent Residential Unit (ERU) is one (1) residential unit of benefitted land. Commercial property is assigned one (1) ERU per 1,000 square feet of developable property. Other Uses, including the golf club and governmental property are assigned .5 ERU's per acre of property.

6.0 ASSESSMENT ROLL

As described above, the allocation associated with the District's General Fund Activities are distributed across all assessable units within the boundaries of the District. Table 1 provides the assessment roll based on updated parcel account information provided by the Lee County Property Appraiser's office assigning the appropriate parcel identification numbers

for all of the lands within the boundaries of the District. All of the properties within the District and the appropriate parcel identification numbers assigned by the Property Appraiser are known, the following table will only be updated to reflect any changes in ownership within the boundaries of the Development.

RESOLUTION 2015-12

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE MIROMAR LAKES COMMUNITY DEVELOPMENT DISTRICT ESTABLISHING AN OPERATION AND MAINTENANCE ASSESSMENT CAP FOR NOTICE PURPOSES ONLY; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR CONFLICT AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Miromar Lakes Community Development District (the "District") is a local unit of special-purpose government established pursuant to Chapter 190, Florida Statutes, for the single specialized purpose of managing the provision of infrastructure improvements, systems, facilities and services to the lands within the District including their earlier construction and acquisition and now their related operation and maintenance at sustained quality over the long term; and

WHEREAS, the District has constructed or acquired various infrastructure improvements, systems, facilities and services and provides certain services in accordance with the District's adopted Improvement Plan and Chapter 190, Florida Statutes; and

WHEREAS, the District must obtain sufficient funds to provide for the annual operation and maintenance of the services, systems and facilities provided by the District, as well as its annual administrative expenses, on an ongoing basis; and

WHEREAS, the generation of such funds and provision of such systems, facilities and services, through the imposition and levy of maintenance and operations special assessments can only be upon a showing of special benefits flowing from them peculiar to the lands within the District over and above any general benefit; and

WHEREAS, Chapter 190, Florida Statutes, provides that the District may impose and levy special assessments only on such specially benefitted lands within the District; and

WHEREAS, notices of the District's Fiscal Year 2016 annual budget hearing and related assessment hearing were provided in accordance with law ("Notices"); and

WHEREAS, said Notices provided that the assessment the District contemplated levying for annual operations and maintenance is as shown on Exhibit A attached hereto and made a part hereof; and

WHEREAS, on September 15, 2015, the Board of Supervisors conducted the public hearings referenced in the Notices; and

WHEREAS, on September 15, 2015, the Board of Supervisors determined that the Fiscal Year 2015 operations and maintenance assessment would be levied in the amounts shown on Exhibit A and directed the District Manager to certify that assessment, as well as the existing debt assessment, to the tax collector for collection; and

WHEREAS, on September 15, 2015 the District's Board of Supervisors also determined that it would be financially advantageous and fair and reasonable for the District, and consequently the landowners paying the assessments, if the District adopted an operation and maintenance assessment cap as shown on Exhibit A for notice purposes only; and

WHEREAS, this adoption of an operations and maintenance assessment cap for notice purposes only will eliminate the expenses associated with publishing notice and mailing individual notices of future years' annual operation and maintenance assessments which are levied in an amount equal to or less than that shown on Exhibit A; and

RESOLUTION 2015-12

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE MIROMAR LAKES COMMUNITY DEVELOPMENT DISTRICT ESTABLISHING AN OPERATION AND MAINTENANCE ASSESSMENT CAP FOR NOTICE PURPOSES ONLY; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR CONFLICT AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, if the future, anticipated, annual operations and maintenance assessments are projected to exceed that shown on Exhibit A, the District Manager shall provide all notices required by law in the absence of this resolution; and

WHEREAS, it is in the best interests of the District and its landowners to approve an operations and maintenance assessment cap shown on Exhibit A for notices purposes only.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE MIROMAR LAKES COMMUNITY DEVELOPMENT DISTRICT:

SECTION 1. OPERATIONS AND MAINTENANCE ASSESSMENT CAP FOR NOTICE PURPOSES ONLY.

- a. The District hereby adopts an operations and maintenance assessment cap in the amounts shown on Exhibit A for notice purposes only.
- b. If the future, anticipated, annual operations and maintenance assessments are projected to exceed the amounts shown on Exhibit A, the District Manager shall publish and mail all notices required by law and the Board shall make its determination about special benefits.
- c. Nothing contained in this Resolution shall prevent or prohibit the District from adopting an annual operation and maintenance assessment that exceed the amounts shown on Exhibit A, nor shall it be construed as a waiver of the District's right to do so.
- d. Nothing contained in this Resolution shall relieve the District Manager of the responsibility of publishing the notice of the annual budget hearing, as required by section 190.008, Florida Statutes.

SECTION 2. SEVERABILITY. The invalidity or unenforceability of any one or more provisions of this Resolution shall not affect the validity or enforceability of the remaining portions of this Resolution, or any part thereof.

SECTION 3. Conflict. That all Sections or parts of Sections of any Resolutions, Agreements or actions of the Board of Supervisor's in conflict are hereby repealed to the extend of such conflict.

SECTION 3. EFFECTIVE DATE. This Resolution shall take effect upon the passage and adoption of this Resolution by the Board of Supervisors of the Miromar Lakes Community Development District.

PASSED AND ADOPTED this 15th day of September, 2015.

Subject: Miromar Lakes Tract M-M

HM Project No. 2015.014

Miromar Development Corporation has made a request of the CDD to transfer approximately 5,600 s.f. of existing lake shore line located on the east side of Lake 1A (see sketch legal description) back to the developer in exchange for a completed lake located in the Phase III Peninsula development. This request is part of their development activities for the existing lots located adjacent to Miromar Lakes Blvd. West (See Sketch of Tract M-M).

Lake A1 was purchased by the CDD from Miromar Development Corporation in April of 2005, along with 4 other lakes. The developer's plan for these lots requires a depth of 140 ft. The 5,600 s.f. of shoreline will allow the proposed lots to meet this request (see attached site plan).

In addition to the transfer of property the developer is requesting a vacation of a portion of the existing lake maintenance easement that encumbers the property (see sketch of legal description for LME). The existing 20 ft lake maintenance easement will be replaced with a new 20 ft easement that takes into consideration the new lake shoreline. This new easement will be recorded as part of the proposed plat of the community (see preliminary plat).

The transfer of the requested lake shore line back to the developer will not have a negative effect on the performance of this lake to meet any and all water quality requirements. This lake was expanded with the construction of the existing club house. This expansion provided additional water quality volume that exceeds any volume lost by the transfer of the shoreline.

There are no other CDD owned facilities impacted by this transfer request.

MEMORANDUM

To: Jim Ward
From: Charlie Krebs
Date: August 21, 2015
Subject: Location of Lake Tract O-1

HM Project No. 2003022

We are providing this memo and the attached exhibits as additional information on the Tract M-M project and the Developer's request to transfer approximately 5,600 s.f. of shoreline adjacent to Tract M-M for a completed lake (Tract O-1) within the Peninsula Phase III development. A color aerial is attached showing the location of Tract O-1 in relation to the rest of the Peninsula development. Tract O-1 has been hatched in red to help identify its location.

The Peninsula Phase III development was approved under Development Order DOS2012-00040. The property was subdivided into the proposed tracts and lots in Miromar Lakes Unit XIII – Peninsula, Phase Three Plat, recorded in Instrument #2013000142438. Tract O-1 is a tract dedicated for lake/water management and stormwater management. The tract is approximately 39,540 s.f. or 0.908 acres in area.

The tract is surrounded on all sides by roads, Lake Como Way to the south and Via Salerno Way to the north, east and west. A copy of the sheet 3 of 4 of the recorded plat is included to show the surrounding area and their proposed uses.

The lake adjacent to Tract M-M (Lake 1A) was purchased by the Miromar Lakes CDD on April 11, 2005. Lake 1A was one of the 5 lakes that were purchased by the CDD for \$2,797,000.00. The total of all of the lake area in the purchase agreement is approximately 50.292 acres or 2,190,719.52 square feet. That derives the price of the land purchased by the CDD at \$1.28 per s.f.

The estimated purchase price for the requested Tract M-M shoreline would be \$7,151.84 based on the original purchase agreement.

As stated above the lake Tract O-1 is 39,540 square feet, using the purchase price for Lake 1A, Tract O-1 would have an estimated value of \$50,611.20.

If you have any questions please feel free to contact me.

RE: Lake Maintenance Easement

Dear Mr. Ward:

This letter confirms that Miromar Lakes, LLC will grant Miromar Lakes CDD ("MLCDD") a twenty foot wide lake maintenance easement ("LME") running along the reconfigured shoreline of lake 1A. The LME will replace a portion of the existing lake maintenance easement the CDD agreed to release in conjunction with the exchange of property between Miromar Lakes and the MLCDD.

The LME will allow MLCDD access for maintenance of the lake and shoreline along the lots located in the Villa d'Este neighborhood. The LME will be set forth on the plat as submitted to Lee County for approval. A copy of the plat showing the LME as submitted to Lee County is attached to this letter ("Plat").

MLCDD agrees to accept the LME as show on the Plat.

Very Truly Yours,

MIROMAR DEVELOPMENT CORPORATION

Landscape Maintenance

Estate Landscaping has installed Bahia sod behind the sidewalk of FGCU northern entrance on the north side of the roadway at the toe of the CDD berm. The sod was installed to border and preserve the mulch installed on the berm from running onto the sidewalk during rain events, and causing an unsightly and pedestrian nuisance. There were also disturbed areas around the installed light poles that needed to be regraded, and added sod was installed.

Estate Landscaping is also in the process of investigating areas on the berm along the west side of Ben Hill Griffin Parkway from the northern FGCU entrance extending south. There are locations within the berm that need additional sod and some exposed areas that need attention. The contractor will concentrate on these locations within the coming month to bring them up to acceptable standards.

Lee County continues to work within the Ben Hill Griffin Pkwy right-of-way installing D.I.P. water main heading south on the west side of the roadway. The County has been requested by the CDD to remove any stockpiled material outside of the granted easement and lessen the impact to the existing trees during the construction process. The area of the installation within the right-of-way is maintained by the CDD. Photos of construction work areas below.

Miromar Lakes Mitigation Area M3

W. Dexter Bender and Associates inspected and issued a report on the supplemental plantings within Mitigation Area M3. The report states the all plantings had been accomplished within this area on July 24, 2015. The report reflected that the area was free of exotic and nuisance vegetation as a result of spot maintenance activity that is on-going. There will be an additional five annual monitoring reports that will be submitted in July of each year. Attached is the supplemental plantings report including location map and pictures.

INTRODUCTION

In response to the US Army Corps of Engineers (COE) letter dated March 31, 2015, a supplemental planting plan was prepared and approved by the COE for Mitigation Area M3 within Miromar Lakes. The goal of the supplemental planting plan is to meet or exceed permit success criteria of 25 percent or greater forest canopy coverage in those areas within Mitigation Area M3 which the COE determined had not achieved the above referenced success criteria. These areas are depicted on the Mitigation Area M3 Monitoring Map (Figure 1).

The supplemental planting plan includes the installation of a total of 368 slash pine (*Pinus elliottii*) and 368 bald cypress (*Taxodium distichum*). The installed slash pine and bald cypress will be at least three feet in height and will be installed on 20 foot centers within approximately 6.76 acres of Mitigation Area M3. Following installation of the supplemental plantings, a time zero monitoring report and five annual monitoring reports will be submitted to the COE in July of each year.

The monitoring reports will include data collected from five 200 feet long by 20 feet wide sampling transects located in the planting areas. Data will include the species and total number of forest canopy trees in each transect as well as their condition. In addition, a total of seven permanent photo station locations will be established throughout the supplemental planting areas (Figure 1). An assessment of overall coverage of forest canopy trees within the Mitigation Area M3 Supplemental Planting Areas will also be included in each report.

The report will also make note of any other compliance issue that needs to be addressed to ensure permit compliance.

MONITORING

Site Conditions

All required supplemental plantings were installed within the Mitigation Area M3 Planting Areas as of July 24, 2015. At the time of tree installation there was no standing water but due to recent rainfall, the soil was damp and in satisfactory condition for tree installation. Subsequent summer rains will help establish the recently installed trees. Trees were installed 20 feet on center, with support stakes, and within the COE required supplemental planting areas. Planted trees appeared healthy and in good condition with trees ranging from three feet to five feet in height. Previously planted and naturally occurring trees, shrubs, and ground cover vegetation also remain in good condition. Wax myrtle (*Myrica cerifera*) is the single most predominant mid story and shrub species within Mitigation Area M3.

The entire Mitigation Area M3 including the supplemental planting areas were free of exotic and nuisance vegetation as a result of ongoing spot maintenance to prevent exotic and nuisance vegetation infestation. Recent spot treatment of scattered melaleuca (*Melaleuca quinquenervia*) and earleaf acacia (*Acacia auriculiformis*) along the northeast perimeter of Mitigation Area M3 was also observed.

Sampling Transects

Sampling data was collected from five sample transects, each 200 feet long by 20 feet wide. The locations of the sampling transects are depicted on the attached Mitigation Area M3 Monitoring Map. The number of trees documented during data collection includes both previously planted and recently installed bald cypress and slash pine. The results of the sampling are shown below:

Transect No. and Species	Number of Trees	Condition
Transect 1		
Bald Cypress	11	Good
Slash Pine	7	Good
Transect 2		
Bald Cypress	6	Good
Slash Pine	15	Good
Transect 3		
Bald Cypress	16	Good
Slash Pine	14	Good
Transect 4		
Bald Cypress	10	Good
Slash Pine	8	Good
Transect 5		
Bald Cypress	9	Good
Slash Pine	9	Good

Photographs

Photographs were taken at the seven photo stations established within the supplemental planting areas. These photographs are included in Appendix A.

RESULTS AND DISCUSSION

The supplemental bald cypress and slash pine tree plantings have been installed within Mitigation Area M3 as required by the COE. The onset of the rainy season should help establish the newly installed trees. Ongoing spot maintenance of exotic and nuisance

vegetation has kept Mitigation Area M3 free of exotic and nuisance vegetation as required by permit conditions.

The First Annual Monitoring Report will be submitted in July of 2016.
